

AFRAID OF DR. AMES.

The Republicans Already Beginning to Squirm at the Prospect of His Election.

A Little Preliminary Mud-Throwing Indulged In at the Meeker County Convention.

Meeker County Republicans. Special to the Globe.

LITTLE FALLS, Minn., Sept. 17.—The Republicans sent to the state convention: C. H. Strobeck, T. H. Pendergrass, N. E. Hanson, Andrew Nelson and William Hildebrandt. To the congressional convention: V. P. Kennedy, N. J. March, Peter Saugren, C. A. McCollum, Vincent Jones and B. Wauwob. Both delegations go un-instructed. At the meeting some mud throwing at Dr. Ames was indulged in. The Republicans already feel uncomfortable at his nomination for governor.

FILLMORE REPUBLICANS. They Nominates a Ticket and the Balloting Has Already Begun. Special to the Globe.

PRESTON, Minn., Sept. 17.—The Republican county convention held here to-day was the most hotly contested in the history of Fillmore county. The result causes tremendous dissatisfaction in Republican ranks and balloting has already commenced. Following is the ticket: Senator, Col. C. B. Edwards, of Spring Valley; representatives, L. H. Collier, S. M. Collier, T. S. Towsley, S. G. Iveson and O. J. Hattlesled; county treasurer, M. N. Nelson; auditor, C. W. Rockwell; judge of probate, T. V. Farrington; register of deeds, H. C. Glickson; superintendent of schools, P. H. Brady; clerk of court, A. D. Gray; county attorney, Barrett Thayer; sheriff, Henry Nason; county commissioners, O. C. Svensen, Levi Ober, Ole Ameson, G. Vandevor, J. J. Hattlesled. No names were proposed for county commissioners or county surveyor. Delegates to the state convention: C. H. Conkey, S. G. Iveson, G. W. Sprague, Ole Ameson, George Andrew, G. M. Gunterson, John Brady and E. G. Balles. The delegation is un-instructed, but is in favor of Gilman.

THIRTY-FOURTH DISTRICT NOMINEES. Special to the Globe.

LITTLE FALLS, Minn., Sept. 17.—The Republican legislative convention of the Thirty-fourth senatorial district was held in the court house at Little Falls this afternoon to nominate candidates for state senator and three members of the house of representatives. Delegates from Crow Wing, Todd, Morrison, Benton and Miller counties, and also thirty-five from the county at large, were present. The court house was well filled with a large number of visiting ladies and gentlemen. The convention was called to order at 2 o'clock by J. C. Flynn, chairman of the legislative district committee, who read the call for the convention. John Waite, of Todd county, was chosen temporary chairman. He returned thanks in a few brief words. William E. Emery, of Crow Wing county, was made temporary secretary. Committees of five each were appointed by the chair on credentials, resolutions and organization. After a recess of five minutes the reports were read and accepted, and the temporary organization was made permanent. Nominations being in order William E. Lee, of Todd, J. C. Flynn, of Morrison, and Levi E. Dunn, of Crow Wing counties, were nominated by acclamation as candidates for representatives, and C. B. Buckman, of Benton county, as a candidate for the state senate. By resolution J. C. Flynn, of Morrison, John Waite, of Todd, William E. Emery, of Crow Wing, George W. Benedict, of Benton, and D. T. Coley, of Miller counties, were continued as the legislative committee for the ensuing session. Speeches were made by each nominee heartily endorsing the resolutions and pledging support for Gov. Gilman.

SMALL BITS OF POLITICS. Political Tid Bits Picked Up Here and There—The State Ticket Considered Strong.

Hon. Guy Wells, Duluth, was visible about the corridors of the Merchants yesterday. His tall figure and white hair made him the object of much attention from the many persons in the hotel. He is a life-long Democrat, in Mr. Wells, having been one of the pioneers in Iowa where he made the political fight against strong odds, and has the satisfaction of having lived for nearly forty years in one of the very few Democratic counties in that state, in that strongly Republican state. His old home was at Keokuk, in Lee county. A few years ago he moved, bar and baggage, to Duluth and is a most enthusiastic believer in the future greatness of that place. His belief is of a substantial character and has resulted in his buying extensively of real estate. He is prominently mentioned as the Democratic congressman from the Fifth district, and will probably receive the nomination at the convention which is called to meet in Fargo, Minn., next week. The well-known opposition to Knute Nelson entertained by the residents of Duluth renders a Duluth man most acceptable as the nominee of the Democratic party. Among the leading Democrats of Duluth he is more prominently mentioned than Mr. Wells, and it is considered next to certain that he will be the nominee of the county convention.

