

DAKOTA & MONTANA

Collected and Forwarded by Telegraph to the Daily Globe.

Fargo Special Telegrams October 9, to the St. Paul Globe.

Northwestern Notes.

Dell Rapids promises large patronage to any one who will build a roller skating rink.

The stages on the new line from Medora to the Black Hills leave Mondays, Wednesdays and Fridays and many quick trips.

The college at Yankton starts off with fifty pupils, and the people are not extravagant in looking for a very successful future for it.

Gov. John A. Burbank, who was married with the Quaker ceremony at Richmond, Ind., is spending his honeymoon at Springfield, Dak.

The Metropolitan, the new first class hotel at Jamestown, was opened to the public on the 8th. It is one of the best and finest houses in the city.

Dakota Free Press: "People along the line of the Dakota Central are kicking like Texas steers against a monopoly of the coal business which they claim exists there."

The family that came on from New York on foot reached Redwood on the 7th in good condition and health. They were about five months on the road and will add to the population of Dakota.

Kimball, one of the most promising towns in Black, recently narrowly escaped a most disastrous fire. The fire was caused by a defective boiler.

The Sioux Falls Free Press: "Anybody having a photograph of any thing in Dakota is invited to either donate or loan the same for the purpose of an exhibit at the exposition."

The Henry Eagle notes one farmer in that vicinity who has raised a crop of peanuts. There are few things that grow so good anywhere in the territory.

There is probably no county in Dakota in which there are so many saloons, or so little sympathy with the prohibition movement, as in Cass, and yet the candidates nominated by the Republicans Wednesday are both extreme men on the temperance question, and have been active workers in temperance efforts.

Several parties have made good things for themselves by visiting towns in the Red River valley and north Dakota and writing them up for Chicago papers, getting pay in advance from the business men.

Since his failure to secure a man at Pierre, Col. Lonsberry has given up the idea of his daily for the present. He will, however, probably commence when the legislature convenes.

The friends of Gifford insist that Raymond offered all the patronage of the federal government, and that his conduct in connection with all duty on the money question.

The Plankton Free Press is not altogether pleased with the political course of Dakota's eloquent and handsome female lawyer: Cynthia Eloise Cleveland, the Dakota lawyer, is stumping the state of Indiana in behalf of the Democratic party.

The Comet at Sycosta, in Wells county, a rank Raymond organ, contributes suggestions and intimations like this to the harmony of the party: Dakota's political course is not so good as it is said to be.

There is growing dissatisfaction with the legislative ticket for the district nominated on the 8th. La Moure and Sargent were denied a representative, and can be combined solid for an independent ticket judiciously constructed.

The Democrats have put up this strong ticket in Aurora county, and expect to elect most of it: Treasurer—W. P. Ryan.

There is not entire harmony between the special friends of Capt. Raymond and the parties who claimed defrauded him out of the nomination. Judge Gifford is not so satisfied with the nomination as it can afford with the nomination.

The Fargo Republican's face is all puckered and ready to believe its editor has been eating green persimmons.

The fact that the people of the south we supported Raymond rather than split the party. Now, when Judge Gifford has been appointed to succeed Mr. Ryan, the Republicans and all others should give him the cordial support which is due to a man who has been fairly and honestly nominated.

It will not be surprising if on the ballot of the Raymond men north Gifford will be generally applied Wilson.

The factions at Valley City even extend into the churches. In consequence Rev. Mr. Peabie recently left the Episcopal church there, and the Jameson Aler notes this: The Episcopal church at Valley City does not seem to be in the most pleasant condition.

navable river in the world, while far out to the east, the beautiful and fertile country of the continent in counties of thousands of acres. West and south of the city can be seen several thousand acres of heavy timber on a body of water, and five miles to the southwest Fort Abraham Lincoln, on the opposite bluff of the river, looms up to the view.

The Minor says of corn-raising in Sargent county in the north: Charles Finch and Green Taylor, Jr., young farmers, called at this office, bringing a bunch of corn, of the improved flint variety, the seed of which was shipped from Canada. Mr. Finch says he raised ten acres of corn this year, which yielded more than one hundred bushels of ears to the acre. There is no question but that North Dakota can grow as good corn as Illinois or Iowa, providing suitable soil is found, and Sargent and Sully counties seem to be especially adapted to corn-growing. The ears Mr. Finch showed us measured from ten and a half inches to thirteen in length. It will not be long until the farmer generally raises corn and hogs, and then the low prices of wheat will not be such a bugbear in the way of prosperity.

There is mutual admiration now between the Gifford leaders the south and the Bismarck people. The Canon News at the home of Gifford says:

We have it on the best of authority that the new capital building at Bismarck will be entirely completed within a week and ready for occupancy, and what is of great interest to the tax-payers, all paid for. The building is heated with coal, and will cost \$1,500,000. This is a perfect paradise compared with the cramped and uncomfortable quarters the legislature has hitherto been compelled to occupy.

John Russell, of Valley City, who has just been to Minneapolis for additional machinery for his mill, says the Times: Touching the popular opinion, prevailing in Minneapolis, and that Mr. Russell states that at Minneapolis, and in fact all over the country, the mills are making a good margin of profit this year, while, in his opinion, they lost money last year. That is the current opinion, everywhere, that millers are trying to make up for last year's losses. In view of the low prices, the farmers do not take kindly to the plan. They are quite positive in opinion that the margins should be squeezed down small, to help them out.

