

THE CITY.

CITY GLOBULES. The Emmett guards got off for the Winona encampment yesterday morning.

There was a large audience at Grote's last evening to listen to the concert of the Great Western band.

The steamer Longfellow, since camp meeting, is making excursion trips to Fort Snelling and Minnehaha.

Mary O'Brien was examined for insanity at the probate court yesterday, and ordered committed.

Three small black pensions for veterans in Anoka were received at the adjutant general's office yesterday.

Frank Thornton, Geo. Sontag, and Joseph Monahan were three ugly-mugged tramps who were caged in the cooler last night.

Judge Simons held a civil term session of the court yesterday, but no cases being called on, it adjourned to 10 o'clock.

Ed. J. O'Connor, by John Dietrich, broke in yesterday, and lodged the boy in the city jail.

The stereoscopic artist of the Grand Central Hotel will exhibit 130 views near the Clarendon Hotel building, commencing at 8:30 o'clock.

The child was run down by a hackman at the corner of Wabashaw and East Seventh street yesterday noon, and considerably injured, though not fatally hurt.

A neighbor named York discovered what is known as Bill Hart's old boarding house, near the Manitoba slaps, on fire early Sunday evening, and with the help of residents extinguished the flames.

The Bay City and St. Paul base ball clubs will play this afternoon at west Seventh street park. The Bay City club stands up near the head of the list, and though the Quincy has succeeded in getting the second place, the Bay City is considered the strongest.

Peter Andrews, of Rush City, arrived here late yesterday afternoon and took in charge his fifteen-year-old daughter Mary, which had caused her to be arrested and detained as a runaway by the police.

Detective D. J. O'Connor bagged his first game in his new office yesterday, by getting on to the racket of Tom Carroll, a sneak thief, who had sold a silver open faced watch to a watchmaker worth \$35, at a Rosabell street saloon for 23 and two drinks.

S. F. Newton, of Hastings, was in St. Paul yesterday. S. F. Berry, of Oshkosh, Wis., is in St. Paul.

E. S. Mungler, of Duluth, is in town on business. J. J. McDonald, of Chicago, is at the Metropolitan.

Geo. S. Canfield, of Brainerd, is at the Merchants. J. T. Dutcher and Geo. H. Southard are at the Metropolitan.

C. M. McKenney, of Herman, was in St. Paul yesterday. C. W. Babcock, of Asota, was at the Windsor yesterday.

Deputy State Auditor M. D. Kenyon is on a visit to New York. T. J. Mcweeney, of Columbus, O., and Charles S. H. Park, of Mankato, are in town.

Hon. Marcus Johnson, of Altwater, and J. W. Whittemore, of Ortonville are at the Merchants. Mr. A. S. Eifelt returned on Saturday from the east with his daughter Mrs. Robert Pyron.

Mr. A. S. Eifelt has returned with his daughter Mrs. Robert Pyron, whom he met in Chicago. Miss Emma Graham, of Red Wing, a lady well known in St. Paul musical circles, was in the city yesterday.

Joseph Kutz, of Mankato, who owns one of the many fine quarters of the celebrated Mankato stone, is in the city on business. Chas. Shandrow, of the state insurance commission, arrived home from a several weeks' visit to New York yesterday.

T. O. S. ever, Esq., one of the enterprising citizens of Chaska, was in the city yesterday, and joined the St. Paul Fishermen's Union excursion this morning.

S. S. Griffith and Miss Cora Berkman were quietly married July 2, by the Rev. Mr. Wheeler. Miss Berkman is the youngest daughter of Dr. C. G. Berkman.

Mr. G. S. Franklin, the well known agent of the Lake Superior Transit company, was the recipient yesterday of a wonderfully handsome piece of Japanese art in the shape of a wall panel.

Mr. Alexander is expected back from the east to-day. Twenty delegates to the Patriarchal Circle of the Supreme Temple, to be held at Columbus, Ohio, went out over the Royal route.

