*Will retire on account of election as mayor.

The fellow who has been indicting his in-patriot productions upon the community through the columns of the Evening Journal, under the non-de plume of L. Lafsha, should now get his brains taken out and washed. It has been suggested by a Journal reader that a dose of vermouth may have a salutary effect upon him.

GEORGE A. PILLSBURY, in his acceptance speech, said he believed the Republican party could dictate how the city should be governed. Evidently the little Journal considers itself the Republican party, because it has already dictated who shall be the chief of police.

DR. AMES does not take defeat much at heart. He was about his business, smiling and cheerful as usual yesterday. He said: "The people want a high license, and they should have it."

The total vote polled on Tuesday was 18,877, and the total registration was 22,423.

The Prohibition vote was light. Only 850 votes were cast for it.

MINNEAPOLIS GLOBELETS.

The real estate transfers filed yesterday aggregated \$83,247.

The Nicollet National bank commenced business yesterday.

The work of substituting new steel rails for the old iron rails, commenced on the motor line yesterday.

A plot of Vine hill, containing thirteen lots and located on Lake Minnetonka, was filed yesterday by Minor Ball.

An eight inch water main was ordered laid in Fifteenth avenue, south, from Eighth street to Franklin avenue.

At 3 p. m., to-day the regular meeting of the Northwestern Hospital association will be held at the residence of Mrs. J. M. Robinson.

The Flour City minstrel will give a performance this evening at the St. Paul Grand opera, and return by the 11:15 Manitoba train.

W. A. King, while engaged in painting a building on Western avenue, fell with the scaffolding three stories into the basement, and was severely injured. He is now at the College Hospital.

W. S. Gray, arrested on a charge of stealing a watch from Harold Neilson, on the 10th of March, was arraigned in the municipal court yesterday, and the case was continued until Friday morning at 9 o'clock.

The following parties received marriage licenses yesterday: Anthon P. Anderson and Nettie Olson, John J. Areson and Petrone K. Horgen, Peter L. Sparks and Edward E. Rowe, J. D. Smetzer and Edna A. Smith.

Louis F. Menage, Kate Case and the Mississippi River Improvement and Manufacturing company have filed appeals from the award of the park commission in the matter of the lands proposed to be appropriated about Lakes Calhoun and Harriet for a public parkway.

The second trial of Stephen Burns, on the charge of robbing John H. Thompson's store, occurred yesterday. At 1 o'clock Judge Koon gave the case to the jury, and they had not returned a verdict at 5 p. m. The first jury disagreed, and the second will probably do the same.

In the municipal court yesterday, J. M. Kenney was arraigned for damaging property belonging to the Minneapolis & St. Louis Railway company. He is an employee of the company and All Fool's day he boarded an engine standing in their yard and by pulling the throttle caused it to move and strike against another damaging both pretty badly. To-morrow he will be asked why he indulged in such sport!

Two divorce suits were filed yesterday in the district court. Susan E. Johnson prays for a separation from Thomas A. Johnson, on the ground of habitual drunkenness, and Lena Johnson from Thomas B. Johnson, on the charge of desertion. Lena alleges that she and Thomas were joined in conjugal bonds on April 25, 1880, and that the naughty man abandoned her on the 15th of May following, before the honeymoon was over.

A suit for \$20,000 was yesterday filed by Charles Feblung against Winston Brothers and Clarke, contractors on the Northern Pacific road last year. The plaintiff was in their employ as bridge carpenter and while raising a pile driver it fell upon him breaking his legs and injuring him in the head and back. The suit was filed in May, 1883, near Dawson's Ferry, Montana. He claims to have received permanent injuries in consequence of carelessness on the part of the defendants, and therefore demands the above damages.

Chamber of Commerce.

The regular meeting of the chamber of commerce was held yesterday, with President Pillsbury in the chair. On calling the meeting to order Mr. Pillsbury thanked the chamber for what he understood to be a fact, that the members had all voted for him the day before for mayor of the city.

It was voted that the transit committee consist of five members only, and Mr. Pillsbury was selected to be one of them. W. O. Dodge and L. R. Patch were elected members of the chamber. The transit committee were not prepared to make a final report, but would be at next week's meeting. Charles Corman moved that a committee of five be appointed to perfect arrangements for the formal opening of the new chamber. The motion was amended and carried by adding the president to the committee.