WASECA. [Special Correspondence to the Globe.] WASECA, Oct. 8.—Fire! Fire! These ominous words rang out with startling distinctness on the ears of our citizens this forenoon at about 11 o'clock. A hurried gathering; the whistles from the locomotives, and the alarm from the fire bell, all pointed to the scene. The alarm proved to be too true; a fire was in active progress, the new brick block of Mr. Wm. Herbet was on fire. The persons at work on the roof had built a fire for the purpose of putting on the pitch, and the kettle turning over, set the roof on fire. The fire spread rapidly, and in a few minutes, it looked as if the destruction of the whole block was certain. Hook and ladder No. 1 was on hand as usual, and the efficient crew of the engine, led by the fire chief, were in putting out what one moment looked to be a most disastrous conflagration, and the thanks of our citizens are gratefully extended to them for their valuable services.

The boys of the hook and ladder company cannot be too highly commended for their prompt and valuable services.

M. D. L. Clifton, the Republican nominee for the legislature, will speak at Blooming Grove this evening. We have not learned when Mr. Shearer will address the people, but soon we expect to hear from him.

Heavy frost last night will probably settle the weather so something can be done on the land. At present it is impossible.

The Mexican Veterans. St. Louis, Oct. 9.—The Mexican veterans assembled for the second day of their reunion at Druid's hall this morning. About 250 were present. Vice-President Mason again presided. After the roll call a translation of the following letter from Gen. Diaz, of Mexico, furnished through J. F. Cahill, Mexican consul, was read: CRY OF MEXICO, Sept. 14.—To John F. Cahill: With your favor of the 9th inst., I received an invitation which the veterans of the war of 1846-7, of our country, sent to me to attend an army. I placed it at once in the hands of the president of the republic, who, I do not doubt, will see that it is attended to as it should be, by dictating proper arrangements for the purpose. (Signed.) PORFIRIO DIAZ.

Also the following telegram: CRY OF MEXICO, Oct. 4.—Cahill, Consul of Mexico, St. Louis: I am pleased to hear for Mexico officers to attend the reunion of the 8th. I write by mail. NARRAGO. (Signed.) Secretary of War.

Congratulatory telegrams were then read from organizations of veterans in San Francisco and New York.

Cottrell Heard From. INDIANAPOLIS, Oct. 9.—W. W. Cottrell, the missing ex-auditor of Henry county, whose disappearance has been the subject of much report, is safe and well. He has returned to his home of \$4,500 in his school fund accounts gave rise to unpleasant reports, has been heard from. He left Indianapolis for Dakota to visit a brother-in-law, Dr. Burr, formerly of Anderson, in the west, to get money to settle. The letter misstated the route and was not delivered until yesterday. Cottrell says he will be on hand to meet the commissioners and liquidate his liabilities.

The Diamond House. RESERVE TOWNS, Oct. 9.—In the report of the proceedings of the session of the board of county commissioners on Tuesday last, was an error in the matter of the Diamond House. The notification sent by the board of supervisors of the town of Reserve did not state that the mentioned house was run by Diamond at that time; it stated that the house was run by a man by the name of Cook.

Mr. Diamond, on hearing of the communication, going into the board promptly put Mr. Cook out of said house with his whole gang and took possession of the house, and after that time said house himself now, apparently in good order. FRANK JANSEN, Town Clerk, Reserve Township.

ITCHING DISEASES. ECZEMA, or SALT RHEUM, with its agonizing itching and burning, is most effectively relieved by warm bath with CUTICURA SOAP, and a single application of CUTICURA, the Great Skin Cure. This repeated daily, with two or three doses of CUTICURA RESOLVENT, will restore the scalp, to keep the blood cool, the perspiration pure and unobstructed, and the bowels open, the liver and kidneys active, will speedily cure Eczema, Tetter, Ringworm, Psoriasis, and other itching, scaly, and pimply humors of the scalp and skin. Refer to the best physicians and all known remedies fail.

ECZEMA TWENTY YEARS. My gratitude to God is unbounded for the relief I have obtained from the use of the CUTICURA REMEDIES. I have been troubled with Eczema on my legs for twenty years. I had not a comfortable night for years, the burning and itching were so intense. Now, I am happy to say I have no trouble. Only the liver-colored patches on my limbs remain as a token of my former misery. HENRY L. SMITH, 183 West avenue, Rochester, N. Y.

ECZEMA ON A CHILD. Your most valuable CUTICURA REMEDIES have done my child so much good that I feel like saying this for the benefit of those who are troubled with itching diseases. My little girl was troubled with Eczema on her face and neck, and after several medicines, but did not do her any good till I used the CUTICURA REMEDIES, which speedily cured her, which I owe you my thanks and many nights of rest. ANTON BOSSMER, Union Blocks, Edinburgh, Ind.

TETTER OF THE SCALP. I was almost perfectly bald, caused by Tetter of the top of my scalp. I used your CUTICURA REMEDIES about six weeks, and after curing my scalp perfectly, and now my hair is coming back as thick as it ever was. J. P. CHOICE, Waltersboro, Texas.

COVERED WITH BLOTCHES. I want to tell you that your CUTICURA RESOLVENT is magical. About three months ago my face was covered with blotches, and after three bottles of RESOLVENT I was perfectly cured. FREDERICK MAITRE, 23 St. Charles street, New Orleans, La.

IVY POISONING. For all cases of poisoning by ivy or dogwood, I can warrant CUTICURA. It is a powerful emetic, and will hold for five years and it never fails. C. H. MORSE, Druggist, Holliston, Mass.

Sole everywhere, CUTICURA, 50c; Soap, 25c; Resolvent, 1.00. POTTER DRUG AND CHEMICAL CO., BOSTON.
