

MINNEAPOLIS NEWS.

The Minneapolis office of the Daily Globe has been removed to 315 Hennepin avenue.

The Daily Globe can be found on sale every morning at the following news stands:

Minneapolis House news stand, St. James Hotel news stand, J. W. Ayers, South Third street between Nicollet and Hennepin avenues, W. E. Gerlach, 901 South Washington avenue, W. H. Stokley, 517 Cedar avenue, H. J. Worth, opposite Manitoba hotel, Geo. A. Morse, 300 Central avenue, E. A. Taylor, 226 Hennepin avenue, C. J. Kelly, 300 Hennepin avenue, H. Hoefler, 1237 Washington avenue north, and Heddery & Co., 35 Central avenue.

MINNEAPOLIS GLOBETTES.

The city board of equalization is still pushing its annual duties.

The Ames Zouaves held a drill meeting last night at their armory.

The Iowans will meet at 230 Nicollet avenue this evening to effect an organization.

J. O. F. Meagher has sold his interest in the Minneapolis Steam Laundry to Charles Estes.

A little fire in Fred Barrow's building at 212 Central avenue occasioned a loss of about \$75.

The Crusaders T. A. society held a regular weekly meeting in Catholic association hall last evening.

Twenty-seven warranty deeds were filed yesterday with the register of deeds, amounting to \$61,920.

The liquor cases came up in the municipal courts again yesterday, but they received a further continuance.

David Winkler, the driver of the patrol wagon who was shot by a "special" policeman was reported much worse yesterday.

The city council will hold an adjourned meeting this evening, at which a large amount of accumulated business will be dispatched.

It is now expected that the new Union depot will be put in occupancy by the 20th of August, although it will not be entirely completed by that date.

Madison Jones, the coon porter of a First street bordell, who stole a \$20 gold piece from an unsophisticated Scandinavian, was committed thirty days.

Mrs. Capel, a Papal representative, will lecture in the Grand on Thursday evening. His subject will be "The Catholic church the best friend of the Republic."

Burglars have visited Excelsior again. They broke into Minor Ball's house and stole a number of watches and other valuables, besides an amount of money.

Della White, the woman who shot Mattie Jones two weeks or so ago, had her preliminary examination yesterday. She was held to await the action of the grand jury in \$500 bonds.

H. G. Connor had sketched a portrait of the deceased Robert Laughlin for the police department. It was made after death had occurred, as no photograph could be obtained.

The jury in the case of Michael Leonard, charged with assaulting Bridget Altier, found a verdict of not guilty, and the court dismissed the case against Bridget, charged with assaulting Michael.

Peter Schulerberg and Dena Davidson, Fridolin Gilje and Rosine Wild, Edward Schmidt and Margaret Zimmerman, Chas. S. Lowery and Clara M. Redfern yesterday obtained marriage licenses.

The application of Herman A. Westphal for writ of mandamus to compel the towns of Medina and Plymouth to build a highway was refused by Judges Lochren and Koon in the district court yesterday.

The ladies badge of the Sovereign grand lodge will be unique and rich. It will consist of a hand holding a vase of pink rose buds and green leaves, the colors of the Rebecca degree of the order.

John Horton is under arrest charged with violating his landlord's order of a board bill. This is certainly an innovation, to say the least, as it has not generally been understood that indebtedness was a crime.

Now that the excitement and bustle incident to the national encampment is past, our citizens are turning their attention toward the coming fair to be held the first week in September. It promises to prove the most successful event of the kind ever held in the northwest.

Health Officer Quimby states that the mortality among children the past month has been alarmingly great. The principal cause of death has been cholera infantum. He is now preparing his monthly report, and it will contain besides the customary statistics many valuable suggestions.

James Grattan, the "eye witness," it turns out, really has no knowledge of who shot O'Brien. Laughlin's testimony before the coroner's jury was not damaging to any of the defendants in the criminal action. As an "eye witness" he saw as little as though he were in an adjoining county.