No Successor Yet. Dr. Guernon, the collector of customs at St. Vincent, whose nomination was rejected by the United States senate, said while in the city that he had heard nothing of the rumored withdrawal of Senator Sabin's opposition, which resulted in the rejection of his appointment. He said that his successor in office had not been appointed and consequently he knew how long he would be called upon to retain the position and discharge the duties. He supposed, he said, that an appointment would be made so as to be acted upon by the senate early in its session.

The Prohibitionists. Special to the Globe.

WINONA, Sept. 17.—The Prohibitionists will hold their county convention at the court house, on Saturday, Sept. 25, for the purpose of placing in nomination a full county ticket, together with candidates for the legislature. Mr. Childs, the Prohibition candidate for governor, will be present at the convention and will speak at the court house in the evening. He will speak at St. Charles on the 24th. Interviewed by a GLOBE reporter this morning, Mr. C. O. Bierce, the candidate of the Prohibitionists for secretary of state, said he believed the result of the anti-saloon prohibition would result in the splitting up of the Republican party. He said the Prohibitionists looked upon the movement simply as a ruse to bring them over into the Republican ranks, but among the party in Minnesota it would have the tendency to effect a more complete division. Mr. Bierce claimed to have numerous friends among the German Republicans in the First district, and he said they were all down on Lovely on account of the methods he has pursued to secure his nomination.

The Maine Election. AUGUSTA, Me., Sept. 17.—Chairman Manly, of the Republican state committee, telegraphs as the final result of the Maine election the following to the editor of the New York Tribune: Official returns from every city, town and plantation in the state give Bodwell, Republican, for governor, 14,000 majority; Edwards, Democrat. Our plurality on congressmen is 17,000. The Republicans elect 148 members of legislature, and the Democrats 253. Special effort was made by the Democrats to capture the legislature and defeat Hale, but it was defeated by acclamation and elected by the largest vote

ever thrown in Maine for a United States senator. Our victory, taking it all in all, is the greatest Republican triumph ever achieved in Maine.

Want to be Senators. Special to the Globe.

RED WING, Sept. 17.—The Republican convention for the Twenty-first senatorial district, comprising the towns of Cannon Falls, Cherry Grove, Holden, Kenyon, Leon, Stanton, Wamamingo, Warsaw, Belle Creek, Belvidere, Goodhue, Minnesota, Pine Island, Roscoe and Zumbrota, meets at Zumbrota, Sept. 21. Dr. Charles Hill, of Pine Island; A. K. Finseth, of Kenyon, and George W. Conroy, of Cannon Falls, are the candidates for the nomination for senator. O. K. Naeseth is mentioned for candidate for representative in the First representative district and J. C. Dickey, of Pine Island, and Prof. Nordvald, of White Willow, for the same office in the Second representative district. The contest promises to be one of the most noted in the annals of Minnesota politics.

Le Sueur Republicans. Special to the Globe.

MONTGOMERY, Sept. 16.—The county Republican convention met to-day at Le Sueur. The following ticket was nominated: For senator, J. M. Chapman; representatives, Charles Lehman and John Glase; sheriff, Henry Davis; judge of probate, William Savage; treasurer, Gustave Wendelsheffer; clerk of court, R. C. Thompson; auditor, Phillip Dressell; register of deeds, Joseph Kaehek; coroner, Isaac Kueley; county attorney, Ora Parker; surveyor, Edward Salsbury; commissioner for this district, Thomas Vonasek.

Carmichael Fighting For It. Special to the Globe.

EAU CLAIRE, Sept. 17.—The Democratic county nominating convention will be held here to-morrow afternoon. While a lively time is looked for, it is generally believed that the "old" ticket section of the party will be very much on top and will probably control the convention. The chief interest will center about the determined efforts of ex-assemblyman Carmichael to secure the nomination for member of the assembly. It is confidently expected that if Mr. Carmichael is not nominated he will bolt and run independent. He said: Since I have been in the legislature, I have had no peace for a good twenty-five years yet.

THE KNIGHTS OF LABOR. They are Going Into Politics at St. Louis and State the Reason Why.

ST. LOUIS, Sept. 17.—The central committee of the United Labor party composed of members of the Knights of Labor, the Central Labor Union and the Trades Assembly have issued a call for a convention to be held on Oct. 7, to nominate a full city ticket. Accompanying the call is a declaration of principles and the aim of the party. To secure to laborers the full enjoyment of the wealth they create; to make industrial and moral worth, not wealth, the true standard of individual and national greatness; in order to secure these results the party demands: The establishment of bureaus of investigation for the restoration of public lands for actual settlers; the abrogation of all laws which do not bear equally upon labor and capital; the prohibition of the employment of children under 14 years of age in workshops, mines and factories; the prohibition of convict labor; the assessment of a graduated income tax. The party demands at the hands of congress the establishment of a national monetary system in which a circulating medium in necessary quantity shall issue to the people without the intervention of banks; that the entire national issue shall be full legal tender in payment of all debts; that the people be guaranteed that the government shall not guarantee or recognize private banks or create banking corporations; that interest shall never be levied by the government, but when need arises the emergency shall be met by the issue of legal tender, non-interest bearing money; the prohibition of the importation of foreign labor under contract; the organization of national saving institutions; the acquisition by the government of all telegraph lines and railroads.

