A FRIEND OF SHADRICK'S. He Corroborates That Gentleman's

Statements. To the Editor of the Globe:

As a friend to Mr. R. H. Shadrick, and one that has been closely allied with his every action in public affairs since he came into the state, and knowing also whereof I speak in the present connection, I am prepared to say that his statements in the com munication of this morning are true to the

letter.

I have always understood Mr. Shadrick's motives and have never found them to be of any character that would barter the in-terests of his associates among workingmen in any sense fartner than this: There is no power that can be brought to bear on the workingmen that can whip them into line

for anyone save those who the majority may So far as the Pioneer Press is concerned in this matter it has always been accounted as an expert in the art of manufacturing

myths, and I would like to call its attention to the fact that it is a hard matter to cut such a man as Mr. R. H. Shadrick down with a knife that is whetted on suppostions. I am satisfied from my personal inter-course with the Hon. P. H. Kelly that he is a gentleman of sterling integrity, and when a gentleman of sterling integrity, and when he pronounces the Pioneer Press gush on this point "a lie," I believe what he says and am content to leave the matter there so far as he is concerned. Had Mr. Shadrick been appointed to the position of sup-

erintendent of construction of the Minneau olis postoffice he could have filled the bill to the letter, as he is a mechanic of extensive experience and remarkable ability.

As he himself remarks, Mr. Shadrick has never been guilty of the offense of trying to crowd politics into labor organizations, and I presume to say never will be. I have al-ways recognized him as a man of character ways recognized him as a man of character and ability and I have never been disappointed in my conception of his qualities yet. He can safely rely on a vast majority of the workingmen of Minnesota to follow his footprints so long as he pursues the course he has hitherto taken.

It behooves one who would do a general real estate business to have property for sale in all parts of the city, and while we do not claim to have on our books all that is desirable in this great and growing city, yet the list is increasing daily, and now embraces property of every class and description. If you have a lot or a house for sale, p lease call and let us know where it is and your price and terms. We may have a customer for it already. We make no charges unless a sale is actually made. Give us a chance at least to try and sell for you. Our office is thronged with customers, constantly, and \$20,000 worth actually sold in a week, gives but a faint idea of what we are doing.

If you have money to invest on a speculation we can show you several nice deals, the result of which cannot be doubted. If you wish to buy a lot for a home we certainly can suit you; or perhaps you would buy a house pleady built and save the wear and tear.

suit you; or perhaps you would buy a house already built, and save the wear and tear which everyone who builds must endure. If so, we will willingly show you what we have for sale and leave you to decide the question.
