

GONE OVER THE RANGE.

Buford, the Great Freight Carrier of the Black Hills, Drops Dead of Heart Disease.

Mr. White Stops at Winona Long Enough to Tell the Boys He Will "Get There."

A Merchant of Mankato Placed in Jail on a Charge of Arson.

Statistics From Otter Tail County--A Good-Sized Burglary at Ellsworth, Wis.

Dropped Dead. Special to the Globe.

MAMMOTH HOT SPRINGS, Wyo., Aug. 7.--S. Buford, who owns a large freight outfit and has freighted for years in the Black Hills, dropped dead to-day on the east fork of the Gardner bridge with heart disease, while with a large train. He lately moved his outfit to Cook City, the headville of Montana, to haul coals and building on a two years' contract. He was one of the most popular freighters in Montana and his sudden death is greatly regretted by all.

White is Confident. Special to the Globe.

WINONA, Minn., Aug. 2.--Congressman White is here to-night. He is confident that he will be nominated on the third ballot. He says Lovely has no show and would get more than twenty-three or twenty-four votes. He denied that he had a meeting with Dummell or that there is any agreement between them. He says Dummell hopes to get Houston, and he has Steele, and if he can hold the rest against White and Lovely he hopes to win in case of a dead-lock. White says he has Fillmore's seal, although Lovely is spending money to have the seal made. He counts on several of the Winona delegates, Fillmore, Olmsted and Mover solid and five from Wabasha. He is confident of nomination.

Other Tail Statistics. Special to the Globe.

FERGUS FALLS, Minn., Aug. 2.--The following statistics have been returned by the county auditor: The acreage of Otter Tail county for 1885 was 111,760 acres and the wheat crop 1,477,000 bushels. The average for 1886 includes: Wheat, 11,441; oats, 28,911; corn, 3,277; barley, 2,387; rye, 644; buckwheat, 161; potatoes, 1,639; beans, 38; flaxseed, 274; sugar cane, 18; cultivated hay, 7,778. The whole number of farms in the county is 4,325.

CHARGED WITH ARSON. A Mankato Merchant Arrested on Suspicion of Firing His Store.

MANKATO, Aug. 2.--At 10 o'clock last night a fire was discovered in Max Krolik's boot and shoe store in the Mankato block. The fire department turned out promptly and extinguished the flames before any serious damage had been done. On entering the building it was found that the goods under the shelves had been covered with kerosene, and that the gas arms had been removed from the pipe, filling the room with gas, which must soon have ignited and blown the building to atoms. The fact that the stock was insured for a large amount caused suspicion to fasten upon Mr. Krolik, the proprietor, who was arrested and taken to jail.

PLACED IN THE COUNTY JAIL. His examination will take place before Judge Porter of the municipal court.

Mr. Krolik stated to a GLOBE representative to-day that he thought the kerosene found on the goods came from a lamp broken by the firemen in entering the building, and that the gas pipe was broken from its fastening in the same way. He strongly denies any knowledge of the origin of the fire. He is a young Jew of good appearance and was started in business about a year ago by A. Krolik & Co., a wholesale dry goods firm in Detroit. His father is a member of the firm and is now traveling in Europe. He has telegraphed his uncle in Detroit, who will probably arrive here to-morrow. He has retained Mr. D. L. Collier, Esq., as his attorney.

PIPESTONE POLITICS. Probable Candidates for Local Offices--Democrat Prospects.

PIPESTONE, Aug. 2.--To a casual observer politics seem to be in a dormant state in this county, but never in the history of the county has there been more of the "still hunt" business than is now going on, and from indications plainly visible there are many men in the county who would be willing to sacrifice themselves for the interests of an office. Since the organization of the county, eight years ago, there has been no party lines drawn in the selection of county officers, and the present incumbents of all the county offices have been elected and kept there by the people regardless of any political feeling. But this year there seems to be a feeling by some that a change should be made in the fact of the county's orders being at par and the county virtually out of debt is a strong argument in favor of the present officials, who, by their business qualifications, integrity and economy, have made the county of things. But a change has taken place, and "this era of good feeling" is fast bordering into distinct party lines. The Democrats have formed a permanent organization in the county, and expect to carry a full county ticket in the fall. This party seems to have gradually grown into quite an organization, and after both parties have held their conventions to select their tickets in the field, party lines are to be drawn close, and in all probability there will be some surprises over the result of the election. It is a fact understood that Rook county is willing to concede the Pipestone county representative providing she As yet there is no clue to the perpetrators. This is the second robbery in that place this season.

Burglary at Ellsworth. Special to the Globe.