In the district court yesterday Christina Norstrum commenced action against the St. Paul & Duluth Railway company for damages to her body and mind sustained while on board a train which collided with a freight train. \$3,000 damages are asked for to heal injuries, which are not specified in the complaint.

Judges Lochren and Koon in the district court yesterday gave a partial hearing to the application of Chas. J. Elliott and R. P. Russell for an injunction against the Chicago, Milwaukee & St. Paul railroad to prevent the building and maintaining of an abutment and wall across Eighth avenue south, where the tunnel is being made under the railroad tracks at the intersection of Washington avenue.

A schedule of assets and liabilities in the assignment of J. H. Kerkrick Co. was filed yesterday in the district court. The assets are as follows: Bills receivable, \$1,937.04; accounts outstanding, \$23,894.49; merchandise, \$15,648.48; Northwestern Pipe and Paving company stock, \$7,000; real estate, \$1,000; total, \$55,884.32. Allowing a discount of 10 per cent. on all the real estate, the assets figure up \$49,446.43, as against \$61,484.72 liabilities.

Rev. J. H. Hector, a colored delegate from Pennsylvania to the late national encampment, will give a lecture on temperance in Market hall this evening. He was a pastor in a church in Patterson, New Jersey for three years, and has the reputation of being a logical talker. Many of our citizens listened to his silvery tongue at Camp Beith last Wednesday night. He has lectured quite extensively, and the press speaks of him in the highest tones wherever he has appeared.

The statement published to the effect that Judge Bailey fixed the ball of Cantyney, the murderer, and Parker and Gorman, his associates, at \$800 each is wrong, and did the court an injustice. The court refused absolutely to admit the prisoners to bail, and had the ball actually been fixed as reported, Cantyney would not have remained in duress two hours. His father is a well-to-do saloon keeper, and would have gladly redeemed him in the manner mentioned in order to secure the release of his son.

Yesterday Capt. McCraney, of the East Side battalion, was presented with a large revolver bullet, somewhat flattened. It was handed him by Dr. Wm. Rattman, who explained that about the middle of July a man gave the name of Joseph Harley had talked upon him to extract the bullet. The leaden missile was found lodged in the front part of the thigh and had entered the body at a point just below the hip. The wounded man would make no statement respecting the wound, or how he came by it.

Thanks to John S. Morgan Post. At a meeting of the G. A. R. reception committee, held yesterday, the following resolution was adopted:

Resolved, That the thanks of this committee are hereby extended to the commander, J. H. Edge, and to the George N. Morgan post, for their efficient escort service on July 21, 22, and 23, in connection with the recent encampment.

WANT OF FAITH. IA. P. Wilkes, B. & E. Zimmerman, and E. Stierle, the druggists, do not succeed it is not for the want of faith. They have such faith in Dr. Spiney's medicine, that they will give a remedy for coughs, colds, consumption, and influenza, that they will give a bottle free to each friend, and every one who is in need of a medicine of this kind.

THE FINALE

Meeting of the Committees Last Night to see About the Little Bills.

Disappointed Boarding House Keepers—Speeches by Commander in Chief Koutz and Comrade Story.

The following business was transacted at the meeting of the G. A. R. executive committee last evening, Commander Babb in chair:

Major Hefflinger, of the finance committee, said he was not ready to make a report, several of the subscription papers having not been returned. He said the money subscribed was coming in freely and he had been able thus far to meet all bills.

The committee on quarters returned its expense as \$93.04. Comrade Hilline said he had heard considerable complaint from boarding house keepers who had not been patronized to the extent anticipated. The reason for this, he said, was because of the splendid organization of this different state societies. The committees of the societies met every week, and the members were certain to be certain, and this hospital of private citizens had been so general, that the boarding houses had suffered in consequence. Several of the boarding house people who had been to expense in fitting up cots, etc., had claimed that they had been authorized by the committee to do this expense. A Mrs. May and a man named Shaffer had put in bills for the amounts they claimed to have lost.

