Big Bear, the Northern Cree Chief, Released—His True Preparing an Ovation.

Macdonald Will Not Agree to the Public Exhibition of Pound-maker and Big Bear.

Favorable Outlook for Wheat.

Chicago, April 25.—The Farmers' Review will to-morrow print the following crop review, based on its returns from correspondents up to last night:

The weather has been exceptionally favorable during the past few days, and the wheat seeding and has been improved to the utmost in Wisconsin, Iowa, Nebraska, Minnesota and Dakota. Fully one-half to two-thirds of the country in Dakota and Minnesota has already been seeded and under conditions which could hardly have been exceeded. Seeding is progressing favorably in Wisconsin and Iowa, but in Nebraska and Missouri the reports are not yet complete, the indications are for slightly decreased acreage in Wisconsin and Minnesota and a considerable loss in Nebraska. The reports from the winter wheat states show little variation from those of the preceding weeks. The Kansas balance is not yet complete, but the improvement. The outlook at the best is that the yield will not exceed one-third to one-half of an average crop. In Dickinson and other counties the failure is almost total and the fields have been plowed under and devoted to oats and other grains. The reports from Michigan also show very little or no improvement. The prospects are from 15 to 25 per cent. of an average crop in the different counties. Reports of damage from the heavy rains from Michigan and other counties and from Missouri and Tennessee continue very flattering, the weather of the past two weeks proving extremely favorable. With the exception of one county in Kentucky (Johnson) where there is the promise of not to exceed half a crop, the returns continue very favorable.

Cut by a Plow.

Special to the Globe.

WORTHINGTON, April 25.—Last evening Dr. Barber of this place was called to the town of Graham Lakes, about twenty miles north of here, to attend a boy about 13 years old who had been hurt. The doctor found the son of Mr. Berlandi to have been seriously if not fatally injured. It seems that the boy was plowing, and one of the lines becoming entangled under the tail of one of the horses, he went to disengage it, when the horses started and ran over him, throwing him down and hit by the point of the point of the plow, which struck him in the left side about three inches below the heart, making a large hole from which his lungs and intestines protruded. These the doctor succeeded, after staying all night, in stitching up, but he was unable to save him, and left him quite comfortable this morning.

BIG BEAR RELEASED.

The Great Northern Cree Chief Out of Prison.

Special to the Globe.

WINNIPEG, April 25.—The great Northern Cree chief, Big Bear, and three of his head men, all of whom have been pining under the restraints of penitentiary life at Stony Mountain, this province, for nearly a year, for their acts in connection with the Riel rebellion, have been set at liberty and ordered back to their reserve. An attempt was made to interview Big Bear, but the old Indian would not talk. He looks very much reduced and shows the results of his imprisonment so clearly that all who have seen him consider that his health is irretrievably broken. He is very thin in flesh, bent in form, worn in mind and body. He is now in the hands of the government, and the old chief is indeed a sad sight, a complete transformation from the proud, dauntless, hardy brave that he was only a year or two ago, and his bent, gloomy figure and dejected countenance might be no small warning to the braves that served under him in his campaign against the whites last spring. A message from the far West says that Crowfoot, the Blackfoot war chief, as also the late son-in-law, Poundmaker, another Cree chief, who was released some time ago, have both sent messengers to Big Bear, assuring him that his official dignity has not been in the slightest degree diminished in their appreciation by his unfortunate imprisonment. His people, who dwell to the number of 15,000 on the Upper Saskatchewan, are preparing to give the old man such a reception on his return as will inspire him with new hope, although the government has forbidden the natives to indulge in any open acts of demonstration renewing their allegiance to the ex-convict.

CAN'T EXHIBIT THEM.

Big Bear and Poundmaker not to be Seen in Tents.

Special to the Globe.

OTTAWA, Ont., April 25.—Two medical men, one a Dr. Britt of Winnipeg, the other Dr. Orton, M. P., of Ontario, recently met with a severe rebuke at the hands of their party leader, Sir John Macdonald. They proposed a scheme, and they were millions in it, to procure for exhibition in Europe three of the leading Indian chiefs of the Canadian Northwest, viz.: Crowfoot, the renowned Blackfoot war chief, and two Cree leaders, who have been connected with the Riel troubles. To wit: Big Bear and Poundmaker. They proposed to obtain the consent of these braves to the measure, and to provide for their wants in fine style during the trip, and to give the government a handsome consideration for the privilege, but they rested their case chiefly on the fact that if these chiefs were shown in the great cities of eastern Canada and of England, and were taken to the annual encampments of their militia and shown some portions of the regular army of England, and were told that all these things were done for the good of their great mother, the queen, they would go back to their reserves and to their people so much overawed with the greatness of the Canadian people that they would never more dream of insurrection. Sir John listened to the scheme, and he said: "Well, gentlemen, the plan from a money-making point, is a good one. Do you propose to have these chiefs stuffed or take them over alive? There was a party named Nuttall and the enterprising medical men ventured to speak, and Sir John got off one of the jokes with which he usually dismisses disappointed delegations, and they departed with a mutual agreement to say nothing.

