

STILLWATER NEWS.

THE GLOBE AT STILLWATER.

The Globe has established a permanent office in the city of Stillwater, in charge of Mr. Peter Begg, who takes the management of the business interests of the paper, its city circulation, correspondence, etc.

Stillwater Notes.

The water has fallen to nearly five feet, the frosty weather tending to stop the regular flow of water.

On Monday there will be a special term of the district court, to try an old case, providing the attorneys on both sides are ready.

The steamer Cleon went to Taylors Falls on her regular trip yesterday, but as soon as hard freezing weather comes on she will go into winter quarters at Osceola, Wis.

The Rev. Dr. Carroll will preach a special sermon this morning in the Presbyterian church on "The Duty of the Hour—the Claims of Our Country on Her Christian Patriots."

Yesterday we had the largest crowds on the streets that we have seen for this season, and farmers, with their wives and daughters, were out in full force. The merchants appeared to be doing a thriving business, and everyone, with the exception of a few sore-heads, were smiling faces.

Capt. Geo. Knapp, of the steamer Cleon, reports that on Friday evening near Hudson, while returning from St. Paul, they had considerable difficulty with the ice, and they had to move stern first as the ice might break the solid ice. The night was perfectly still and with the sharp frost came a thickness of ice was formed.

Some parties during Saturday morning had an effigy strung over the center of Second street immediately in front of the postoffice. The action was a very foolish one, but yet such as would engender bad feeling. We trust that no one in this city will be guilty of such an act again, and we are sure that the perpetrators given any consideration to the act, they would not have done it.

The November term of the district court begins here on Tuesday next. There are fifty-four cases on the civil docket, the smallest number, says County Clerk Bennett, since he has been clerk. Nearly all the cases have been tried out, and the docket may be said to be a new one. The grand jury will be sworn in, the judge will deliver his charge, and a primary reading of the cases will be gone through with.

The criminal calendar is very heavy, and the cases in the burning of the Judd's house at Marine, being the principal and almost only one.

On Friday night there was another goose hunting party, who went down the lake on the steamer Ben Hersey, and they came back with fourteen geese. The evening was a most pleasant one and they enjoyed themselves thoroughly. The following gentlemen went down to Hastings to meet Mat Clark, who was returning from Wabasha: D. H. Hersey, C. P. Duran, G. E. Conrad, J. W. Netherby, Tuff McCartney, Geo. Hall, W. G. Clark, Jr., and Sam Register. They were clad over their success, and we do not blame them, as such fourteen monster geese are seldom seen in these quarters.

Last evening the Democrats had a monster justification over the election of Cleveland and Hendricks. The procession started on Main street, passing through all the principal streets. There were fireworks in abundance, and there were also some of the best advantage from the heights. A large number of residences were lighted up with flags and bunting, while illuminations were the general rule. Many of the buildings made a fine appearance. In the procession were a number of transparencies with suitable mottoes, and a triumphal car, surmounted by an eagle with outstretched wings, and draped with well arranged red, white and blue bunting, received much cheering as it passed the many spectators. The streets were a perfect jam, and it was one of the most successful demonstrations ever held in the city. Speeches were made from a stand in front of the city hall, and a better location could not be selected. The several speakers counseled calmness, but yet insist upon a fair count of the ballots. The cheering at times was simply tremendous and the people shouted themselves hoarse. Hon. E. W. Durant, G. E. Gregory, J. W. Castle and others spoke, and the names of Cleveland and Hendricks were mentioned the vast assemblage made the welkin ring. All joined in making it a success, and in the procession could be seen Republicans waving blue and white banners. This was as it should be, because after the election was over all differences ought to be dropped, because this country could get on well were we all out of it.

Remarkable Speed of Maud S. Yesterday.

LEXINGTON, Ky., Nov. 8.—Mr. Robert Bonner, who acted here on Thursday, superintended the shoeing of Maud S. this morning, and then directed that her trainer, W. W. Baer, should give her two exercising miles to keep her up for a cup performance next week, should the Indian summer last. As the weather had been bad and the mare short of wind, nothing great was anticipated, and the time of the warming up mile was 2:21 1/4. Baer nodded for the word in the first score of the second attempt, and the half mile in 1:03 1/4, the three-quarters in 1:36 1/4 and the mile was finished good and strong in 2:10 1/4—he fastest mile trotted in the state, and the fastest mile ever trotted in the month of November. The track was slow, it having frozen last night, and after the performance, the engineer who built it, and Mr. Hamilton Brisly, the editor of the Turf, Field and Farm, went around with a tape line. Owing to the bad footing, Maud S. was compelled to trot on the turns three feet from the rails, which made the mile no less than sixty feet longer. All things considered the effort was a mile in 2:05 1/4.

A \$75,000 Fire Near Duluth.

[Special Telegram to the Globe.]

DULUTH, Minn., Nov. 8.—A fire in Mark Paine & Co's. lumber yard at the Northern Pacific Junction, twenty-five miles west of here, to-day destroyed about 9,000,000 feet of lumber. Loss \$75,000. Insurance \$25,000. The Duluth fire company was telegraphed for and went out in time to subdue the flames.

Loss and Gain.

"I was taken sick a year ago with bilious fever." "My doctor pronounced me cured, but I got sick again, with terrible pains in my back and sides, and I got so bad I could not move!"

"I shrank! From 228 lbs. to 130! I had been doctoring for my liver, but it did me no good. I did not expect to live more than three months. I began to use Hop Bitters. Directly my appetite returned, my pains left me, my entire system seemed renewed as if by magic, and after using several bottles, I am not only as sound as a sovereign, but weigh more than I did before. To Hop Bitters I owe my life." R. FITZPATRICK. Dublin, June 6, '81.

CHAPTER II.

"Malden, Mass., Feb. 1, 1880. Gentlemen—suffered with attacks of sick headache. Neuralgia, female trouble, for years in the most terrible and excruciating manner. No medicine or doctor could give me relief or cure, until I used Hop Bitters. "The first bottle nearly cured me." "The second made me as well and strong as when a child."

"And I had been so to this day." "My husband was an invalid for twenty years with a serious "Kidney, liver and urinary complaint, pronounced by Boston's best physicians—' incurable.' I began to use Hop Bitters. Several bottles of your Bitters cured him and I know of the "Lives of eight persons" "In my neighborhood that have been saved by your Bitters."

"And many more are using them with great benefit." "They almost 'Do miracles!'" —Mrs. E. D. Slack. How to Get Sick.—Expose yourself day and night; eat too much without exercise; work too late in the evening; do not get up until you feel the vile noxious odors, and then you will want to know how to get well, which is answered in three words—Take Hop Bitters.

"None genuine without a bunch of green hair on the neck of the bottle, and the name, 'Hop' or 'Hops' in their name."