It is of course out of the question for any attention to be paid to these claims. No one of the committee had ever authorized or asked anyone to go to any expense, and consequently if they did go to an expense and lost money they did so at their own risk. Comrade Nimocks, of the committee on entertainment, reported all bills paid except to the amount of \$113.

The committee on bills reported that the bills of that committee amounted to \$355.39, not including the \$50 for the use of the steps at the university.

Comrade Marchant, of the committee on decoration, reported that the total amount of the bills for decorations will be about \$8,000, \$1,352 had been expended in putting up the three arches.

The matter of sending \$100 to the Fort Snelling band for their services, was referred to the committee on entertainment.

Capt. Snyder of the camp committee said he wished to make a personal explanation. He had been incorrectly reported in the Pioneer Press as having said that he believed that "they (the railroads) were trifling in the matter and" could not be depended upon for a nickel. The cause of wild and groundless rumors about aid from the railroads, served only to increase his detestation of the Milwaukee company.

He thought it but justice to the railroads, and especially to the Milwaukee road, to state that he had made a liberal contribution to the fund; had conducted the business of conveying passengers to and from the camp in a very satisfactory manner and had transported all comrades arriving over its lines to Camp Beith free, to say that he had been incorrectly reported. He had only said that the committees who were engaged in raising subscriptions should go ahead and not wait until the railroads had been heard from. Comrade Hilline stated that he had heard what Capt. Snyder had said, and was certain that the newspaper report referred to were incorrect, and did him a great injustice.

Major Henderson, of the committee on reception, said this committee expected to settle its bills for \$350, about \$400 less than it had estimated.

The committee on decorations was instructed to dispose of the arches as it thought best.

Capt. Gilmore introduced a request that Prof. Birkbeck, who had given considerable time and attention to organizing a training school for children who sang on the day of the parade, should repeat their concert at such a time and place as he may see fit. The request was very generally signed by those present.

Commander-in-Chief Koutz, of the National encampment, had called, and he called upon a speech. He said in response that he had simply come to visit, and had no intention of making any lengthy remarks. He wished to congratulate the department, however, upon the grand success of the encampment, and to express his appreciation of the conduct and best attended encampment yet held. He had nothing to offer, but to urge that the work should be pushed during the year. He hoped to hear that Minnesota had doubled his membership by the time of the next encampment.

Comrade Story, of Pennsylvania, who was also present, was next called upon. He said he had attended many state and national encampments, but had never been at one so satisfactorily conducted as at this one. He believed that a larger number of old soldiers had been brought together than at any other encampment. The camp at Denver was a partial failure, but here a grand success. He made some very pertinent remarks concerning the work and progress of the G. A. R. and closed by saying that he hoped that during this year each member would take it upon himself to bring in a new recruit.

Senior Vice Commander Rhea was called upon, but declined to speak, saying he did not wish to organize a mutual admiration society.

Adjourned to meet next Tuesday evening.

An Investigation by the Coroner Into the Cause of the Death of Officer Robert Laughlin.

The coroner's jury was empaneled at four o'clock yesterday afternoon for the purpose of investigating the death of Robert Laughlin, the deceased police officer. The jurors were driven to the late residence on north Washington avenue, where they viewed the remains, and which they went to Connolly & O'Reilly's undertaking rooms, where the testimony was taken.

Capt. M. G. Chase was the first witness, and he simply identified the remains of the deceased to be those of Robert Laughlin.

He further deposed "at the time of the shooting on Saturday morning, between 3 and 4 o'clock, was at the corner of Washington and Hennepin avenues; heard two shots fired about ten or twenty minutes previous; heard a police whistle; jumped into a hack and was driven north; near the corner of Second avenue north and Washington saw two policemen and three men; Laughlin said to me take this man."

The men were talking loudly and wrestling; I took hold of Gorman; he struggled and broke away; I grabbed him again, and he tried to take my cane but did not succeed; I latched him on the head with it; a minute later heard two shots near the corner of First avenue north; the others were to the right of me; an certain Gorman fired no shot; I made two steps to Laughlin and he said I am shot; there were probably eighteen or twenty people on the street, but did not recognize any of them; Laughlin was in front of me; do not know who the other police officer was; I took my prisoner to the station and reported that a policeman was shot; would not recognize any of the other; two shots were fired close together; did not see a revolver in anyone's hands.

