A BROAD-GAUGE CANDIDATE.

The Press cannot scarcely have used more emphatic language to describe the fitness of Mr. Rice's nomination by the Democratic party than when it says: "What is needed now at the head of the city government is a stern, fearless, implicitly just business man, who will go without fear or favor to the bottom of things."

Such a man is Hon. Edmund Rice, who is to be our next mayor. "The Queen's Own" Toronto's crack regiment has gone in search of Riel and his rebel ragamuffins. If the "Queen's Own" succeeds in coming up with Riel it will make short work of the rebellion.

HOWARD COOPER, the negro who made the brutal assault on Miss Lillian Madison, has been captured and lodged in the jail of that city.

THE FORT WORTH GAZETTE complains that the plums which are falling in the lap of Texas are small and shriveled. If your Uncle Dick Hubbard with his 287 pounds is small and shriveled, we would like to see a real plump Texas plump.

A CANADA LEGISLATURE. A legislature in the dominion is to seem different from a legislature in the states after all, judging from the salutation given in the Manitoba legislature upon its reassembly by the Winnipeg Press.

MR. BECKER ON THE TRAFFIC.

The meek sentiment which flows upon the state and upon its water is little less than a lake of burning brimstone, received a decided rebuke from Rev. HENRY WARD BEECHER in his handsome little speech at the banquet given to HENRY IRVING, the English actor, just before taking his final leave of America.

When Gen. LOGAN denounced CARTER HARRISON as a liar and traitor the people of Chicago cast the language back into LOGAN'S teeth, and now he has the satisfaction of eating his own words.

A WELL is the latest thing in inkstands. They are used exclusively by newspaper managers when figuring on the circulation of their paper, and are used to old legend truth lies at the bottom of a well.

THE BIBLE says that he who endures to the end shall be saved. The applicants who are still holding out in Washington have faith in the promises.

OUR old friend President BARRIOS is really dead, and his Confeley has collapsed. He died of a heart attack, according to BEN BRETHER'S fate. A fat nation is no more substantial than fat money.

THE New York Tribune reads very much as if JOHN A. LOGAN was editing the paper. It expects tobacco juice in the face of every prominent living Democrat in the country, and defaces the tombstones over the graves of those who are dead.

THE Afghan frontier is yearning for the blood of a few war correspondents. A CREBULOUS TRO. The venerable MISS ELIZABETH PEABODY made the journey from Concord, Mass., expressly to hear Mr. JONATHAN DONNELLY explain his BACON-SALADSPREAD cipher.

THE NEW GLOBE. The Red Lake falls under the control of the Globe inkstand, show cumulative evidence that he is a master of his profession. Able and popular as the Globe has long been, it is now the best genuine newspaper of the metropolis, and as the exponent of Democratic doctrine, it is a credit to the city.

A Newspaper in the Fullest Sense. The St. Paul Globe under its new editor promises to meet all expectations and give the Democratic party of the state able sustenance. It is at the same time a newspaper in the fullest sense of the word, and should be supported by its party rally.

THE GLOBE IN DAKOTA. There has been a change in the proprietorship and management of the St. Paul Globe, Mr. Lewis Baker having purchased and succeeded to it. The Globe always occupied a front rank with its contemporaries, and it is to be regretted that it is not more widely read.

Has Its Grip On All Territories. We are pleased to note that the St. Paul Globe has greatly improved of late in its general management, and is now a credit to the city. It is a Democratic standpoint, it is very lively, and it is a credit to the city.

MENTION OF MEN. Secretary Bayard looks like a Greek god. He is growing fat, and sleeps like an ananias.

THE EX-KHEDY OF EGYPT has sent \$200,000 to the Gen. Gordon fund. Ex-Gov. Sprague of Rhode Island is counting the big, big dollar in Mexico.

EX-GOV. HUBBARD OF TEXAS, the new United States senator, is said to be fond of the word "Gould." He is said to be fond of the word "Gould." He is said to be fond of the word "Gould."

CARTER COURTS A CONTEST. The Chicago Mayor Anxious to Open the Ballots. CHICAGO, April 9.—In reply to a question concerning Tuesday's election, Carter Harrison said: "My plurality will be from 570 to 800, as far as my information goes."

On the Western Division. General Superintendent Whitman of the Missouri river, where the ice went out, took a large portion of the bank on the Nebraska side away, but it is nearly fixed now and no more trouble is expected from it. A large force of men is kept busy engaged changing tracks, as the trains go across the river.

What It Passes the Division? The Oregon Navigation lease to the Northern Pacific is said to be a fair deal for the men. The road has not been earning much for some time, and rumor has it that the quarterly dividend ending March 31 will be passed. A statement has been made that the Oregon Navigation will be sold to the Northern Pacific.

Restrictions on Cattle Shipments. The Milwaukee & St. Paul road has issued a circular to agents and connecting lines instructing them to conform with the statutes of Iowa, Dakota and Minnesota regarding the transportation of Texas or Cherokee cattle-shippers to points in Minnesota must pay a fee of \$1.00 for each shipment.

Shocking and Fatal Accident. A live and interesting session of the city council was held yesterday evening, and the following important business transacted: The present chief of police, W. Dilley, was appointed chief of police, J. S. Nul, assessor, H. Bjorkner, city surveyor, F. O. Rice, health officer, Dr. Hunt, James Law and G. C. Chamberlain. After some little celebration and talk, the license business was decided upon, and raised from \$400 to \$500.

It Will Advance the Price of Wheat and Set Car Wheels Rolling on Every Road. Lake Navigation Will Open Duluth, but a Brisk Season's Business Looked Forward To.

Competition for the Between-Towns Along the Mississippi River—Oregon Navigation—Cattle Traffic. The Lake Season Opens Duluth. Special to the Globe.

CHICAGO, April 9.—There can be no doubt that a brisk season's business is looked forward to by all parties interested in lake marine. Many captains are arriving each day and beginning at once their work of filling out for the season's trade.