The Arkansas Election. LITTLE ROCK, Ark., Sept. 17.—The total vote of the state foils up 143,000. The Democratic majority is 39,000. The legislature stands: House, Democrats 67, Republicans and Wheelers 29; senate, Democrats 27, Republicans a nd Wheelers 3.

Congressional Nominations. WILKESBARR, Pa., Sept. 17.—The Democratic convention of the Eleventh congressional district, comprising a portion of Luzerne, Lackawanna, Montour, Columbia, Pike and Monroe counties, met this morning and nominated ex-United States Senator James H. Buckalew, of Bloomsburg, for congress.

MEMPHIS, Tenn., Sept. 17.—The Democrats of this (Tenth) district nominated James Pheelan, proprietor of the Memphis Ayrshire, as their congressional nominee.

BATON ROUGE, La., Sept. 17.—W. E. Robertson has been nominated for congress by the Democrats of the Sixth district.

NEW ORLEANS, La., Sept. 17.—The Democratic convention of the Fifth district to-day nominated C. Newton for congress.

THE STATE OF TRADE. Continuation of the Encouraging Reports of the Trade at St. Paul and Minneapolis.

NEW YORK, Sept. 17.—The trade dispatches to this week's Bradstreet, tell of an increased distribution of merchandise, with a distinct and widespread tendency toward higher prices for staple goods. The facts as to the leading cities are almost uniformly prosperous. From New England the autumn business is reported in excellent shape. Philadelphia reports satisfactory activity in most branches of the distributing trade, with no complaint of collection in any quarter. Kansas City reports the best business for several months with prices firmer. St. Louis finds still further improvement with free buying, in anticipation of higher prices. At Louisville business maintains an active and firm movement with the distributive trade especially well employed. The mercantile movement at New Orleans has been very brisk, with prices of staple goods, except flour, generally advanced on the week. From Chicago reports come that in important branches of trade surprise is expressed in the ease with which Western and Northwestern collections. Some lines report that money is coming in a month ahead of time. Good reports of collections generally have been received. Iowa trade continues to report a further satisfactory trade movement. Reports from St. Paul and Minneapolis of general trade are again favorable. The dry goods trade of St. Paul is particularly prosperous. The loan market throughout the country are generally reported more active, with a tendency to higher rates. At Cincinnati the rate of interest has advanced from 7 1/2 to 8 per cent. At New Orleans the money market is active, with a hardening tendency, and collections are somewhat slow at Louisville on account of low prices of tobacco and the reluctance of shippers. The bank clearings at this city for the week amount to \$274,676,336, compared with \$778,069,914 last week, and with \$752,509,309 in the like week of 1885. The increase last week from the total of the preceding week was 3 1/2 per cent., and this week the increase is 12.4 per cent. As against one year ago the gain is 20 per cent. There is a marked revival of speculative activity in the New York stock market and transactions this week amounted to 1,709,000 shares against 850,000 shares last week. Besides the settlement of the Granger Trusts and the formation of a new pool, there is the fact that Reading's difficulties are settled. Bonds of all classes are active and strong. Governments advanced on purchases made for the national banks and money is easier, though rates are firm at 5 and 6 per cent. and foreign exchange is weaker on a decreased inquiry. The Eastern wool market is less favorable to holders, the tendency of prices being upward. On some

lines a rise of half a cent a pound has been attained. The Boston wool market was stronger and more active at the close. At London wool prices are firm and strong. The wool sales at Philadelphia are larger than for any previous week this year. Boston reports remarkably favorable conditions in the dry goods trade. Cotton goods are closely sold up at the mills. The distribution is considerably ahead of that of last year. The general distribution in the iron trade continues strong and prices are well maintained. The visible supply of sugar, which stood at 1,077,643 tons two weeks ago has further decreased to 973,599 tons, against 1,026,391 tons same week last year. This, with reports of damage to the beet crop, has caused higher prices. Coffee has again been excited under further speculative manipulation, strengthened by smaller receipts, and advanced 1 1/2 c a pound. Domestic rice has advanced 10 c a bushel, as compared with a total of 178 last week and 190 the week previous. The casualties in the Pacific states and Canada are still above the average in number; in the other sections of the country they are light.
