CHAPOTEAUT'S

WINE OF PEPTONE

Nourishes the sick and convalescent without fatiguing the stomach. Such is the problem resolved by this delicious aliment, which contains by Bordeaux glass measure, 10 grammes of beef meat entirely digested, also assimilable and deprived of non-digestible particles. It acts as a reparer in all affections of the stomach, liver, and intestines, difficult digestion, dyspepsia, anæmia, emaciation, nervous debility, cancerous affections, dysentery, fever, diabetes, and all cases which involve the necessity of nourishing the sick convalescent and sustaining their strength by a reconstituting aliment impossible to be supplied by extracts, concentrated broths and raw meat. The Chapoteaut is the nutritive par excellence for the aged and for children; it augments the richness of milk—nourishes. Paris, St. Vierge.

All purchases are taken in the name of the party furnishing the money. We select the property, look after and pay taxes and assessments, and sell the property and divide profits.