ELLSWORTH, Minn., Aug. 2.--Burglars entered the store of the merchant store of Campbell & Sanderson in Ellsworth, Wis., twelve miles from this place, last night and blew open the safe, extracting therefrom between \$400 and \$500, the bulk in cash, money and jewelry. The store is owned by John Campbell, a resident of Ellsworth, Wis. There is no clue to the perpetrators. This is the second robbery in that place this season.

Timberline Lock Out. Special to the Globe.

TIMBERLINE, Mont., Aug. 2.--The miners here are still locked out. The Northern Pacific Coal company brought twenty men yesterday from St. Paul, to take the places of the lock-out men. The company has armed men patrolling the gulch at night. There has not been any disturbance since the trouble started. C. W. Hanson, Secretary Executive Board.

Dunnell's Friends Give Up. Special to the Globe.

OWATONA, Aug. 2.--Mr. Dunnell's active friends in this city have given up all hope of his being nominated for congress. They are now booming him as a candidate for the house, and Charley Grant, his ex-postmaster, for the senate. If this plan succeeds, and they get their seats in the next legislature, there will be one of the liveliest fights we have ever had for United States senator.

Militia Encampment. Special to the Globe.

CANTON, Dak., Aug. 2.--A militia encampment of ten companies of the First and Second regiments Dakota National Guards will be held at Canton, Aug. 24, 25, 26 and 27. Arrangements have just been perfected with the officers of the department and arrangements are being made to make the encampment a great success. A sham battle will be one of the attractions and the city will open its doors for the accommodation of the crowds that will attend.

To Bridge the St. Louis. Special to the Globe.

WASHINGTON, Aug. 2.--The senate today passed the measure bill introduced Friday last by the senator from Illinois, authorizing the St. Paul & Duluth road to build a bridge across the St. Louis river near Duluth, and between the states of Minnesota and Wisconsin. If the company desires it, the bridge may be used for wagons to make the encampment a great success. A sham battle will be one of the attractions and the city will open its doors for the accommodation of the crowds that will attend.

The Iowa Editors. Special to the Globe.

SPRING LAKE, Ia., Aug. 2.--To-day the Press association took up for discussion the question, "To What Extent are the Readers and Patrons Responsible for the Shortcomings of the Press?" The discussion took a wide range. Many of the editors advanced the idea that the intense partisan spirit

the people in general was responsible for the political inconsistency of the average editor; also, that the insane desire for sensational and prurient matters manifested by the public led to everything that is vicious in this direction.

Special to the Globe.

ROCHESTER, Aug. 2.--The seventh annual fair of the Southern Minnesota Fair association will be held Sept. 13 to 18, 1886. The fairs held by this association, in their magnificent and amounts paid in premiums placing them among the best fairs held in the whole country. The fair this year promises to be unusually attractive. Liberal premiums are offered in all departments. As usual the baby show will be an especial feature. This exhibition will take place Wednesday at 10 a. m., Sept. 15, and is open to all the handsome babies of the country under two years of age. Eight elegant prizes are offered for the babies, and the show will be the largest ever seen in the West. A Minnesota circuit for fairs, embracing the state fair, Aug. 30 to Sept. 4; Stillwater, Sept. 6 to 10; Rochester, Sept. 11 to 15; and Duluth, Sept. 16 to 20. Large prizes are offered which will draw the fastest horses in the country. The Chicago & North-western railroad has made half rates for round trip tickets. All other roads in the state one and a half fare for round trip. For premium lists, special programs and any other information, address C. Van Campen, secretary, Rochester.

Special to the Globe.

BRITTON, Dak., Aug. 2.--At the Democratic county convention held Saturday at Aberdeen, Sept. 29. There was a large attendance. William P. Plaisted was chairman and George H. Craig, secretary. On motion, the chair appointed one delegate from each township to constitute a county central committee. Mr. C. B. Barrett of Aberdeen was presented and assisted to reorganize the party. The convention favored Col. M. W. Sheafe for delegate to the coming convention and so instructed the delegates. They also voted in favor of leaving the territory as a whole. The following delegates to the Aberdeen convention were selected: George H. Craig, Col. Isaac and Charles M. Twiber, P. F. Hubbard was elected member of the legislative committee. A vote of thanks was given Maj. Barrett and the convention adjourned.

Special to the Globe.

WASHINGTON, Aug. 2.--The two houses still disagree on the sundry civil bill. A debate followed the report of the conferees to the senate. In reference to the Yellowstone park item, Mr. Plumb declared that the park was in the hands of a monopoly. Mr. Vest stated the statement was incorrect. He had been notified time and again that unless he withdrew his opposition to the scheme to build a railroad through the park, the park would be broken up. The railroad company had a lobby in Washington, composed of newspaper correspondents and others, who are engaged in assailing senators and attacking their character. Interviews with some of the delegates show, however, that the Republic's high authority is certainly mistaken.

