ON THE WARPATH. Burglars at Willmar Meet a Warm Reception.

There was great excitement in Willmar Monday, says the Gazette, the occasion therefore being the presence in town of a gang of professional burglars. Dispatches were received here in the morning stating that burglars who had been through the town of Hutchinson, McLeod county, had taken the west-bound passenger train on this line Sunday night. Descriptions of the parties were telegraphed, and the officers of the railroad, who were kept closely to descriptions received, and who had come in on the night passenger from the East. No request to arrest was received, however, so the officers contented themselves with keeping a watchful look-out.

hearts. Her friends can in no way account for the rash act. Her family is crushed with sorrow and grief that she has ever been a liberal giver, and yet never had any political aspirations. He would not have accepted the governorship had it not been for the earnest and

Mankato. The Golden Eagle clothing house will soon be opened. It is to be conducted by Iverson & Einstein. Mr. Iverson has been with the Longtin clothing house of this city for a long number of years, and is conversant with every detail of the clothing business. Their new store is in the new building near the postoffice. It is reported that a prosecution for libel is about to be instituted against the editor of the Public Spirit for an article signed by "A Citizen," published in that paper, which reflected upon the main legal proceeding before Justice Thorne of Lake Crystal. John Dreher was up before the police court on Friday, charged with an assault. He was fined \$5 and costs. Martin Melhofer was also up before the police court, charged with disorderly conduct, paid his costs and was allowed to go. Martin is liable to drink a little too much, and then attempt to load it over his wife, which does not always end in his own interest, hence the complaint. The Hubbard & Co. next little pamphlet of sixteen pages. The first four pages contain a history of their mills and a description of the different brands of flour made by them. The balance of the pages are devoted to the various grades of Mankato, setting forth our advantages and needs. The edition is 10,000 copies, and shows much enterprise on the part of Hubbard & Co. We wish to make one extract, which shows the average of the different grades per acre in 1884 of Blue Earth county. Wheat, 20; oats, 52; corn, 38; barley, 33. The pamphlet contains no exaggeration, and while it is issued in the interest of the big mill, yet it contains many facts of interest and information to all, and it is hoped the country should appreciate it accordingly.

Wassena. Yesterday was sold a strong wind blowing, but the Morgan killers were out in full force and enjoyed themselves. Through some mistake the Masonic lodges from Mankato, Rochester and Winona were not present. Chief Justice Edgerton of Dakota and that old Democratic war-horse, La Due of Mantorville, were in attendance. The members met in the hall, and work in the afternoon. The lecture being given by Bro. Snyder of St. Peter. Ed. Donaldson of Chicago was in the city yesterday. Hugh Murray of Steele county shook hands with his friends Thursday. The spirit of improvement has been in the air. The raising of H. P. Norton's building up to grade, which will shortly be done. Soon our city will be up with the Southern Minnesota. Mr. Mrs. Monroe will leave next week, overland, for Nebraska on a pleasure trip, preferring to go by team than by rail. Harry Reid lost his youngest child yesterday. The sympathy of many friends is extended to him. Wassena county boasts of having a fine horse and cattle show, and are in the state, special attention being given to raising blooded stock. The Wassena Plow works are running full capacity and meeting with fine success. E. P. Latham has about finished up the O. T. Cheley assignment business. He has secured a large per cent on its indebtedness, owing to Mr. Latham's business tact.

Rush City. Some time in the early summer a party of horse traders from Minneapolis came here and traded off a number of horses. Soon after the council employed Dr. Berkman of St. Paul to examine the horses. He pronounced them and others exposed to have glanders and ordered them shot, which was done in each instance, excepting a horse belonging to K. P. Poulsen, who protested and had Dr. Parker of Minneapolis examine the horse. He pronounced it as glanders, and was quarantined and treated by a Swedish horse doctor from the country, who freely partook of the excretions of the horse's nostrils through his own. The horse has just died from glanders. The result of the following is to be published this season, watched. The St. Paul Roller Mill company will buy wheat at North Branch. E. C. Long & Co. of St. Paul are banking all their ties from the St. Croix river at the railroad crossing. Mrs. J. D. Jennings of Dubuque, Ia., has been in the city, and G. Turner, the railroad agent. Mrs. Jennings recently returned from nearly a year's trip in Europe. Her friends are glad to welcome her back.

