Stock at the State Fair.

The horse stock at the state fair at Owatonna Sept. 9, 10, 11 and 12 will probably be very superior both as to quality and quantity. Mr. R. C. Johnson, the industrial secretary of that organization is in correspondence with a large number of breeders in regard to making exhibits of stock.

Among the well known breeders August, John H. and E. A. Beadle, Woodlawn stock farm, at Cresco, in Howard county, Iowa. These gentlemen have concluded to come to Owatonna with some of their stock.

They propose to bring here Wilbur Hambleton and four of his get. Wilbur Hambleton is a son of the celebrated Ryskyk's Hambleton, and he is a splendid representative of the famous herd of Chester. His dam was Fanny Wilbur, a daughter of Wilbur, a grandson of Messenger. He is a dark mahogany brown with two white hind ankles and a star in his forehead. He stands 15 1/2 hands high and weighs two hundred pounds.

In kindness of disposition, development of form and action, he presents a striking resemblance to his sire, Ryskyk's Hambleton. He was foaled at Stony Ford, Orange county, New York, by Fanny Wilbur, celebrated for her excellent quality.

His breeding goes directly and quickly to the bone, his style of development is wonderful feature of American trotters. He was driven for several years as a road and family horse, on the roads in the vicinity of New York city, and was noted for his style, power and speed. His stock shows his power and endurance uniformly in his characteristics of docility, courage, speed and endurance. It is the exhibition of just such stock that renders the state fair of such great importance to the people of Minnesota, and it is through the medium of this organization that such well bred animals are brought here. Mr. Johnson is doing a good work in this line through his extensive correspondence.

Millener Fair.

Everything looks favorably for the races, September 10, 11 and 12. The names of the races are the same as published in this column last Monday, except the 2:30 class being changed to 2:24. The track will be in the best condition. Entries close August 26, at 1 o'clock p. m.

The Geo. Wilkes Stock.

The George Wilkes stock is coming to the front rapidly and this will gratify Mr. Geo. W. Sherwood, who has a very promising colt by him.

Harry Wilkes, who shares with Wilson the honor of being the fastest of the get of George Wilkes, by the record, was bred by James M. Hendren, of Speedwell, Madison county, Ky. He was foaled in 1876, and got by George Wilkes, dam Mollie Walker, the dam of Gen. Gardfield, 2:31, by Capt. Walker. Mr. W. R. Letcher, bought Harry Wilkes from Mr. Hendren before he was two years old for \$500, and owned him until June 20, this year, when he sold him to Mr. Wm. France, of Jersey City, N. J., for \$6,000.

While owned by Mr. Fletcher he started in four races, winning them all and obtaining a record of 2:23 1/4 at Lexington, Ky. In 1882, last year he was a little off and did not start. Since owned by Mr. France, he has started five times, winning every race easily with plenty of speed left. He won the free-for-all at Mayville, Ky.; two races at Pittsburgh getting a record of 2:18 1/4; won his race at Cleveland, O., trotting in 2:19, and won his race at Buffalo in three straight heats, securing a record of 2:16 1/4.

At the Bay District course, San Francisco, on August 5, there was a remarkably good race trotted by the 2:40 class. There were five starters, and all remained to the finish. The heats were trotted in 2:22 1/4, 2:24 1/4, 2:24 1/4 and 2:21 1/4. The winner, Guy Wilkes, is a six-year-old bay stallion, by George Wilkes. This was his maiden race, and he trotted the fourth heat in 2:21 1/4, the last being made in 1:59 1/4. This was also the maiden race of Blanch, winner of the first heat.

They Could Not Do It.

Wilkes' Trotter. Again Jay Eye See essayed the task of beating 2:09 1/4, and his kindly associate Phallas had laid siege to his own record of 2:13 1/4. As is fully detailed in the report of our special correspondent, while neither accomplished his undertaking, both gave promise of doing something more satisfying under the conditions. Belmont to great credit, and the fact that Belmont Park track has always been considered fairly fast as the average. Here Goldsmith Maid repeated her record of 2:14, and Maud S. trotted three heats in 2:12, 2:13 1/4, 2:13 1/4 in 1881. Her aim was to make a fast average for three consecutive heats, or her record for over a year for a single mile might have been equal to 2:10 1/4, her best time for that season. As to the grading of the track there was a fall of about four inches to the hundred feet in the first quarter, and a drop of about two inches to a like distance in the second

quarter. This is counter balanced by an upgrade of about seven inches to the hundred feet in the third quarter, and the last quarter is level. Opinions vary as to the track on any day, but the performance, but from the best information we can obtain, and taking the time made by Phallas for three heats as a guide, we judge it is as fast as ever it was, and fully equal to the average mile track. When even Jay Eye See trots three consecutive heats in 2:13 1/4, it cannot be at fault. The day was warm and pleasant, and the time made show that both horses are marching with flying colors into the territory of Father Time.

