BISMARCK, Dak., Jan. 15.—But little important business was transacted by the legislature to-day. In the house the greater part of the session was taken up with adopting rules which were subjected to several unimportant changes. Bills were then passed in the most important being introduced by Mr. Burnham, of Cass, regulating marriages and the solemnization thereof. It prohibits marriages between males under 18 years and females under 16 years of age. Sons under 21 years and daughters 16 years must first obtain the consent of their fathers, mothers and guardians. Several bills were placed on second reading and referred to appropriate committees. The speaker

SHARPE, Jan. 15.—The fire department was called out last night on an alarm from the First ward. Boehmer's residence was on fire, caused by the explosion of a lamp. The department confined the fire to one room and the damage is slight. The fire committee closed contracts last night for 350 feet of rubber hose, 150 feet of fabric hose, one two-wheeled jumper hose cart and two hollow hand fire extinguishers.

BALDWIN, Wis., Jan. 15.—The case of Barbo vs. Rider, which has excited much interest in this section, has just been decided in the supreme court. The question involved was as to the sanity of Barbo, and the circuit court had adjudged him insane and appointed a guardian. The decision of the supreme court just given affirms the holding of the lower court, except as to costs, which are ordered paid out of Barbo's estate.

MASON CITY, Ia., Jan. 15.—Yesterday while well-drillers were sinking a well on the James Jenkins farm, near this city, at a depth of fifty feet they struck a vein of water that is now flowing out of the ground in a stream fully six inches in diameter, and is still growing larger and stronger. It is the only artesian well in this section of the country.

EAU CLAIRE, Wis., Jan. 15.—Three members of the family of W. F. Cook, residing on the West side, were dangerously sick this morning, after eating for breakfast some baker's bread. A physician pronounced them to have been poisoned, and attributed it to a poisonous substance in the bread. They are likely to recover.

EAU CLAIRE, Wis., Jan. 15.—The Republicans held a ratification meeting to-night and speeches in support of Nils P. Haugen for congress were made by George B. Shaw, John A. Grieg and others. A great effort is being made to quiet the Republican kick against Haugen, but the Democrats still claim Johnson will carry the county and the Republicans fear it.

Fort Benton—Stockmen say the prospects are very favorable for stock going through the winter. So far there has been no loss of stock from severe weather, although the ranges are eaten down very close and it will be necessary for the stock to have few straws to get through. The chinook of last week has made good grazing, and it is expected that heavy snow storms for a week the stock will then be prepared to get through the winter in good shape. The prospects for early spring are very bright, and it is cloudy with a steady east wind. The thermometer is 15 above zero.

Fort Assiniboine—This being an Indian reservation, there are but very few head of cattle for the supply of the post. The cold weather and the snow have had no bad effects. The chinook which has been blowing day after day, left bare the south hills and many spots on the level.

THE NEW

Combination Policy

THE WASHINGTON LIFE INS. CO.

NEW YORK.

A DEFINITE is Always Superior to an INDEFINITE Contract

AT AGE 30, ANNUAL RATES \$56.50.

AT AGE 40, ANNUAL RATES 61.12, etc.

WHAT IT GUARANTEES:

THE COMBINATION POLICY OF THE WASHINGTON IN strong and implicit terms GUARANTEES advantages not found in the policy of any other company.

Suppose the amount of the Policy to be \$10,000.

IT GUARANTEES—

The payment of \$10,000, and all accumulated dividends, should the insured die within the period of 20 years.

IT GUARANTEES—

The payment of \$10,000, together with all accumulated dividends, if the insured survive the period.

IT GUARANTEES—

The payment to the insured of the full sum of all cash dividends to its credit, if desired, should the policy be surrendered before the expiration of the term.

IT GUARANTEES—

To the policyholder who survives the 20 years' period, a paid-up life policy for \$5,000 in addition to the \$10,000 cash.

ANNUAL CASH DIVIDENDS.

Under the COMBINATION POLICY OF THE WASHINGTON, the insured secures more protection than by any speculative scheme of insurance ever devised, by as much as the accumulated dividends would increase the amount of the policy.

Contrasted with the policy of any company whose dividends are deferred 5 years, 10 years, 15 years or more, during which the insured risks the entire loss of the surplus earnings of his premiums, and magnifies the hazards of his insurance, this policy of THE WASHINGTON is not only intrinsically more valuable, but is incomparably superior in the measure of the security it affords.

Till to-morrow, to-day's duty. If you have a Cold, Cough, Bronchitis, or any form of Throat or Lung disease, do not neglect it. Ayer's Cherry Pectoral, if promptly taken, will speedily relieve and cure all ailments of this character.

Two years ago I took a severe Cold, which, being neglected, was followed by a terrible Cough. I lost flesh rapidly, had night sweats, and was unable to get any rest. A physician called, but the medicine he prescribed afforded only temporary relief. A friend advised the use of Ayer's Cherry Pectoral. I began taking this medicine, and before finishing the first bottle was able to sit up; four bottles effected a perfect cure. —Geo. W. Dick, Newton, Mass.

In several cases of Bronchitis, caused by exposure to damp and cold weather, I have used Ayer's Cherry Pectoral. It is an anodyne expectorant of great value, and usefulness to patients of all ages. Its certainty of action, and its safety as a household remedy, are forcible arguments in its favor. No other preparation does its work so quickly and satisfactorily. —C. E. Hoyt, M.