Caledonia. Mrs. William Gann was very low, and her death was looked for several days. She is now reported as much better. Conrad Lauper of Eitzen, an old and esteemed citizen, was attacked by cholera on Nov. 15, and died. He was a resident of Eitzen, and adjacent to his farm, the county surveyor changing the lines in a recent survey. After two long and tedious trials, the jury pronounced him guilty. He was fined \$15 and costs, amounting in all to \$140, or in lieu of his payment of \$140. He was allowed to go. His counsel took him out on a writ of habeas corpus, but the court commissioner held him. H. J. Anderson of Spring Valley was assigned the contract for building the school-house, for \$6,300. He has the honor of being the first brick laid in the brick veneered, sixty-five feet front by forty-five feet deep, and will contain five school rooms—two below and three above. It is located on the corner of Decon and Washington streets, and is to be completed by Nov. 15. The bride, James Edin has returned. Two nieces, W. E. Dumbler, the Misses Hicks, are visiting friends here, as is also Miss Carrie Brown, from Watkinson, Ia., formerly a resident.

Red Wing. The property of the Red Wing Mills was sold at auction in this city Thursday by F. B. Howe, treasurer. Total sales of the day, \$13,064.25. All the purchasers are Red Wing business men, except Brooks Bros. of Winona. The stockholders of the Red Wing Mills are the following: J. C. Pierce, president; J. C. Barreau, vice president; E. V. Canfield, cashier; J. C. Pierce, Fred George, M. S. Chaudler, E. V. Canfield, T. P. Kellett and S. B. Barreau, directors. In the matter of the estate of John Daniels, B. B. Herbert, assignee, has made a dividend of a little over 9 per cent. The city council has instructed the committee on levee to estimate cost for repairing levee. The reservoir of the water works is being repaired. The wall for the reservoir at the base and tapering towards the top is being built outside the present wall. It is thought that this will be strong enough to resist the pressure when the reservoir is full. The new plant creamery will be removed to Kenyon.

Willmar. Three horses pulled a self-binder on the farm of Forsstrom brothers, two miles east of town, says the Gazette, ran away yesterday morning. The horses were smashed to pieces, and one of the horses killed. The horse killed belonged to O. B. Glarum of Willmar and had been loaned to the Forsstroms. A boy was riding the leading horse, but escaped without injury. Andrew Munsen, who was struck by a bar of iron by one Connolly, Kirkhoven two weeks ago, died Friday. Connolly is under arrest to answer to the charge of manslaughter.

MONTANA. Instigating a Factional Fight. Some alleged Montanian, having existence only in the mind of a Republican morning contemporary, is charged with the responsibility of an interview, wherein he seeks to show that the good of the country lies between the Hauser and the Magnus elements of the Democratic party in the territory of Montana. "The fact is," said a well-known Montana man to the GLOBE last night, "the only controversy there is between the two parties is a matter of contention for the control of the Helena Independent, which is a financial rather than a political contest. Both parties have an investment in the Independent and both are seeking control of its columns. The Hauser party is in possession of the paper, and it would like to get there. The alleged instigator would like to see the effect that a merger has never contributed to the

campaign funds in territorial contests is not sustained by the facts. Mr. Hauser is and ever has been a liberal giver, and yet never had any political aspirations. He would not have accepted the governorship had it not been for the earnest and

PERSISTENT SOLICITATIONS of his friends, and such members of the party organization as the territory shows of the conviction that Mr. Magnus has been duly honored by twelve years as territorial delegate. It is true that the friend of Magnus was also liberal contributors to Democratic campaigns, both in the main territory and in the territory. His supporters were Hubbard, Broadwater & Co., who several years ago dominated territorial politics, and through whose influence alone Mr. Magnus was elected time and time again as delegate, and later C. A. Broadwater, whose horse trade away Mr. Magnus was shelved. However, no special credit was due these supporters of Mr. Magnus on patriotic grounds, as it was their own interest and their own money that they were using.
