YESTERDAY'S MARKETS.

There was a better feeling on 'change yesterday, although wheat and produce was dull, but better tone prevailed. At Milwaukee wheat advanced 1/2c to 3/4c.

THE HOLMES-KINDRED COMMITTEE.

No wonder Mr. Sargent grew homesick. Snubbed by the German court and unsustained by his own government the feeling was not unnatural that he longed for home.

THERE IS PLENTY OF TIME.

There is plenty of time. The Holmes-Kindred committee in the Fifth District were kindred to not calling an early convention to nominate a candidate for Congress.

TO THE BUFFALO COWBOY'S REMARK.

Woman wrongs must be based on other grounds than the common bundle of taxation, the Cleveland Plain Dealer pointedly rejoins.

IT HAS BEEN DEVELOPED.

It has been developed that an article purporting to be from a London paper by Matthew Arnold and which was published by the Tribune of Chicago, as a "special cable" from London was taken from the foreign news head.

THE BOSTON PAPERS HAVE EDMUNDS' NAME.

The Boston papers have Edmunds' name, and have had it. To them he is in the nature of a sacred thing, a golden calf as it were, that all must bow down and worship.

WHAT WILL HE THINK OF THEM?

A very ludicrous result of the bogus letter of Matthew Arnold, published as a cable telegram from London, is the position in which it has placed many of the society people, and the men and women of culture of the Garden City.

idol turned out to grass at Chicago, it may conclude that there isn't so much sunshine and halo about the sugar-loaf, hairless cap of the Green Mountain, bifurcated statesman after all.

Mr. Blaine rather boastfully states that since he ceased to be a United States senator he has never been within the senate chamber. In this respect his practice and example are worthy.

ONE GOES UP, ONE GOES DOWN.

A late advice from Washington indicates that gloom, like a pall, is falling on Arthur's presidential prospects. A great change is alleged to have taken place.

THE DIFFICULTY IN THE CITY OF MEXICO.

The difficulty in the city of Mexico with reference to the collection of the stamp tax by the government from the merchants, seems to have reached a point where there is liable to be a collision between the troops and the people.

THE PRESENT TIME SHOWS THE BEGINNING.

The present time shows the beginning of one of these frequent social and political crises. The government has in its possession some extraordinary powers which it is empowered to use in cases of necessity.

ALL FOR RANDALL.

The Enthusiastic and Unanimous Pennsylvania Convention Yesterday.

Randall Delegates Elected and a Randall Platform Adopted with Cheers.

General Davis Nominated for Congressman at Large—Brief Speech from Randall.

ALLENTOWNS, Pa., April 9.—The Democratic convention was called to order by Chairman Hensel. The roll call showed twelve hundred delegates.

When the convention assembled R. Milton Spear was chosen permanent chairman. Wm. Mutchler, chairman of the committee on resolutions, presented the following report:

First—The Democratic party of Pennsylvania in state convention are met, to maintain those principles of government ordained by the federal constitution, and their interpretation, which the founders of the party settled and made known.

Second—We are against centralization, monopoly and extravagant expenditures, subsidies and the debasement of civil service by partisan spoils.

Third—We believe that the electoral frauds of 1876-7, by which S. J. Tilden and Thos. A. Hendricks were cheated out of the office of president and vice president, to which they were fairly elected, was the most deadly blow ever aimed at our system of representative government.

Fourth—We favor a tariff for revenue, limited to the necessities of the government, economically administered, and so adjusted in its application as to prevent unequal burdens, encourage productive industries at home, and afford just compensation to labor.

Fifth—Every legitimate effort of labor to better its condition, enhance its rewards and protect its rights, commands the sympathy and support of the Democratic party.

Sixth—We favor the enforcement of the constitution of Pennsylvania in its every article and section, and especially demand the regulation by law, in accordance therewith, of corporations, of state equalization of laws, appropriation of public moneys to public uses only, honest management of the state treasury, and a rigid enforcement of the laws governing it.

Seventh—The refusal of the Republican members of the legislature to agree to a just appropriation, was a flagrant violation of the constitution for unworthy partisan purposes.

Eighth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Ninth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Tenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Eleventh—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Twelfth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Thirteenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Fourteenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Fifteenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Sixteenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Seventeenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Eighteenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

Nineteenth—That Samuel J. Randall is the choice of the Democracy of Pennsylvania as the candidate of their party for president.

BROTHERLY LOVE.

Ex-Confederate and Union Soldiers' Meeting in Cooper Union Last Night.

General Gordon, of the ex-Confederate Army, Was a Thrilling Speech, Which Was Well Received.

NEW YORK, April 9.—As it was known that Gen. Grant would not preside at the "Confederate home" meeting in the Cooper union to-night, owing to disability, the large hall was not crowded as it otherwise would be.

Gen. Hancock sent an assurance of his very best wishes and efforts for their success. Gen. Briscoe, however, was not present.

Gen. J. B. Gordon made the speech of the evening. He began thus: As an ex-Confederate soldier who surrendered his arms and forces to your great captain at Appomattox, Va., I greet you to-night with pleasure sincere and profound.

SENSATIONAL REPORT.

The McHenry Indebtedness Settled Amicably with President Jewett.