Jacob Hein testified: At the time of the shooting was sergeant of the police; I was going up Washington avenue north on the right hand side of the street; was nearly in the middle of the block between First and Second avenue south; saw a scuffle on the opposite side of the street; I ran over, but while I was crossing there were two shots fired in quick succession; I found Officer Laughlin, but said nothing to him for I

STILLWATER NEWS.

THE GLOBE AT STILLWATER.

The GLOBE has established a permanent office in the city of Stillwater, in charge of Mr. Peter Begg, who takes the management of the business interests of the paper, its city circulation, correspondence, etc. Communications of local news and all matter for publication may be left at the Stillwater GLOBE office, 110 Main street, Excelsior block, up stairs, or may be addressed to Peter Begg, P. O. box 1034, and will receive prompt attention.

Stillwater Notes. Thomas Warren and family, of this city, have gone into camp at Maitomied.

The Rev. T. McClary leaves to-day for Clear Lake, Ia., to lecture on "The Struggle for a Home."

Miss Ella and Miss Lizzy Powle, of St. Paul, have arrived at Maitomied to spend their vacation.

Messrs. Durant & Wheeler yesterday sold a large raft of logs to Knapp, Stout & Co., of Dubuque, Iowa.

No cases were ready yesterday for the district court, and Judge McCluer adjourned until this morning at 10 o'clock.

The Netta Durand is expected to arrive to-day from Clinton, Iowa, where she has been with a raft of logs to the Clinton Lumber Co.

Mr. Matt Clark and family have returned from their outing at Lake Minnetonka. Mrs. Isaac Staples also returned with them.

Mr. A. J. Trimpe, insurance agent of St. Paul, was in the city yesterday adjusting the insurance of the foundry, which was burned last week.

The Ladies' aid society of the M. E. church will meet in the church parlors at 2 p. m. on Thursday, and the Woman's foreign missionary society will meet at the same place on Friday, at 3 p. m.

The water fell an inch the past twenty-four hours. Water is getting very low. In the upper portion of the lake a large proportion of the logs are a-ground, and cannot be moved until the water rises again.

Mr. I. E. Staples and family sailed for Liverpool on Saturday from Boston, on the steamer Scythia, of the Cunard line. Mr. Staples has stood the journey so far very well, and the ocean voyage will rest him.

On Sunday next the Stillwater First nine base ball club will play the Lake Elmo Ever Ready club at Lake Elmo. For amateur nines they play excellent games, and no doubt there will be a large crowd to see them.

The shipments still continue to be made from the Northwestern Manufacturing and Car Company as rapidly as they can be made of threshers, engines, and horse powers. Several car loads leave daily for the west, northwest and southwest.

Yesterday the Stillwater base ball club left at 11:40 for Rapid City, Minn. They will be back at Stillwater on Monday morning, and will play the Chicago, Milwaukee & St. Paul railroad, as they required this time to get home to meet their opponents to-day.

The Jennie Hayes yesterday morning attempted to take two barges of stone at one trip to the new bridge. It was something more than she could manage, as the channel was not wide enough for the steamer with a barge on each side. She left one some distance above the bridge, and went up with the other.

The enquiries in reference to the case of Indiarthness is increasing, and as your representative is supposed to know everything, he is beset with enquiries, and soon as the case comes up for investigation, he trusts to be able to satisfy through the GLOBE the most inquisitive. A full report will be published.

The Stillwater base ball team which left yesterday, was considerably changed from what it was whilst here. Hiram and Roach have been released, and Quinn is laid up with his arm. Yarnall left here with them, and Graves, formerly of the St. Paul team, joins them on the way at St. Paul. They will go south on the Minneapolis & St. Louis road.