On motion of A. D. Mulford it was resolved that the directors be allowed to expend \$1,100 in frescoing the exchange room after the general plans were submitted.

It was moved that the directors enter into contract with the Cutler Letter Box company for a connecting letter box at a cost not exceeding \$10. Carried.

The meeting then adjourned.

"I'll all the time Gen. Sherman was in Washington he never kissed Mary Walker." Mary must have been very active if she got away from so old an old gentleman as Gen. Sherman.

A HIGH LICENSE VICTORY.

That is the Undoubted Choice of the Citizens of Minneapolis.

A Resume of the Situation—The vote of the City by Precincts.

The election of Tuesday demonstrates the fact that the public of Minneapolis are in favor of a high license policy. The Democrats who stood staunch and true to their principles should waste no time in moralizing nor in attempting to explain the complication of causes which lead to the overthrow of the party. Simply put it down as a high license victory.

EVEN SALOON KEEPERS went on record as high license advocates. The war cry of the Republicans against gamblers had no weight, or rather can have no weight with thinking men, because the Pillsbury cause was championed by gamblers. Other than possibly increasing the liquor licenses to from \$500 to \$1,000, the GLOBE predicts that the policy of the mayor-elect will not vary in any essential particulars from that of Mayor Ames, and in this respect the GLOBE proposes to keep its readers thoroughly posted.

The campaign has been prolific of abominable lies, and the scurrilous Republican papers have not the good sense nor have they enough decency to impel them to refrain from their abuse of Mayor Ames and his policy. They set upon that unfortunates theory that a man should be kicked after having been downed, and so keep up their vilification. They are only entitled to the verdict contempt of respectable people.

There were a number of typographical errors in the Globe report yesterday morning, consequently the following tabulation of the election returns are published this morning:

Table with 3 columns: Precinct, Democrats, Republicans. Totals: Democrats 7,822, Republicans 10,811.

The city council had an official canvass last evening of Tuesday's vote, which is appended:

Mayor—Pillsbury, 12,244; Ames, 5,876; Holt 562; Pillsbury's plurality, 6,368.

Comptroller—Goodnow, 8,322; Armstrong, 7,575; Chase, 1,021; Goodnow's plurality, 7,346.

School Board—Hale, 7,822; Nelson, 10,876; Russell, 7,945; Williams, 3,655; Ripley, 3,692. The persons having the largest number of votes were Nelson, Russell and Hale.

Aldermen—First Ward—Fleetham, 1,282; Lee, 1,205; Fleetham's plurality, 34. Second Ward—Barrows, 1,136; Taito, 325; Barrows' majority, 811. Third Ward—Pratt, 1,398; McArdie, 1,267; Thral, 40; Pratt's plurality, 131. Fourth Ward—Sly, 1,957; Clement, 1,249; Pillsbury's plurality, 708. Fifth Ward—Clark, 1,956; Kelly, 1,392; Higgins, 148; Clark's plurality, 564. Sixth Ward—Haugan, 1,400; Johnson, 1,084; Fredericksen, 621; Underwood, 270; Haugan's plurality, 322.

The committee found the returns from the Second precinct of the Seventh ward on part commissioners were defective in that the names of the candidates were given without the first name or initials. Without that precedent the totals are as follows: One year: Nimocks, 10,569; Sutherland, 21,979; Lally, 8,565; Brideman, 8,631; Griffin, 7,208; Brideman's plurality, 1,367. Two years: Wilson, 17,539; Pillsbury, 17,499; Austin, 17,828; Oswald, 17,120. Three years: Oswald, 17,120; Loring, 18,030; Underwood, 8,284; Evarard, 8,695; Williams, 8,069; Morrison, 9,854; Chute, 8,615; Brackett, 9,969.

Ald. Glenn moved to throw out the second precinct of the Seventh ward.

Ald. Andrews opposed the motion, on the ground that certain precincts had made no returns, and so some of the candidates had been defeated.

Ald. Johnson explained that no votes had been returned from the second precinct of the Third ward for Mr. Bassett, and no votes were returned for Mr. Chute from one of the precincts in the Second ward.

Alderman Morse advocated referring the matter to a committee.

Alderman Glenn was of the opinion that the council had no right to do anything in the premises, arguing that the candidate must first make a protest.

Alderman Morse moved to lay the matter on the table till Saturday, and after a debate the motion was withdrawn, and the report of the committee was accepted, and Ald. Johnson moved that the candidates receiving the largest number of votes as per report be declared elected, and the motion prevailed.

