

THE CITY.

CITY GLOBULES.

Up to yesterday the police court disposed of 450 criminal cases this month. There was an immense attendance at the Great Western band concert at Groe's last night.

The Ramsey County Horticultural and Agricultural society will hold a fair at Market hall from Sept. 1 to Sept. 6 inclusive.

The funeral obsequies of the late Frank Breuer will take place from the church of the Assumption at 9 o'clock this morning.

A lad named Richard Fisher was arrested yesterday afternoon on the charge of assaulting a Swede woman named Oleson. The case is not a serious one. It will be heard to-day.

The police picked up a big pocket book on Fifth street yesterday containing a \$100 note given by one McDaniel to Wm. Stepp, with a check mortgage on a barber shop outfit to secure the same.

C. H. Wood, sheriff of Steele county, Dakota, on his way to the territorial asylum at Yankton, with Nels. M. Nelson, an insane patient, placed him in the county jail yesterday, between trains, for safe keeping.

The newstands have on sale Lovell's bi-lary edition of the life of James G. Blaine by Charles W. Boelster, author of "A Fair Deceit," "Patent Philiter," etc. He is just the writer to give James G. a proper set out.

The rate with which real stone and artificial stones is being laid for sidewalks on the prominent streets is immense. Warner's artificial stone is as pretty as any of them and is being laid in handsome blocks in front of Dr. Stewart's block on West Third street.

It was reported at city hall yesterday that Fred Scott, formerly employed at Post siding, had stolen a watch from W. H. Pulver and a suit of clothing from James Brown, after which he levanted.

Messrs. Kennedy & Chittenden, the grocers, paid custom duty yesterday on an importation of cigars from Cuba, amounting to \$900. The lot consisted of four cases, containing 20,000 Havana cigars of the most favored brands.

Michael Riley loaded to the guards on Langfoot yesterday afternoon and selected the soft side of a plank at Bridge square to take a snooze. He was lifted from the perch by Officer Gibbons and it took the combined strength of two policemen to land him in the cooler.

Said a lady to another yesterday as they were with a great crush of A. E. R. and other visitors waiting for a train at the Union depot: "How that gentleman 'eyes' you?" "Yes! and he 'nose' me, too," was the reply. "Allow me to introduce you to my husband."

Word has been left at the city hall that Fred Scott dressed himself up in a brown suit of James Brown and a silver watch of W. H. Pulver, at Klunef-low's boarding house, at Post siding, on Thursday, for which the festive duds desired to be arrested by his victims.

The athletic entertainment at Market hall this evening for the benefit of E. A. La Dore bids fair to eclipse anything of the character ever given in this city. The programme is one of exceptional excellence, including as it does the names of several noted athletes and local exponents of the many art. There should be a rousing audience.

The police are instructed to look after E. Von Baalen, of Chicago, wanted for the forgery of the name of Brunswick & Co. to a draft on Hamburger & Co., of Chicago, for \$24, which draft was cashed by F. G. Pierson of 253 Nicollet avenue, Minneapolis, who is the man who wants to see Von Baalen badly.

The board of equalization held a meeting yesterday afternoon, all being present but Messrs. O'Brien, Wheeler and Cornish. The comparative value of cattle, horses and other stock in the several towns in the county with a view of arriving at a basis of valuation for the same consumed the session. Adjourned to Monday at 2:30 p. m.

The social hop given at Chateaugay hotel, West Bear lake, last night, proved to be one of the most delightful and successful social events thus far of the season. The attendance was large and the festivities were enjoyed with a keen relish. The dancing began at 8:30 o'clock and lasted until a late hour, a fine supper being spread before the guests at midnight.

In mentioning night arrests by the police yesterday, the GLOBE said of two of the parties that they gave their names as Timothy and Ellen Flannagan. These were probably fictitious names, as it is rarely their real names are given by persons arrested, and it is certain that Mr. Timothy Flannagan, of Broadway, son of the late Martin Flannagan, was not one of the parties arrested, as some may have supposed from the use of his name.

Mr. Clark W. Thompson, president of the State Agricultural society, and R. C. Judson, secretary of the same, are in St. Paul, and have been for several days, on business connected with the state fair. The Jobbers' union yesterday accepted the invitation of the state fair people to be present in a body at the fair at Watonwan on the 10th of September, to meet all the dealers of the state that wish to meet them.

All aches and pains are cured by St. Jacobs Oil, the Great German Remedy.

Last evening a large number of the Volunteer fire department association, of which the late Frank Breuer was a respected member, met at the old court house to make suitable arrangements for attending his funeral, at nine o'clock this morning, from the church of the Assumption. The president of the association, Mr. R. C. Wiley, called the meeting to order and presided.

Wiley, John Linkenheimer and E. B. Birge.

Mr. J. G. Donnelly was appointed a committee to confer with Chief of Police Clark in regard to the part the police would take in the ceremony. Mr. Donnelly communicated immediately with the chief and reported that the police would assist.

A Curiosity. St. Paul has now something of a curiosity, and one, too, that attracts a small degree of attention. For several weeks a gang of men has been engaged constructing something on the corner of Cedar and Thirtieth streets that has attracted the attention of everybody who has been in that neighborhood, and caused more than ten thousand questions to be asked. The curiosity is now in full operation and proves to be a kind of self operating railway. It is about 150 feet in diameter one way, and 100 feet the other, and consists of a kind of railway track, upon which is placed a long settee, or carriage, capable of holding twelve or fifteen people. This carriage starts upon the elevated portion of the track and runs down an incline of twenty-five or thirty feet, which gives it such an impetus that the car runs up the other side the same elevation. It is a curiosity and naturally attracts a large crowd of people, who have an immense amount of fun and amusement riding around this oval railroad. It is called the gravity railroad and is the liveliest thing in St. Paul. As the whole place is well lighted with electric lights, and everything about it is fresh, clean and attractive, it looks as if though it would be a very popular institution.
