THE ST. PAUL GLOBE. Has a Larger Circulation than that of Any Other Newspaper Printed Northwest of Chicago, and it is Steadily and Rapidly Increasing, Keeping Pace with the Growth of the Great City of which the GLOBE is Admittedly the Journalistic Representative.

TO-DAY'S WEATHER. WASHINGTON, Feb. 20, 10 a. m.—Indications: For Michigan and Wisconsin: Fair weather, followed by local rains or snow, warmer and variable winds.

SEVERAL OBSERVATIONS. ST. PAUL, Feb. 19.—The following observations were made at 8:48 p. m., local time.

Table with columns: BAR., THER., WIND, and other weather-related data for various locations like Duluth, St. Paul, etc.

THE COMMONS' PARTY. While very little has been said about it in the press, public attention has not been especially attracted to the convention which is to assemble at Cincinnati next Tuesday.

NOTHING TO SAY. A Clear Lake correspondent asks the GLOBE why it is that the Republican papers are so reticent on the late pension veto.

BIG BEEF SCHEME. That is a gigantic scheme the Marquis de Mores has for controlling the New York beef market. It shows our Eastern friends what Western enterprise means.

THE GLOBE'S DISPATCHES FROM PITTSBURGH. This morning give an outline of what is proposed to be accomplished by the Cincinnati convention. As Pennsylvania is the home of POWDERLY and Pittsburg is the residence of ANIMSTROM, it may be safely assumed that the platform of principles which is sent to us from Pittsburg this morning has been drawn up under the supervision of these two noted labor leaders.

THE GOSPIES ARE ALREADY BEGINNING TO WANDER. Mr. CLEVELAND will do after 1888. These persons, however, are rather premature in their predictions.

MR. BLAINE RETURNS THE CARDS OF ALL NEWSPAPER MEN WHO CALL UPON HIM WITH THE LEGEND ON THE BACK. "Not in. J. G. B." And yet it is the newspapers that have made him what he is and that will refuse to make him what he wants to be—president of the United States.

THE GENEROUS MINNEAPOLITANS ARE REALLY VERY GENEROUS. The general Minnesota people are really very generous. The general Minnesota people are really very generous.

THE ENGLISH IN JAPAN ARE VERY AND OVER. Minister H. E. BARNARD, who criticizes them severely, but as the sturdy Texan stands six feet two in his stockings, they are not likely to ask him for a personal explanation.

PERHAPS THE PLAN TO INDUCE THE COLORED PEOPLE TO EMIGRATE TO LIBERIA AS A REPUBLICAN SCHEME TO PREVENT THE DEMOCRATS FROM GAINING THE VOTE.

forming a one-act farce by making overtures to the people of St. Paul relative to moving the capitol building to a point where its presence would add value to their land. The gauziness of the proposition is apparent in the first place in the fact that the capitol building is the property of the state, and, in the second place, it can only be removed by a popular vote.

THE ESTEEMED CITY EDITOR OF THE ESTEEMED MINNEAPOLIS TRIBUNE has received almost enough advertising, if he has an eye left for the main chance, to fit him for the lecture platform.

THE TWO ENGLISH PEERS who advised that Ireland be handled without gloves are not contemplating a pleasure trip to the Emerald Isle this season.

THE AVERAGE YOUNG WOMAN can endure the prospect of Lent very well indeed when she sees a vision of an Easter bonnet at the other end.

THE FIGURES IN THE CROWD are especially fine and full of life. One particularly prominent is that of a man with both hands uplifted, shrieking a denunciation in chorus with the speaker.

THE PICTURE WAS AFTERWARD SENT TO PARIS, where it created a furore in the salon of 1870, and returned to the artist's hands in 1870.

THE STORY ABOUT THE PROSPECTIVE HER APPEARANCE IN THE HOUSE OF REPRESENTATIVES is a rumor. The prospect of her appearance in the House of Representatives is a rumor.

THE DAKOTA PRESS COMMENTS. The North Dakota fellows appear to have come everywhere in the Republican legislature down to Senator Griggs's whisky jury.

