This has rudely shocked the sensibilities of a large number of society people and a social war seems imminent. At a gathering Wednesday evening one leader of fashion is quoted as having said: "Why, I had no idea that she (referring to the erring young lady who, by the way, belongs to one of the best families in the city) would dare to do such a thing. It's a simple disgrace to society, and I am not sure but what we ought to drop her."
