CHRISTIANS CROSSED.

The Council Still Undecided and Dr. Hutchins on the Anxious Seat.

Yesterday's all-day session of the Congregational council brought no final action whatever, and the body last night adjourned on Monday without having reached a conclusion.

Summed up, the meeting was nothing more than a general expression of individual opinion, the friends of Dr. Hutchins standing firmly and loyally by him and insisting on retaining him at all hazards.

The entire affair, however, reached a rather sensational and all agree that it can only do harm to the general cause of Christianity in the city.

As nearly as can now be ascertained, there is a small percentage of the congregation which has a personal dislike for Dr. Hutchins, founded on nothing more than that he does not please it.

He was made aware of the state of feeling, and believing his pastorate would be made unpleasant and inefficient, tendered his resignation.

It looks as though the prudential committee was "packed" by the dissenters, and without giving the friends of Dr. Hutchins an opportunity to be fully heard, they called the dismissing council.

The convancers saw 230 of the members and found 208 of them in favor of retaining Dr. Hutchins. The others were somewhat beforehand, and had informally communicated with Dr. Fairfield of Manistee, Mich., formerly president of Hillsdale college.

The situation is simply that the dissenters have accused Dr. Hutchins of "gospel-starring his flock," but his friends will not refute where no charges are made.

STUDYING THE QUESTION. Carpenters of North Minneapolis Discuss the Eight-Hour Problem.

with carpenters, who met to discuss the eight-hour question. A number of speakers addressed the meeting in favor of the proposed reduction of the hours of labor, advancing arguments to show that by its adoption the surplus of carpenters, which in Minneapolis amounts to about one-fifth the entire number, will be provided with work, thus removing an element which inevitably causes a reduction of wages, besides securing to all more time for improvement of mind and recreation.

From the submission of the workmen composing the audience it was obvious that the movement is being hailed with unanimous approval.

Similar meetings are to be held in different parts of the city for the purpose of educating the masses upon the question, and a closed meeting for members of the Carpenters' union will be held next Wednesday evening at Plummer hall, 111 Nicollet avenue.

THE CITY COUNCIL. The Routine Business Acted Upon at Last Night's Session.

A various lot of communications were read and given proper reference at last night's council meeting.

A communication relative to the adoption of the new metallic street signs which have been placed at the corner of Nicollet and Washington avenues was referred to the committee on public grounds and buildings.

An ordinance authorizing the Baltimore & Ohio Telegraph company to set poles and construct lines along the various streets in the city was referred to the committee on ordinances and fire department, as was a petition from Charles M. Loring, representing the city of Minneapolis, and asking a similar ordinance.

Herrick Bros. & Lowry petitioned for the privilege of trying a new system of "down draft" ventilation in the temple court for a period of three months as an experiment.

J. Gauss was granted permission to place a town clock in front of his place of business, subject to the approval of the engineer and chief of police.

The contract for furnishing brick for sewer building the coming season was awarded to Greg & Griswold, they being the lowest bidders.

Chief Stelson asked for permission to purchase Tinker keyless doors for certain fire alarm boxes located in the mercantile and manufacturing centers of the city.

Upon motion of Ald. Cutter the city engineer was directed to present to the council a plat of the property recently authorized to be transferred to the Minneapolis permanent exposition, and the plat was forthwith submitted.

The committee on fire department recommended that five hand fire extinguishers be purchased for the use of the department, to make the Ladd, Calkins, Hook and Oaker companies permanent, and to place three pieces of apparatus on runners for experiment, and the recommendations were adopted.

The committee on railroads moved that an ordinance be enacted giving the Northern Pacific Railroad company a right of way across certain streets. Adopted.

The council committee on ordinances reported an ordinance providing for the punishment of vagrants, limiting the time of their confinement to ninety days. The ordinance was passed.

ARRESTED AT LAST. Frank Trushel Finally in the Hands of the Law.

Frank Trushel has been arrested at last. His queer career which he inaugurated in Minneapolis on Christmas by getting forged checks cashed, it seems, he has strictly adhered to throughout his southern trip.

At the Hot Springs he succeeded in getting a \$300 draft on Joe Charbonneau cashed by Dr. Crane, proprietor of the Waverly hotel, he having previously known Trushel subsequently meeting a former Minneapolis man asked Trushel to get a check for \$150 cashed.

Trushel took the check, got it cashed, and left at once for St. Louis, where he was arrested by the police and taken to the Springs. The theory among his acquaintances in Minneapolis is that he has gone insane.

A letter received by Washburn, Crosby & Co., his old employers, goes to establish this theory. It wrote them giving advice relative to insurance on their mills, and while in their employ he had nothing whatever to do with insurance matters.

EXTENDING FIRE LIMITS. The New Boundaries as Given in the Attached Ordinance.