EAU CLAIRE.

Lumber Notes—The Ball Club-Town Notes.

Special to the Globe.

EAU CLAIRE, April 25.—Mayor Grimsell has forbidden the publication in the official paper of the minutes of the court proceedings of the 15th, showing the adoption of the new rules which leave him powerless to appoint committees. It is reported that two La Crosse lumber companies, who lost their mills in the 100,000 feet of logs on the Chippewa river saved by the Pioneer's mill at this city. This mill will run, if it can get logs sorted by the Delis Improvement company rapidly enough to keep the mill in operation. It is expected that the Sherman mill will also run, as a majority of the Chippewa logging companies on the subject are said to be in favor of it. Whether these mills run or not is an important question, as it will employ or three hundred laboring men here. William Schwahn was elected chancellor of the Pioneer's mill, Edwin Brainerd, an old resident, died Friday, aged 72. "The Old Folks' Concert" was given by leading society people Friday night at the First Congregational church, with Miss Myrtle French and Sadie Putnam as stars, will be repeated at the opera house to-night, in re-

sponse to a call from thirty prominent citizens. The members of the Eau Claire Northwestern league have all signed, and are: Robert Miller (pioneer), C. Madeline, Joe Cantillon, Nagle (catcher), Burdick, Doran, Lynch and Snyder. E. A. Morris, brakeman, was badly crushed by an Omaha train near Trust station, a mile west of here. An eight-year-old son of Alex. Neher fell from a horse and broke an arm. The Chippewa river has driven the eight-foot market out the pool, and stages on all streams continues, and about 2,500 men on the drives of the Eau Claire and Chippewa. John Rehnstrand has bought or John C. Neher the business building 200 South Brandon, for \$9,000.

FARMER.

A Transfer Proposed—Easter Ecceles—A Celebrated Case.

Special to the Globe.

EAU CLAIRE, April 25.—An effort is being made by some of our leading citizens to build a transfer from some point beginning on the Cannon Valley railroad down Willow street to Front street, and from thence down to Robinson's mill. At some date in the near future it is hoped an union depot will be built near Main street. The project is in the hands of the city by all the churches. The services were well attended, and some of the churches were beautifully trimmed with flowers. The music was furnished by the choir of the cathedral, St. Mary's Memorial chapel and the different Roman Catholic churches. The music was very fine, the selections being as follows: Processional, "Ten Thousand Times Ten Thousand." Dykes; Anthem, "Christ Our Passover," by the choir of the cathedral; "To Deum," "Laudamus," Young; Jubilate, Elvey hymn 99, Kyrie-Gounod; Gloria Tibi, Monk hymn 99, Warren. At the close of the service, the following followed: Processional, "Soldiers Awake," McMillen; sentence, The Lord is in His Holy Temple; "Carry," tenth selection in the "Gospel of the Lord," by the choir of the cathedral; "Come Ye Faithful," The celebrated case of Catherine Harris of Shilohville, this county, against the Minneapolis & St. Louis railway for the killing of the woman and child in 1883, a verdict has just been rendered by the district court of Le Sueur county in favor of the plaintiff for \$10,000. This case has been the subject of much discussion in the courts up to the supreme bench, and from there ordered back to the district court, with the result above mentioned. Great credit is due Mr. Thomas H. Quinn of this city, who has conducted the case throughout. Mr. Quinn is a brother of our former citizen, Judge J. B. Quinn of Minneapolis, and is one of our most promising young attorneys. The demand for the Sunday GLOBE was so great that although a large number of extra copies were supplied, the supply was not adequate. Extra copies have been ordered, and are now on sale at the book stores and the GLOBE office. Horace Eddy of St. Paul spent Sunday at the residence of Mr. J. E. Madden received notice Saturday from James E. White, superintendent of the railway mail service for the Sixth division at Chicago, that he was to be relieved by mail clerk between Chicago and Minneapolis.