Ald. Pillsbury tendered his resignation as alderman and tendered the floor to the council for the kindness received in the council. He would by far have preferred to have occupied a chair in the council than to have been elected to the duties of mayor.

He wanted to testify to the good feeling and fellowship, and the fidelity with which the council had discharged its duties during the time in which he had been a member.

The resignation was accepted upon the motion of Ald. Morse. The thanks of the council were tendered Mr. Pillsbury for the able and impartial manner in which he had presided at the meeting of the preceding week.

A special election, upon motion of Ald. Parker was ordered held in the Fifth ward on the 19th of April, to elect an Alderman to fill the vacancy occasioned by the resignation of Ald. Pillsbury.

THE MILLING INDUSTRY.

Our mills now have more power than they can use, and at present are doing a big work, as compared with the operations during the winter. While the flour production is largely increased, being the largest since last November, the mills are not being crowded, nor are they all in operation. The production amounts to about three-quarters of the city's full capacity. There are three mills idle this week, and some millers predict that unless the flour market improves this number will receive considerable additions. The flour production of the week ending Saturday was 105,480 bbls., 17,580 bbls. per day—equaled 73,435 bushels the preceding week. The output the current week will probably be swelled to a figure even larger, because there are more mills in operation. The flour market, as some millers curtly put it, is very "sick"; but old prices are being stuck to, millers referring to that which their mills rather than accept lower figures.

CHILDREN'S HOME.

Resolutions of Respect.

At the last meeting of the board of directors of the Children's Home the following resolutions were adopted:

"WHEREAS, Death has removed from us Mrs. J. B. Gillilan, a former member of this board:

"Resolved, That in the death of Mrs. Gillilan, this society, as well as the community, has lost a loved and valued member, the full measure of whose fidelity to the cause which we recall the tender sympathy and the broad charity, the ready helping hand and the good judgment with which she aided its deliberations, and the sanguine, cheerful disposition that lightened the discharge of its duties.

"Resolved, That in the rare Christian spirit that has characterized her life and enabled her to meet death calmly and with hope of eternal life, we have a noble example.

"Resolved, That we tender to her greatly bereaved family our deepest sympathy.

"Resolved, That these resolutions be spread upon the records of the society, that they be published in the daily papers of the city, and that a copy of them be transmitted to her family."

M. E. HATCH, Secretary.

MRS. JOHN S. PILLSBURY, President.

By order of the board.

A Startling Discovery.

Mr. Wm. Johnson, of Huron, Dak., writes that his wife had been troubled with acute Bronchitis for many years, and that all remedies tried gave no permanent relief, until he procured a bottle of Dr. King's New Discovery for Consumption, Coughs and Colds, which had a magical effect, and produced a permanent cure. It is guaranteed to cure all diseases of Throat, Lungs or Bronchial Tubes. Trial bottles free at Lambie & Butcher's Drug Store, Large size, \$1.00.

Horse Thief Nabbed.

Yesterday Detective Hagen arrested in this city a man who had in his possession a bay mare stolen from Mrs. Porter, of Howard Lake, Wright county, on the night of the 28th of March. He was trying to sell the

THE CITY FATHERS.

Considerable Business Done Yesterday, Including the Counting of the Votes Cast Tuesday.

A regular meeting of the city council was held last evening, with President Pillsbury in the chair.

It was voted that an adjourned session of the council be held on Saturday evening for the purpose of disposing of a large amount of accumulated business.

The election returns were referred to a special committee composed of Aids. Johnson, Walsh and Cooley, for a canvass.

Pending the report of this committee, the rules were suspended and the committee on claims presented the monthly budget of bills, and warrants for the same were ordered drawn in favor of the various amounts designated.

EX-CITY ATTORNEY BENTON'S BILL.

The bill of C. H. Benton for legal services in the case of the Manitoba Railway Company was reported back by the committee on claims, with the recommendation that the amount claimed, \$2,500, be allowed. Aid. Holscher moved the adoption of the report, and the motion prevailed. The committee explained that at first they had believed the bill to be exorbitant, but after a careful investigation they determined that the amount was reasonable. Aid. Andrews stated that he was of the opinion that the case would be taken into the supreme court, and he favored retaining Mr. Benton to care for the case, and explained in addition that the committee had so arranged with Mr. Benton and the sum of \$2,500 would pay for the entire legal services. The motion that \$1,500 be paid now and \$1,000 as soon as the case had been carried through the supreme court was adopted. Aid. Lee and Aid. Roberts alone voting in the negative. A warrant for the \$1,500 was ordered drawn.