Mr. Harris, president of the Northern Pacific road, together with his party will leave to-night for the pacific coast. A station has been opened at Westport, on the Little Falls & Dakota divisions of the Northern Pacific road eleven miles west of Sauk Center, with J. E. Coeling as agent, and another at Windsor 384 miles west of St. Paul, on the Northern Pacific, with T. F. Goodrich as agent.

Steamers leave Portland, Oregon, for San Francisco, as follows: The State of California, Thursday, July 10; the Columbia, Tuesday, July 15; the Oregon, Sunday, July 20; the State of California, Friday, July 25; the Columbia, Wednesday, July 30; the Oregon, Monday, August 4.

BOARD OF EDUCATION.

A Quiet Business Meeting—John W. Willis and Dr. Murphy Elected to the Vacancies.

The board of education had their usual monthly meeting last evening, when there were present Inspectors Ohage, Minor, Wampler, Oppenheim, Gieson, Officer, Athey, Gilbert, Hamilton, Berlandi, Dreher and Mr. President.

The secretary read the minutes of the last general meeting and the several special meetings held during the month.

Superintendent Wright asked that the minutes be so amended so that they read that the superintendent is elected for two years, commencing in September in place of June.

Mr. President, who had called Mr. Berlandi to the chair, stated that it would be awkward for the next superintendent if the present one should appoint all the teachers.

It was agreed that the minutes be amended as requested by the superintendent. The minutes were approved. A communication was received from C. E. Kerr on behalf of A. G. Desperis, threatening proceedings if the bill for sash weights, &c., \$483.60 is not paid forthwith.

Inspector Gilbert thought the bill ought to have been referred to committee on real estate. Inspector Hamilton moved that it be so referred. Carried.

An assessment for grading Eaton street was referred to committee on real estate, after Inspector Berlandi stating that no order has been made for grading the street.

Assessment for grading on Rice street was similarly dealt with, Inspector Athey stating that the board have no property on that street.

The superintendent made a brief report, saying that the rolls showed 10,202 pupils in the public schools, which would give to the city a population of 192,929.

The committee on real estate reported recommending patent improved blackboards made by the American Soapstone Finish company; that the secretary advertise for electric bells for Nell, Rice, Sibley, Humboldt and Adams schools; that the most satisfactory way to dispose of the old Nell and Rice buildings will be by public sale, and therefore recommend that the secretary be instructed to advertise for bids at once. The report was accepted.

Inspector Gilbert then read the following report: The undersigned, to whom was referred the matter of heating the new Neill school building, begs leave to report that he has carefully considered the matter, having written letters to several parties in this and other states asking for information about the various systems of heating and ventilation. The replies received were uniformly favorable and the commendations all that could be desired, not only that it was most healthful and economical, but also that there was no objection that could be urged against it by the use of soft coal.

Inspector Gilbert read a communication from R. P. Lewis recommending that the board move the old Rice school building to their Rice street lots instead of selling the building, being serviceable for ten years to come, and at the end of that time sewers will be made and the ground drained, so that foundations can be put with instructions to Mr. Gilbert—Has the committee on real estate sounded if the lots have any bottom to them at all?

Inspector Gilbert said it had not been done. He said that all the lots on Rice street, by Mr. Willis some lots on Rice street; they were high and dry, and if the lots purchased were swampy and covered by water, they were not the lots he looked at, and some ground had been practiced on the board and on him Mr. Gilbert, and he would like some enquiry be made so that he could be set right.

The communication was referred to the committee on real estate with instructions to visit the lots on Rice street and report their fitness or otherwise for building.

Inspector Oppenheim tendered his resignation to take effect when his successor should be elected, and Inspector Gilbert moved that the resignation be accepted subject to the conditions named. The president ruled the motion out of order.

Inspector Oppenheim then tendered his resignation unconditionally. On motion of Inspector Berlandi Mr. Oppenheim's resignation was accepted. Carried.