The Red Wing Election.

Special to the Globe.

RED WING, April 25.—To-morrow (Monday) occurs our annual city election and it promises to be the most exciting contest for years. Both the Democratic and Republican conventions have nominated their candidates, and the citizens of both parties have united to support Hon. E. J. Howard for that office. The candidates for the other offices are as follows: City treasurer, Peter J. Johnson, Democrat; John Haskinson, Republican; F. B. Howe, Independent; for constables, M. Baldwin and T. E. Anderson, Democrat, and C. C. Johnson and D. M. Baldwin, Republican. For aldermen, the nominees of both parties are the same in the Fifth, Sixth and Fourth wards, and in the Third George Diepenbeek is the Democratic standard-bearer, while P. Gates represents the Republicans. The principal contest will be the mayoralty. The Board of trade directors met at 8 o'clock Monday morning. Easter day was very generally observed here. At the Episcopal church five services were held at two o'clock, which the sacrament of the holy communion was administered. In the evening Red Wing Commandery No. 1 had a grand annual Easter service here. The music was furnished by the regular choir and was excellent in every respect. At St. Joseph's Catholic church there were three services, and a high mass service Wilcox's orchestra assisted in rendering the music. "Haydn's No. 2 in C" which is spoken of in the highest terms by every one, both Protestants and Catholics, was performed in the Presbyterian church and holy communion was administered at the Methodist church. The Baptist several were baptized. Special services were also held in several of the other churches. Bishop Whipple will administer the rite of confirmation to a large number of children at the Catholic church, and Bowers at the Casino to-night. The Norwegians of Zumbrota have now definitely settled to celebrate the seventy-second anniversary of the independence of Norway in a most fitting manner. Mr. and Mrs. E. W. White of St. Paul are spending the Easter holidays with the family of C. Graham.

Pipestone Points.

Special to the Globe.

PIPESTONE, April 25.—Mr. John Lind of New Ulm is in the city paying the way for his nomination for congress. From present appearances it would appear that at the choice of the Republicans of this portion of the district over any of the other would-be candidates, and quite a number of the leading politicians here claim that there can be no doubt but that he will get the nomination at the convention. An important public railroad meeting is being held here to-day in regard to the W. & S. Falls route. It is understood that the company, through its directors, will give the people all the information wanted in regard to the road, bonus, etc. As Anderson is also working for this road it is thought possibly our people may be more willing to vote bonds than has been supposed. It is rumored here now that \$20,000 bonds instead of \$30,000, as was first intended, and many of our people look upon it with more favor than heretofore. Mr. J. O. Hart returned from Chicago to-day. H. B. Uman of the Calumet is in St. Paul on business. H. E. Corbett and Charles Mylins have returned from England. The village council is building a new jail, which has been a long-neglected institution in this place. The license for liquor dealers has been fixed at \$400 for the coming year by the new council.

THE DAKOTA BUDGET.

Special to the Globe.

SHE ALLEGED PROMPT CONDUCT. Bismarck, April 25.—An attempt was made yesterday by blackmail F. M. Seales, a famous racketeer of this city, by a woman named Mary Huffman, who demands \$500 under threats of alleged exposure of improper conduct. While the matter was being investigated she escaped, and up to the present time is in hiding.

Easter Observed by Knights.

Special to the Globe.

BISMARCK, April 25.—Tancred Commandery, Knights Templar, held Easter service to-day in the Methodist church. Rev. Thomas E. Dickey, Moorhead, preached the sermon. The members of the commandery were present in large numbers, and the service was well attended. The Knights of the commandery were present in large numbers, and the service was well attended. The Knights of the commandery were present in large numbers, and the service was well attended.

TERRITORIAL TIDBITS.

Special to the Globe.

The town of Howard prohibits the sale of liquor and is trying to exterminate billiard tables by taxing them \$100 and forbidding the use of blinds, screens, stained or dusty glass windows. They insist that the morals of the place cannot stand such amusements. It is related that a justice in Hutchinson county, when a sheriff came to serve a process on him, declared the court in session and fined the sheriff \$100 for contempt in persisting in serving the warrant, and ordered him committed until the fine was paid. Graders and contractors have arrived from St. Paul to begin work on the extension from Scotland to Mitchell. It is expected that cars will run by the middle of August. Mitchell sees an early future when it will be a great railroad center. Westinghouse Springs is engaged in securing the Duluth, Watertown & Pacific railroad. This fact has been favorably reported on by Col. Talcott, the representative of Eastern capital. The valuable stone and pure water are attractions. Theo. Roosevelt was unable to get his large and handsome boat, run off by thieves, back up to the city, and so came on down to Mandan and left it back to Medora by rail. The Mitchell Republican reports a Minnesota morning paper making desperate efforts to get into the Dakota field, offering its publication there at merely nominal rates. It is reported that arrangements are nearly completed for a line of stage coaches from St. Paul to Bismarck, and the towns along the river are looking for cheaper freight. The city of Bismarck is so situated that it will remain the terminus of the only railroad to the hills for at least a year, which will give it a big start. Jackson's Hotel is in chambers at Fargo Saturday, and goes to Devil's Lake to hold court the first of the week.