PETITIONS AND COMMUNICATIONS.

Janney & Kearney were granted permission to erect a fire proof building on Third street between Nicollet avenue and First avenue south.

A large number of miscellaneous petitions and communications were read and referred to proper committees and aldermen.

Ald. Johnson presented a petition from water commissioners, containing the notice of the Water Power company respecting cleaning out the rocks near the water works. Referred to the new council.

STREET SPRINKLING.

Richard Forestall petitioned the council to withdraw his proposals for sprinkling streets, owing to the fact that he had neglected to make provision for sprinkling paved streets.

Ald. Haslow moved that the prayer of the petitioner be granted. The question gave rise to a spirited discussion. Aid. Wait held that it would be establishing a bad precedent without a proposal having been submitted, giving any contractor an opportunity to get out of a contract in which he had made too low proposals. Aid. Roberts believed it would be a policy which would offer a premium for combinations among contractors, as against the city. The motion was lost.

Ald. Roberts offered a resolution to vacate Twenty-eighth street between Fort avenue and the Chicago, Milwaukee & St. Paul company's right of way.

KEEPING SIDEWALKS IN REPAIR.

The city attorney offered a resolution from the committee on streets, grades and additions, imposing additional duties upon the street commissioners, in that they shall at once report to the city council all defective sidewalks which shall need reconstruction.

The city attorney reported back the matter of changing the materials for sidewalks which had already been ordered constructed.

FROM WOOD TO BRICK.

Ald. Glenn arose to explain that he had moved to refer the matter to the city attorney, and he stated that the city attorney had evidently misunderstood his intention. He wished the city attorney to give legal opinion whether the city council could abate assessments for paving streets and laying sidewalks, after the same had been levied. He thought it a hardship upon poor property to pay the assessments in one year for sidewalks, gutter and curb stones, and paving the streets, explaining that he referred to the street commissioners, and having the projected improvement for one year, that is, abandon either the paving or else the sidewalk, if it was in the power of the council to take such action.

The city attorney was instructed to report his legal opinion at another meeting.

PUBLIC PROPERTY.

The committee on public buildings reported an invoice of the public property of the city, placing the total valuation at \$837,363, and giving a detailed statement of the same.

The following is the schedule: City hall building, \$50,000. Land for same, 60,000. Twenty-five lots public square on the east side, 50,000. School property, 60,000. Pest house property, 20,000. City lockup and property, 6,000. Murphy square, 14,000. Water power property, 40,000. Land for new post house, 3,500. Lots for horse houses, 70,000. Holmes square, 15,000. Six fire engines, 24,000. Six steam fire engines, 24,000. Eight horse carriages, 3,550. Two hoists and ladder trucks, 4,500. Two chemical engines, 6,882.42. Thirty-six horses, 9,900. Fifty-six fire alarm boxes, 4,300. Wagon poles, repairs, etc., 5,500. Furniture and fixtures, 7,200. Horse, 10,000. Two supply wagons, 750. Public park wagon, 500. Horses and harness, 500. Belts, caps, stars, caps, etc., 750. Furniture and fixtures in city hall, 10,000. Loss in Ramsey & Lockwood's addition, 1,000. Total, \$837,363.

SINKING FUND.

The city treasurer reported that he had in his hands the sum of \$14,370, held at the disposal of the sinking fund. A warrant was ordered drawn transferring the same to that fund.

PROPOSALS.

The proposals for sprinkling the streets were read as published in the Globe. The proper city officers were authorized to execute a contract with Robert Forestall for the same.

The special committee appointed to examine candidates for building inspector reported and the report was referred to the new council.

The committee on roads and bridges reported back the matter of the awards of the commissioners in the matter of opening Fourteenth street, and recommended that the awards be confirmed. Adopted.

The committee on streets, grades and additions reported in favor of lowering the grade on Hennepin avenue two feet. Adopted.

An ordinance establishing the grade in accordance herewith was passed under a supervision of rules.

The ordinance which established the grade on Second street north, between Seventh and eighth streets, was adopted. The committee on streets, grades and additions reported in favor of lowering the grade on Hennepin avenue two feet. Adopted.
