Mr. Rudolph Snyder, one of the employees in the postoffice, was smiling all over yesterday, and was passing around the cigars generously. It weighed sixteen pounds, and was a boy.

An exciting game of baseball was yesterday played at White Bear by the St. Paul Favorites and the Union, the score standing 15 to 0 in favor of the former.

The most notable plays were made by Dilmore of the Favorites, who made a home run and distinguished himself by some long fly catches.

The burning of a chimney at 30 Forbes street, a dwelling occupied by Patrick Egan, caused a run for the department at 5 o'clock. Box 48 sound twice, which caused five of the different fire companies to make a needless run to Seventh and Williams streets, and afterward the proper number, 416, came in all right. It is probable the lines were blown across, one another by the strong wind at the time.

The Gospel meeting held at the rooms of the Temperance union yesterday afternoon was largely attended. Rev. R. F. MacLaren gave a most admirable address, taking as the basis of his remarks, "Fools make a mock at sin." Prov. xiv, 1. The singing was conducted by Miss Heatie Brush. Mr. D. Brown of Dayton, O., being present, also gave an excellent talk on the good work being done in his city.

Gov. Hale's Failure.

Concord, N. H., June 6.—Additional details of the failure of ex-Gov. Hale, whose residence is in Keene, show that the liabilities are about \$1,000,000. It is not known to what extent the liabilities are secured. Several other banks in various parts of New England, it is understood, hold Mr. Hale's paper to a greater or less extent. It is reported that Senator Blair and Frank M. Jones of New Hampshire are among the chief holders of ex-Gov. Hale's paper. The attachments placed on the property amount to \$277,000. It is said that one year ago Mr. Hale's statement of his financial standing as filed with Bradstreet's agency over his own signature, showed him to be worth \$700,000, with liabilities of \$100,000. The assets in this city are very light, consisting only of Mr. Hale's residence and the land and water privilege of the burned chair factory. It is rumored that Mr. Hale's investments for two or three years past have been very unsuccessful, and that he has lost heavily in railroad enterprises. Although the failure is said not to be a surprise to a few business men, it has created a profound impression.

The military company at De Smet has been armed with the most approved pattern of Springfield breech-loading rifles, and are now ready to respond to any call of the governor.
