

TRADE AND FINANCE.

Strength Imparted to the Market Today in an Unexpected Decline in Consols.

The Speculative List Shows Slightly Higher Prices than at Yesterday's Close.

Stocks Quiet, but an Advance Predicted in Northwestern—Grand Buying Lake Shore.

Chicago.

Special to the Globe. CHICAGO, April 4.—The markets to-day showed a slight advance. The unexpected and at first unexplainable decline to which in consols quickly imparted strength to wheat, otherwise it would have been foreign quotations. The close sympathy between foreign quotations and grain and provision prices was never more quickly shown. Nine of ten operators did not pause to think that the latest advance failed to indicate that the Anglo-Russian trouble was liable to result in other than a peaceful settlement, but figures were sufficient to indicate to them that

SOMETHING WAS WRONG, when the cables soon gave the meeting of the Afghan boundary commissioners and trouble in the English cabinet as the ostensible cause of the break. The air about the tops assumed the gun-foundry odor of the day, and next to 500 able-bodied bulls were eager and ready to declare war forthwith. May wheat was hoisted 1/2c, but in the absence of an actual declaration of hostilities it remained at 81 1/2c, hovering about those figures until the closing hour, when a slight advance was noted, the latest bulletins showing 80c, with a firm feeling. April closed at 76c, June at 82 1/2c and July at 84 1/2c. Considerable quiet and sharp trading was indulged in, but it was confined almost entirely to scalping deals in the usual absence of outside orders on Saturday.

THE CORN MARKET was dull and featureless, the whole range for the day being only 1/2c per bushel. May opening at 41 1/2c, advancing to 42c, declined again to 41 1/2c and closed at that, being just the same price as yesterday. Late advice pointed to diminished receipts, and as the demand continues very good better prices are hoped for, though they cannot be depended on. The closing figures were 37 1/2c for April, 41 1/2c for May, 42 1/2c for June and 43 1/2c for July.

OATS WERE QUIET and steady at a shade over yesterday's quotations early in the day, but the interestations early in the day caused a fraction. Cash was in good request and firmly held. Quotations at the close were 28 1/2c for April, 31 1/2c for May, 32 1/2c for June and 33 1/2c for July.

THE PROVISION MARKET displayed but little activity, and prices were about the same as yesterday, although some manifested some disposition to cover. May pork opened at \$11.75, advanced to \$11.80, declined to \$11.70, and closed at the opening price, slightly higher than yesterday. Seller April closed at \$11.60, June at \$11.82 1/2, July at \$11.95. Lard was quiet, closing about as yesterday, at \$6.00, and \$6.80 for May and \$6.90 for June. Short ribs were in light request, closing at \$5.90 for May, \$5.97 1/2 for June and \$6.02 1/2 for July.

AT THE STOCK YARDS business in all branches was fairly active for Saturday. Receipts were liberal and prices underwent little or no change as compared with yesterday, but during the week values have dropped 30 to 25 cents per 100 on cattle, hogs and sheep. Receipts of stock for the week are about 40,000 cattle, 87,000 hogs and 27,000 sheep, and about an equal number of each is looked for next week.

The Quotations.

CHICAGO, April 4.—An unexpected drop in English consols was the only moving range in the market to-day. The advance in wheat sharp demand at the opening, though the occasion of the decline was not made clear. It was supposed to have some connection with the Anglo-Russian dispute, however, and was accepted as a war sign, though no advices of any renewed foreign complications were received during the session. Wheat advanced fully 1 1/2c over the buying impetus, but fell back to medium figures at the close and closed about 1/2c over yesterday. The feeling in corn was firm, but no special features were developed, the market closing a shade higher than yesterday. Speculative trading in oats was higher than yesterday, but prices remained quiet, the closing figures were about the same as yesterday. Provisions were only fairly active, but prices ruled a shade higher. Flour was quiet and unchanged. Wheat there was a good trade at the opening, prices advancing 1/2c, influenced by a strong demand from "shorts," gradually fell back 1/2c and closed 1/2c higher than yesterday; sales ranged: April, 70,000 bushels, closed at 76c; May, 80,000 bushels, closed at 80c; June, 80,000 bushels, closed at 82 1/2c; July, 80,000 bushels, closed at 84 1/2c. Oats, there was speculative trading, prices ruled 1/2c higher early, but fell back and closed about the same as yesterday; cash, 28 1/2c; May, 31 1/2c; June, 32 1/2c; July, 33 1/2c. Barley was nominal, No. 2, 62c; No. 3, 60c. Flax seed was firm; No. 1, \$1.30. Mixed pork ruled somewhat stronger early, prices advancing 1/2c, but settled back 1/2c and closed steady; cash, \$11.60; April, \$11.60; May, \$11.70; June, \$11.80; July, \$11.90. Lard was quiet but steady, with prices advancing a trifle higher; cash, \$5.97 1/2; April, \$5.90; May, \$5.90; June, \$6.00; July, \$6.10. Boxed meats steady; dry, salted about \$1.00; corn, \$1.00; short ribs, \$5.90; hogs, \$5.90; sheep, \$5.90. On the produce exchange but was unchanged; creamery, 25c; eggs, 25c.

NEW YORK, April 4.—Government bonds are quiet, strong and unchanged. There was, however, a sale of registered 4 per cents at 121 1/2. U. S. Securities—Very dull and generally without quotations. Railroad Bonds—The railroad bond market has been more active this afternoon, especially for Erie 2nds, which have continued weak, while Nickel Plates are strong. The rest of the list is irregular. Stocks—This has been one of the dulllest days on the stock exchange for years. The total sales were only 71,000 shares, of which one-half was made in the first hour. Only two stocks (Delaware, Lackawanna & Western 23,000 and Pacific Mail 13,100 shares) show transactions amounting to as much as 10,000 shares during the day. This extreme dullness is to be attributed partly to the fact that the market change did not open until 11 o'clock this morning, and that the day fell between two holidays, and in part to the waiting disposition manifested by speculators who fall to show any confidence in present prices. The final quotations in a majority of cases show gains of 1/4 to 1/2 per cent., and in some instances, comparing prices this evening with a week ago, most stocks show declines ranging from 1/4 to 1/2 per cent., the latter for Union Pacific. Pacific Mail is down 1 1/2 per cent., Lake Shore 1 1/2 per cent., Northern Pacific preferred 1/4 per cent., and other stocks less than 1 per cent. The only remaining stocks which show gains are Chicago & Northwestern and Chicago, Milwaukee & St. Paul, each of which is up 1/4 per cent., New Jersey Central 1/2 per cent., Missouri Pacific and Canada Pacific each 1/4 per cent. The total sales of the week (14 days) were only 739,700 shares, against 1,000,000 shares last week, which consisted of six days.