CAR COMPANY ANNUAL.

The Northwestern Manufacturing & Car Company Issues Its Yearly Statement.

A Net Decrease in Assets of \$193,190.54—The Surplus March 1 Was \$959,569.04.

The Diminution Occasioned by Charges to Profit and Loss From Bills Receivable of 1884.

Interesting Easter Services at the Various Places of Worship—Notes About Town.

Car Company's Annual Statement.

The annual statement of Hon. E. S. Brown, receiver of the Northwestern Manufacturing and Car company of Stillwater, from March 1, 1885, to March 1, 1886, has just been completed, and will be filed in the office of the county clerk of Washington county in a day or two. The statement shows a net decrease in the assets of \$94,457.31 for the year. The total assets of the company are \$5,951,948.96, and the total liabilities of the company and receiver combined are \$2,992,397.92, leaving a surplus as to creditors of \$959,569.04. The statement casts great credit on the management of Mr. Brown, the receiver, who, with the assistance of the stockholders have been trying to put the company on a sound financial basis, and the statement will surprise all those interested in this immense enterprise. The property of the company is becoming more valuable every day under Mr. Brown's efficient management. The GLOBE this morning publishes the statement in advance of its contemporaries, which is as follows:

ASSETS.	
Accounts Receivable—	
Due to company, \$204,268.09, estimated at.....	\$107,551.69
Account of Seymour, Sabin & Co., \$1,045,992.31, estimated at.....	104,339.88
Sundry receivables due the receiver, \$122,801.64, estimated at.....	69,274.98
Stocks and Bonds—	
300 St. Croix Land and Lumber company first mortgage bonds, pledged by car company.....	300,000.00
2,510 shares stock of same company, estimated at.....	70,000.00
195 shares stock of Drydock & Lumber company, estimated at.....	16,666.67
Cash.....	2,437.65
Total assets.....	\$3,951,948.96

LIABILITIES.	
Bills payable.....	\$1,205,308.69
Proved up claims for.....	\$49,204.60
able, (secured by farmers' notes).....	340,258.15
Contingent liability as exhibited March 1, 1885.....	86,558.20
Accounts payable.....	108,026.50
The special preferred stock of Seymour, Sabin & Co. (doubtful).....	500,000.00
Due to company.....	\$3,086,555.65
Due to receiver.....	309,190.86
Total liabilities of the car company.....	\$2,777,364.79
Of the receiver.....	\$120,398.99
Accounts payable.....	94,616.14
Total liabilities.....	\$2,992,397.92

Surplus as to creditors..... \$959,569.04

CHANGES IN ASSETS AND LIABILITIES.

Statement of changes in the exhibit of assets and liabilities March 1, 1886, as compared with the exhibit of March 1, 1885.

Decrease

Engines and thrashers at factory manufactured and in process of manufacture.....

Repairs for same, at factory and on consignment with agents.....

Stocks, cash, doors, etc., manufactured and in process of manufacture.....

Supplies for manufacturing.....

Rolling stock (cars owned and for use of factory) reduced in value.....

Real estate at Minto (by sales).....

Land and buildings (over sales).....

On machinery there has been written off depreciation.....

On water works.....

Tools.....

Steam heating fixtures.....

Bills receivable, farmers' notes, taken prior to appointment of receiver, (by collections, renewals and losses).....

The amount of accrued interest calculated upon the remainder of such bills is therefore less by Bills receivable, "farmers' notes" received by the receiver.....

Amount of accrued interest on the remainder of such bills has increased.....

Judgments taken by the company reduced by collections.....

Judgments taken by the receiver increased over collections thereon.....

Sundry bills receivable have been reduced.....

Bills receivable of Sabin's addition (by collections).....

Patents marked down.....

On patterns (for collection).....

On electric light apparatus (40).....