The council committee on fire department reported back the ordinance extending and enlarging the fire limits of the city, at last night's meeting, and the ordinance was placed on its first reading, and upon a suspension of the rules was passed. The new boundaries as defined in the ordinance are as follows:

Beginning at a point on the west bank of the river, at the intersection of Third avenue north; thence running to First street; thence to Fourteenth avenue north; thence to Sixth street; thence to Twelfth avenue north; thence to Taylor street; thence to the right of way of the St. Paul, Minneapolis & Manitoba railway company; thence along the right of way to First avenue north; thence to Twelfth street north; thence to Yale place; thence to Thirteenth street south; thence to Vine place; thence to Grant street; thence to First avenue south; thence to Fifth street south; thence to Seventh avenue south; thence to Fourth street south; thence to Ninth avenue south; thence to Third street south; thence to Eleventh avenue south; thence to the bank of the river and thence to the point of beginning.

ON THE ISLAND. Also commencing at a point 10 feet south-west from the southeast corner of bridge street, where it intersects the river, on the western side of Nicollet island, and running thence along the southeast side of the island; thence northwesterly along said river bank to Grove street; thence southwesterly to the western bank of the island, and thence to the point of beginning.

ON THE EAST SIDE. Commencing at a point on the bank of the river where an extension of First avenue north would meet the river; thence along First avenue north to Fourth street; thence to First avenue south; thence to Second street; thence to Sixth avenue southeast, and thence on a line of Sixth avenue to the river bank, and thence along the river to the point of beginning.

STEAM PUMPING STATION. The City Council Promises to Take Immediate Action.

At the regular meeting of the city council last night a communication was received from the water board, requesting immediate action in relation to establishing a supplementary steam pumping station, as had been voted by the water board. Referred to a committee composed of one alderman from each ward, as follows:

First Ward--Ald. Marvick. Second Ward--Ald. Barrows. Third Ward--Ald. Pratt. Fourth Ward--Ald. Cole. Fifth Ward--Ald. Doves. Sixth Ward--Ald. Swanson. Seventh Ward--Ald. Norenberg. Eighth Ward--Ald. Cooley.

The general sentiment of the council is to the effect that immediate action should be taken to procuring a site should be had, and the project will doubtless be pushed to an early culmination.

THE COUNCIL WILL GO. They Will Storm the St. Paul Ice Palace To-night.

At last night's meeting of the city council, Ald. Cooley, chairman of the committee on police department, introduced the matter of attending the storming of the St. Paul ice palace this evening.

A communication was read from President Finch to Mayor Pillsbury, inviting the attendance of the council and all organized bodies of the city, and then placed on file.

A communication to Ald. Cooley from E. C. Starkey, chairman of the St. Paul committee on police, was also read. It read: "On behalf of the committee on police I desire to join with Mayor Rice in expressing our pleasure at the announcement that the Minneapolis council, with a police escort, would attend the carnival to-night. This was followed by a communication from Mayor Rice as follows: 'Will consider it an honor to receive the honorable city council of Minneapolis with its escort and patrol wagon to-night. The council will be met at the depot in St. Paul with carriages and a handsome escort will be on hand, and after storming the ice palace a banquet will be given at the Ryan hotel. In order to give the St. Paul people an idea of the number to be entertained, Ald. Cooley was instructed to telegraph last night.'

Albert Schock and William Woodsday signed articles of agreement for a two-day race at the Washington rink for \$500 a side and the American championship, to commence on the morning of March 8.

R. F. Jones says he would like to know who the unknown is that is seeking newspaper notoriety. He claims that he is ready to make any fair race with any Minneapolis horse, but does not wish to be known as "slugging" would be indulged in and the police would interfere.

Charles C. Chilcote freely confesses his guilt, and after being indicted by the grand jury will probably plead guilty before the municipal court Saturday night. He is a member of the National bank turned up, but was not cashed. The draft was in favor of M. C. Tate of Nicollet island.

At the instance of Chief West, Julius Lindseer, who brought Valeria Bekofski, the Polish girl, to Minneapolis, leaving her at a first street hotel, was found by an officer. Country patrons will find it to their advantage to give us an early call, as we guarantee that they cannot buy the same quality of Goods in any other store in the West for 10 per cent. more money. Toboggan Suits made to order. Full lines of Toques, Sashes and Stockings.

James W. Tamm, who made such a popular campaign for the First ward alderman last spring, will very likely be the choice of the Democratic caucus this spring. A more eligible candidate cannot be found within the boundaries of the ward.

It is reported that J. T. Appleby has joined the lists of Republican alderman aspirants down in the Sixth ward. He tried conclusions with Matt Walsh three years ago, and got badly left. It may be the old campaign over again.