Maud S.—Mr. Bonner Tells how He Came to Buy Her.

[New York Sun, Aug. 20.] A beautiful chestnut mare, with a long neck, big brown eyes, a skin like satin, was led from the Grand Central depot five minutes past 2 yesterday afternoon. A colored man led her with all the gentleness and care of a gallant helping a lady over a stile. He watched everyone that came near, and seemed at ease only when he had landed safely on Lexington avenue. Before that nobody noticed the mare except an irreverent newboy, who yelled out: "Kin she go?"

But once on the avenue, where the grooms pass their leisure hours, there was a change. Every man with a big check suit and a top hat sprang at her knees and saluted, "Maud S!" and with his disarming smile sitting on the stoop with him, and joined the train of grooms, coachmen, and stable boys who followed the mare until she disappeared through the rear door of Mr. Robert Bonner's stables in West Fifty-fifth street.

"Maud S. is mine," Mr. Bonner said in the evening, "the fastest and most beautiful creature in the world to-day. I paid Mr. Vanderbilt \$40,000 for her, and sent him a check for that amount to-day. Mr. Vanderbilt has acted very generously and liberally all through, and besides selling me the mare for less than half what she was worth, he would let me have her on a lease and trapplings and the 45-pound silks in which she brought the record down to 2:09 1/4. I had no idea that the mare could be bought until last Friday. Mr. Vanderbilt kindly sent his intimate friend, Mr. William Turnbull, from Long Island to tell me that he purposed selling the mare, and would let me have her on a lease for any one else. My brother went on immediately and concluded the transaction, and Maud left by the Saratoga special at 8:49 this morning in her private car with Grant, her attendant, as her companion. She ate once on the route and came through all right."

"Why did Mr. Vanderbilt part with her?" "Well, it was generally thought that money couldn't buy her; but the fact is, Mr. Vanderbilt was bothered to death when Mr. Vanderbilt trotted her, and men who wanted to buy her, or hire her for the season. It worried him all the time, and he did not see his way to part with her to any one else. My brother went on immediately and concluded the transaction, and Maud left by the Saratoga special at 8:49 this morning in her private car with Grant, her attendant, as her companion. She ate once on the route and came through all right."

Stillwater Notes.

F. M. Prince and wife have gone to Minneapolis. The amount of tolls collected at the bridge for the past week was \$151.50.

Mr. John F. Norrish, of Hastings was in the city Saturday, private business.

Mrs. Edwin Eastman, of Oshkosh, Wis., is in the city, visiting her daughter, Mrs. I. C. Ferguson.

This morning the crusaders have their basket picnic at Lake Elmo. They leave by the 7:40 a. m. train.

Mr. E. H. Culbertson of St. Paul, was in the city yesterday. He is general solicitor for the mercantile and business directory.

The government steamer Fury was in port Saturday, and remained for about an hour. She is engaged down the lake having a bar removed.

The house that greeted Sol Smith Russell on Saturday evening was good, but not commensurate to the excellent acting of himself and his first-class support. Those present enjoyed a treat.

The popular horse show has been open almost all day, through some of the machinery of the engine on the pontoon getting out of repair. Those wishing to get to church yesterday morning had to return.

Mr. Oscar Lehmcke, son of Judge Lehmcke, and a prosperous cattle man, from Mendota, is in the city, visiting his daughter, Mrs. I. C. Ferguson, and prizes it highly, as he regularly finds it all the more so.

The veteran fishermen, P. L. Potts, C. Corham, L. Kahn, R. Fitzgerald, A. L. Gillespie and others who were in camp at Centre city and Chicago Lake, have returned and side up with care. They lived well while away.

Patrick Keefe, who was well known in this city, and who was most anxious some time ago to have money sent from this place for urgent reasons, has been found guilty of shooting a man in Oregon, and has been sent up for eight years.

The following are the shipments for the Northern Manufacturing and Car Company for the week ending Aug. 23: 65 separators, 40 horse powers and 27 engines. This is a good week for the shipping kept busy. This is an average of 22 each day.

Hon. E. W. Durant returned at noon yesterday from the Lumbermen's convention at Chicago. He reports having a very pleasant time. He sold about 400,000 feet of logs and 1,500,000 feet of lumber, and has a good business with pleasure.