On motion, the board proceeded to elect a successor to all the seats of the retiring members. Inspector Athey nominated J. W. Willis; Inspector Officer nominated E. Rice, Jr. The result of the ballot was 7 for Willis and 5 for Rice, and Mr. Willis was declared elected.

Inspector Ohage tendered his resignation upon his moving out of his ward. The resignation was accepted, and on motion, the board proceeded to elect a successor. Inspector Minor nominated Dr. Murphy; Inspector Athey nominated Samuel Morrison. On the first ballot Dr. Murphy received 5 votes, Mr. Morrison 4. The president declared no election, as 6 votes were required when 10 ballots were cast. On the second ballot 7 votes were cast for Murphy and 3 for Morrison.

On motion of Inspector Berlandi the vote was made unanimous for Dr. Murphy. The president suggested that the committee on fuel should take into consideration that fuel had become so much cheaper than it can be in a month or two from now.

On motion of Inspector Hamilton the committee on fuel was instructed to advertise in the official paper for bids for wood and coal. The motion was carried.

Inspector Officer moved that the wood be required to be delivered and piled on or before October 1.

Inspector Gilbert was hardly prepared to vote on the motion. He had had of instances in which parties pile wood and make more cords on the ground than they carry in the wagons. He thought if the wood was short it was the fault of the janitors not keeping a strict account.

Inspector Officer thought it just possible to pile the wood so that a dog could be thrown through it, but any woodman could detect that fraud. The proper way would be to have wood all piled and then a competent inspector be sent to measure it.

Inspector Hamilton thought the delivery by a cord or two at the time is a most wasteful arrangement. He recommended buying wood as large corporations do—have it all piled and inspected before it is paid for.

Inspector Gilbert did not think it advisable to advertise for wood to be delivered at the same time, because it will be found that the cost will be more for prompt delivery.

Inspectors Athey and Berlandi thought an objection to the motion was there would not be room enough to pile the wood. Inspector Officer thought the objection could be met by amending the motion to read, "to be delivered in such quantities as may be required." The motion as amended was carried.

CLOTHING.

Mr. George Steadman, the well-known proprietor of the Albion hotel, Melbourne, Australia, writes to the Argus: "I was suffering from a very severe sprain in my right arm, which caused excruciating pain, and was advised to use St. Jacobs Oil. After one application the pain entirely left and I walk as well as ever."

George Edward Reynolds, a young man aged twenty-two years, belonging to Quincy, Ill., with two other young men, got on a platform car at the Union depot for a ride on a short line freight train up to the transfer. The conductor came along when the train was at full speed and ordered him and the others off, and because they did not jump commenced kicking him. He told the conductor he did not think he was doing wrong when he got on to take the short ride, but it made no difference with that official, and all three were forced to jump the train near the short line crossing. Two alighted safely, but Reynolds received a fearful gash in the head above the forehead, and was taken by the patrol wagon to the city hospital, having been picked up and placed in the baggage car of a train from Minneapolis and brought back to the depot. He revived enough to tell his story on the road to the hospital, said he was a laborer, and it is not thought his wounds are dangerous.

Bottom Figures For Coal. The Northwestern Fuel company, 154 East Third street, are offering best Stratton grate and egg coal at \$8, stove and nut coal at \$8.25, for cash and July delivery.

Fl. Snelling and Minnehaha by Boat. The "Longhorn" will leave daily at 1:30 p. m. for Minnehaha; returning arrive at 6:30 p. m.

Hay-Fever—I can recommend Ely's Cream Balm to all Hay-Fever sufferers. It is, in my opinion, a sure cure. I was afflicted for 25 years, and never before found permanent relief.—W. H. Hastings, Strathfield, Va.

Hay-Fever—I have been a Hay-Fever sufferer for three years; have often heard Ely's Cream Balm spoken of in the highest terms. I used it, and with the most wonderful success.—T. S. Geer, Syracuse, N. Y.

The Bay City and St. Paul clubs play this afternoon at 4, at Seventh Street Park.