Special to the Globe.

REDFIELD, Dak., Aug. 2.--The military band arrived here this afternoon for a week's encampment on Morse's island, Lake Benton, beautifully located about eight miles from this city. The band numbers eighteen pieces, and a number of citizens also accompany it. Ex-Gov. Sherman and in response to a serenade responded in a happy speech, complimenting the band for proficiency in playing and drilling. They received an ovation all along their route, and as this is their first annual encampment the boys naturally felt highly elated. They will give a grand concert to Lake Benton citizens Friday evening.

Special to the Globe.

ELL SWORTH, Minn., Aug. 2.--Dr. G. M. Lair and wife are in the city passing the summer. The rope ferry between this place and Point Douglas has changed hands; Levi Coon is now proprietor of it. Two trains a day have been put on Chicago, Burlington & Northern railroad. In another month it is expected we will have a full list of trains on schedule from Chicago, Burlington & Northern to this place. The Chicago, Burlington & Northern at this place, and returned to the southern part of the state by the Chicago, Burlington & Northern in the city yesterday. George Glendonning has gone to Newport to work. Dr. W. W. Parker of Winona was at the store last week attending to dental work. Miss Annie Olive of Osceola is visiting in the city. The school for the deaf, at Chicago, Ill., is in session. The following are the names of teachers employed to teach in the public schools the coming year: Principal, R. B. Hazzard; room, Mrs. Mary Postlethwaite; intermediate, Miss Clara McFlury; upper primary, Miss Abby McElSmith; lower primary, Miss Willie Finley. The assistant in the high school has not been engaged. E. F. Mallin of Springfield, O., was in the city Saturday.

Special to the Globe.

WINONA, Aug. 2.--Mr. William Steiny the millionaire piano manufacturer of New York, was in the city to-day, the guest of Mr. Carl Hill. The two gentlemen were schoolmates in Germany. Mr. Steiny departed yesterday for St. Paul, Minn., to see the St. Paul & Duluth road. Mr. Pierce has sold out his interest in the produce store on Third street to his partner, Mr. Emcke. Mr. Nic Mueck was quite seriously injured this morning by being thrown from his wagon on Broadway by the horse running away. His injuries were principally about the back, although he was considerably bruised in other places. City Clerk Soiah K. Mathews of Minneapolis was the guest of his brother, Hon. John A. Mathews, over Sunday.

Special to the Globe.

ROCHESTER, Aug. 2.--Hon. Milo White of Chambliss in the city. An entertainment by home talent, assisted by Mr. Hamlet Easton, is to be given next Thursday evening; proceeds to be used for purchasing books for the city library. Mrs. H. O. Durston fell down on Broadway, and was very seriously bruised, but fortunately no bones were broken. Mr. J. Campbell and wife and daughter Mattie, returned from Dakota Friday. Mr. Claude Knapp returned from Fairbault Saturday. Miss Annie Holmes returned from her teaching school last Friday. Miss Peck returned from Fairbault Saturday.

Special to the Globe.

MANKATO, Aug. 2.--Harvest is in the final stage; grain has been well secured and threshing and winnowing is in progress. The yield and quality first-class. Farmers and laboring men's county convention has been called to meet at Good Thunder Sept. 10, to discuss the county and legislative ticket. This will materially complicate politics in the county, and will necessitate the passing of new combination "strategies" by a number of old parties who had their stakes in pretty good shape.

MONTANA RAILROADS.

Fight Between Jim Hill's Montana Central and the Helena & Red Mountain Railroad.

New Roads to Butte and a Through Connection Between St. Paul and That City.

Maj. Maginnis Explains Why the President Vetted Hill's Manitoba Right-of-Way Scheme.

The Indian Reservation Commission--Sparks to be Squelched--Territorial Politics.

Special to the Globe.

HELENA, Mont., July 30.--Since my last contribution there have been several lively episodes in the current history of Helena and of its tributary territory. The plots as to railroads have very materially thickened. The Montana Central, by its chief engineer, Gen. Dodge, has enjoined the Helena & Red Mountain from building on the right of way or passing the same. Col. Brewster, president of the Montana Central, and the able conductor of J. J. Hill of St. Paul, has enjoined the Helena & Red Mountain company from interfering with its private property along the Hot Springs or Ten-Mile Creek. While the injunction proceedings were pending the Helena & Red Mountain company procured from the same court Judge Wade, sitting in chambers, the appointment of a board of commissioners to condemn the right of way through these and other disputed premises, and the commission is now assiduously at work. In the meantime the Helena & Red Mountain railway is rushing its grade over the undisputed ground to Remint. There will be no delay in the work and within the specified ninety days the Helena & Red Mountain company will be running trains to its objective point.