Mr. Robert W. Kerr, who has been away down at the sea coast, on Gaspe Basin, returned Saturday afternoon, accompanied by his wife and child. The salmon and codfish of the Gulf of St. Lawrence have been good and plentiful, and has increased some twenty pounds in weight.

This evening at 8 o'clock, opposite the Pittman house, there will be a test of the fire proof paint, that was postponed from Friday evening. Every owner of property should be present, and the matter of the test will be reported in this morning, it will be seen that he had abundant occasion to be satisfied. Though Johnston did not reduce the record (2:11 1/4, 2:11 1/4 and 2:12 1/4) of Little Brown Jug, it is evident that, under all circumstances, the performance was a great one. With a better day and better track, he will, without doubt, reduce the pace record of his stable companion. As for Maud S., it is evident that she can pace with a running mate in considerably less than 2:07. The first half mile in the second heat was a wonderful performance, and if it had been made in the first heat, before the runner got tired, she would undoubtedly have put in the first mile close upon 2:00.

FOR SALE—Young Trotting Stock—I have several one and two-year-old colts, the get of Bayonet and Maud S., and also several other standard mares. Colts all large and rangy, and looking, and unmetably showing the promise of speed. G. W. Sherwood.

LAKE COMO STOCK FARM—I have for sale a nice lot of colts and fillies, one two and three year olds, all standard bred, got by De La Motte, and also several other standard bred, dam by Belmont, son of Alexander's Abdullah. Also for sale, Oakwood, four years old, by Alexander, standard, 1885. W. L. McGrath.

PRESTON STOCK FARM, Preston, Fillmore county, Minn. For public service, Herod (2:25 1/4), and Maud S. (2:13 1/4), the most successful trotting stock of age in the northwest. Consus, a first-class draft stallion, for pedigrees and terms, address Mr. T. Grattan.

Robbing a Boarding House Larder. John McDermott, Dave Johnson, Geo. King and Martin Gantz, were out on a high tide on Saturday night, and the latter being loaded to the gunwales with beer and whisky the others concluded to go with him and bunk in the baled hay in a stable on Nash street, where he had a room. He was obliged to come out of his stable, Gantz feeling hungry, and knowing how the land lay in Johnson's boarding house near by, where he once hashed, he turned a Sherman bumper and made a raid on the larder laid out on a dry goods box in the cellar. Here, in his drunken hospitality he froze to two cans of salted fish, and a quantity of apples, and fled to the barn, where the men were lashed in the stomachs of the quartette in short order. The proprietor of the house and a policeman broke up the party, and the latter took them to the cooler, where he preferred the charge of larceny and they will answer from empty stomachs induced by their Sunday fast, to Judge Barr this morning.

Redfield, D. T. [Special Correspondence of the Globe.]

Redfield, D. T., Aug. 22.—Redfield is still booming with the prospect of the state house being built here. Mr. A. D. Dan and George Green, have decided to erect a large building on the corner now occupied by Briggs & Brer. The building will be fifty feet wide by eighty feet long. Mr. Dan occupies the center room for a bank, Messrs. Briggs & Brer occupying the second room with their stock. The third room will be occupied by Mr. Green with a general stock, all this being accomplished here. The farmers can't but help realize the importance of Redfield becoming the metropolis of Spink county, and it is thought will cast their vote accordingly at the fall election.

Donnelly's Coming Man. To the Editor of the Globe. OLIVIA, Aug. 23.—When such old line Democrats as John R. Brislin endorse Mr. Donnelly, it is time for men of lesser pretensions to throw aside their prejudice and without accord say Mr. Donnelly is our coming congressman of the Third District. So note it here. Nov. Mr. Editor, we seldom beat, but when we do we bet on a sure thing. Now here is our proposition: We will bet just five hundred dollars, that Mr. Donnelly goes through the campaign like a coroner through the pockets of a dead tramp.—Look out for Reville county. Bloomsom.

Bringing His Body Home. New York, Aug. 24.—The committee of the Ohio legislation, consisting of Assembliesmen Ferguson and Greiner, and Senator O'Neill, which will take part of the session of the state house next week, arrived today. The remains will be removed from the Powhattan to the city hall Tuesday, lie in state during the afternoon, and then be taken to Columbus, Ohio, where they will be in state for several days. They will be removed to Zanesville to remain till September 11, and will be finally interred at New Lexington, Ohio.

As for Maud S., it is evident that she can pace with a running mate in considerably less than 2:07. The first half mile in the second heat was a wonderful performance, and if it had been made in the first heat, before the runner got tired, she would undoubtedly have put in the first mile close upon 2:00.