Yesterday there were a large party of visitors at the state prison. They were composed of a party of the Missouri veterans, accompanied by their ladies. They spoke in the very highest terms of the hospitality of the people of Minnesota, and will never forget the pleasant visit to the north. Several of them were from Kansas City. They were much pleased with the sight in Stillwater.

Prof. Eaton struck the bell at 3 o'clock at Mahan's yesterday morning, and called up those who wished to see Saturn and Venus. A good many students were at the telescope, and enjoyed the pleasure of seeing the rings of Saturn and the crescent form of Venus robed with rainbow splendor. Clouds drifted along the sky interfering with the views, but now and then the planets could be seen in the clear morning sky.

Very few logs will pass through the bridge, there being only one barge, and that will come through in a day or two. The greater part of the logs on either side of the river above the bridge, belongs to either Anderson & Co., or the Schulerberg, Boeckler Lumber Co., and which they will require for their summer cut. There are a number of rafts in the upper portion ready for shipment, but it is not known when they may be so.

The logs have been a great nuisance whilst coming over the bridge, which has had to be kept open some times for hours on their account. We know that Mr. McLeer and his assistants are pleased they have about all gone.

At the corner of Laurel and Fifth street a church has been going up for some time with about as little din as such a place can be built. It is now so far advanced that the plasterers begin their work to-day, and in about four weeks it will be ready for occupancy. It is being erected by the Grace Congregational church, and will be a large and well appointed edifice, although it is intended, after the congregation has gathered more strength, to use the part now being erected as a Sunday school and lecture room, and to erect in front a very fine structure, second to none in the city. The Rev. Mr. Rucker and his congregation are to be commended for their spirit.

What was supposed to be a burglary occurred on the second day of February last at the store occupied by F. Wilman as a jewelry store, and F. Scott, with drugs, as J. B. Levey, who was clerk for Scott, and who slept in the store, reported in the morning that a burglar had entered the store and stolen his watch and chain, and on his firing at him a couple of shots from his revolver had decamped, taking nothing else that he knew of. The case was reported to Chief Shortall, who has been on the watch ever since. F. Wilman was so much pleased with the action of Levey that he gave him a credit of \$10 on the watch and chain, on which there was an amount owing. Largely rumors, not complimentary to Levey, began to circulate, and Chief Shortall wrote to the congregation, and gathered more strength, to use the part now being erected as a Sunday school and lecture room, and to erect in front a very fine structure, second to none in the city. The Rev. Mr. Rucker and his congregation are to be commended for their spirit.

At the corner of Laurel and Fifth street a church has been going up for some time with about as little din as such a place can be built. The Jennie Hayes yesterday morning attempted to take two barges of stone at one trip to the new bridge. It was something more than she could manage, as the channel was not wide enough for the steamer with a barge on each side. She left one some distance above the bridge, and went up with the other.

The enquiries in reference to the case of Indiarthness is increasing, and as your representative is supposed to know everything, he is beset with enquiries, and soon as the case comes up for investigation, he trusts to be able to satisfy through the GLOBE the most inquisitive. A full report will be published.

The Stillwater base ball team which left yesterday, was considerably changed from what it was whilst here. Hiram and Roach have been released, and Quinn is laid up with his arm. Yarnall left here with them, and Graves, formerly of the St. Paul team, joins them on the way at St. Paul. They will go south on the Minneapolis & St. Louis road.

Yesterday there were a large party of visitors at the state prison. They were composed of a party of the Missouri veterans, accompanied by their ladies. They spoke in the very highest terms of the hospitality of the people of Minnesota, and will never forget the pleasant visit to the north. Several of them were from Kansas City. They were much pleased with the sight in Stillwater.

Prof. Eaton struck the bell at 3 o'clock at Mahan's yesterday morning, and called up those who wished to see Saturn and Venus. A good many students were at the telescope, and enjoyed the pleasure of seeing the rings of Saturn and the crescent form of Venus robed with rainbow splendor. Clouds drifted along the sky interfering with the views, but now and then the planets could be seen