NEW YORK, April 9.—Late this evening, after the business offices were closed, a rumor was started to the effect that James McHenry, the railroad magnate, was arrested to day on board the steamship Servia, and on which he was a passenger for England.

The alleged arrest was said to be at the instance of the Erie Railroad company, Mr. James Riley, Mr. McHenry's agent, says: "The rumored arrest is utterly false. The facts are, since November last negotiations have been pending between McHenry and President Jewett in regard to the settlement of a judgement aggregating some \$2,000,000, obtained here and in London by the Erie railroad company against McHenry."

The latter had been anxious to go to England for some time, but he did not wish to leave the city before a satisfactory settlement had been made. The matter dragged along since that time without anything being accomplished, until two days ago, when McHenry made, through me, a proposition to Jewett, by which he agreed to transfer very valuable assets, consisting principally of stocks and other securities to the Erie railroad company, as a settlement in full of all claims against him.

This proposition was regarded with favor, and yesterday evening McHenry and myself met Jewett and his lawyer, Opykde, at his own house, when we talked over the whole matter. Jewett made a proposition, based on McHenry's offer, which was accepted by the latter with very little modification, and arrangements were made to conclude the agreement to-day.

This forenoon there was another meeting in the Erie office. After this McHenry, S. L. M. Barber, counsel for the Erie company, and myself, proceeded to the Victoria hotel, where Barlow drew up a settlement, which was signed by McHenry, after the terms had been carefully reconsidered. This was about 1 o'clock. Shortly after we had lunch and drove with McHenry to the dock of the Cunard line, where the Servia was lying. As soon as he went on board McHenry was met by a large number of friends who came to see him off. While he was bidding them farewell, he was surrounded by a mob of men, who, on board a personal note from President Jewett, in which he expressed himself well pleased with the result of the negotiations. The Servia sailed about fifteen minutes afterward, and no officer of the law was seen by any of the party. I have no doubt that preparations had been made to lay a trap for McHenry, and prevent McHenry sailing in case the agreement was not signed by him. There was probably a deputy marshal on board at the time with a warrant, as happens to know that one had been issued, but he did not show himself or it.

TRAIL COUNTY AGITATED.

FARGO, April 9.—The Trail county seat case was brought up in the district court to-day, and it is expected will take a long time, as there have been over 500 witnesses subpoenaed for the defence. Last fall a vote was taken upon the removal of the county seat from Caladonia to Trail Center, and a large majority returned in favor of the removal, but it was alleged that much of the vote was fraudulent and the commissioners refused to recognize it and order the removal of the county seat. A writ is asked to compel the commissioners to provide for the removal or show cause why not.

A SERENE COMMISSION.

MITCHELL, D. T., April 9.—The grain commission, consisting of E. R. Fleming, I. E. and West, John Fadden, left Mitchell this afternoon for Scotland and Yankton. No complaints against either railroad companies or warehouse men were laid before the board at this place. The commission enjoy the courtesy of Superintendent Prior's special train, and several officials of the road, and other guests accompany them.

NEW SETTLERS.

DEVIL'S LAKE, Dak., April 9.—Fifty farmers and fifteen cars of stock and freight from Pike county, Mo., arrived here to-day. They settle in the Manville Coulee valley, in Turner county, about mid way between Devil's Lake and the Turtle mountains.

PETROLEUM PERILS.

MILWAUKEE, April 9.—A special from Palmyra, Wis., to the Evening Wisconsin says: "In digging a well not far from Palmyra recently some laborers discovered indications of crude petroleum in the surface water. The discovery has leaked out notwithstanding great efforts to keep the matter secret. This revives the old petroleum sensation of over twenty years ago, when petroleum was thought to have been discovered in Palmyra, and several fortunes were sunk along with the shafts in boring for oil. One shaft, over 700 feet deep, still remains where it was sunk for oil, near the Palmyra mill, and has since been utilized as an artesian well. There is great excitement in regard to the matter and people are flocking to the place."

FATAL CURIOUSITY.

CATRO, April 9.—The latest advice from Gen. Gordon, is dated April 1. He reports that in the engagement on March 30, the rebels lost forty men killed and eighty wounded, together with sixteen horses. During the night of April 1 the rebels kept up a desultory firing at the place. The Arabs picked up shells, and while examining its mechanism it exploded, killing six men.

CUTTING EXPENSES.

PARIS, 9.—The Budget committee recommends reductions in the budget amounting to 45,000,000 francs, including a reduction of 27,000,000 francs in the estimates for the army and navy, one of 3,500,000 francs in those for public works, and one of 1,500,000 francs on those for colonies. Dynamic outlays are frequent against non-stable property. A considerable amount of property was damaged, but nobody injured.

ELECTORAL TICKET.

The electoral ticket is as follows: At Large—Richard Vaux, E. J. McGrann, H. B. Plummer. Districts—First, John Slevin; Second, John F. Sensusdorfer; Third, John W. Lee; Fourth, Herbert J. Horn; Fifth, Richard L. Wright; Sixth, John H. Brenton; Seventh, Wm. Stahler; Eighth, Charles F. Reuschler; Ninth, H. M. North; Tenth, Harry G. Smith; Eleventh, G. Broadhead, Jr.; Twelfth, J. V. Rockafellow; Thirteenth, no choice, a tie between Michael Beard and Richard