BETTER LATE THAN NEVER. Democracy is all in all in Dakota now—or will be as soon as the offices are parcelled out.

SECTIONAL FEELING INJURIOUS. The Dakota legislature is making arguments for division every day. Sectional feeling is generally being expressed at any time and the danger of it is a constant obstruction to reasonable, business-like procedure.

location of the capitol as proposed, will unite us in a common interest. We concede that it will redound in the ratio of benefits to each city in favor of St. Paul, but the open hearts and open hands which propose to join with you in the location of a new capitol at such a point will enlist the best sympathies of the people of this state at large will also be benefited, so that neither city can be accused of any ungenerous selfish purpose in this proposition.

HAPPY BOB MUST HANG. A Member of the Salvation Army Convicted of Deliberate Murder at Elmira, N. Y.

A Philadelphia Policeman, Crazed by Drink, Cleans Out the Station With a Gun. As a Last Resort His Superior Officer Was Compelled to Shoot Him Down.

A Poughkeepsie, N. Y., Man Kills His Mother-in-Law—Unger's Sentence. ELMIRA, N. Y., Feb. 19.—"Happy Bob" Vanbrunt, a member of the Salvation Army who has been on trial for several days for the murder of Will Roy, a half brother of Vanbrunt's sweetheart, was found guilty of murder in the first degree to-day and sentenced to be hanged April 15. The defense was insane.

MAD WITH LIQUOR. A Drunken Policeman Turns Loose On His Comrades With a Revolver. PHILADELPHIA, Feb. 19.—Officer John McIntyre, of the Second district, came to the station this afternoon mad with drink. On entering the roll-room he made a dash for the pistol rack, and before any one could get near him, he seized a pistol and began firing at the occupants. There was a general scurry for the doors, and, in a few seconds, he was left in full possession. Lieut. Lyons, who was in his private office at the time, heard the noise and, on ascertaining the cause from the officers who had just made a hurried exit, attempted to enter the roll room and capture McIntyre. Directly he opened the door, however, McIntyre opened fire, and the lieutenant was forced to retreat. It was impossible to reach him without first making him powerless. Lieut. Lyons took his own revolver and stealthily opening the door wide enough to admit of his getting a good aim, brought the madman down with a shot. A patrol wagon was immediately summoned, when it was found that McIntyre was badly wounded, and he was taken to the German hospital.

Killed His Mother-in-Law. Poughkeepsie, N. Y., Feb. 19.—John Walters shot and killed his mother-in-law, Mrs. Brien O'Neil, this afternoon. The killing was the result of domestic troubles. The murderer escaped.

Unger Convicted. NEW YORK, Feb. 19.—The jury in the case of Capt. Unger, who killed August Bohle, has returned a verdict of guilty of manslaughter in the first degree. He was given a twenty years' sentence.

Negroes Whipped. UNION CITY, Tenn., Feb. 19.—The law and order committee was out in full force last night. One woman and three negroes were visited and severely whipped. Elder Gascan, a barber and preacher, one of the men whipped, was seen to-day, and he says he does not know what he had done to deserve the punishment. The negroes, being about 2 o'clock, hearing a knock at his door, upon answering it, he was confronted by about twenty-five masked men, who gave him a sound whipping. The account of the affair is given by the negroes and the whites, and they all say that they were being whipped for. One says that they told him he had stolen a hog, another that they thought his work was too remunerative.

A Woman Assassinated. CINCINNATI, O., Feb. 19.—A horrible murder was committed on Mt. Adams, this city, between 9 and 10 o'clock to-night. It was that of Mrs. Mathia Warren by Edward Jordan, a drunken desperado. Mrs. Warren's daughter was found lying in her father's daughter in a baby wagon in the sidewalk in front of the house. Ed Jordan came along reeling drunk and upset the baby wagon in the gutter and pushed the girl in the street. Mrs. Warren rushed out in defense of her babe, protesting as she went against Jordan's brutality. The villain waited till she got within a few feet of him, and shot her through the lungs. She is not dead, but her wounds are mortal. Jordan escaped. If found in Mt. Adams to-night he will never see daylight.

Howard's Defalcation. JEFFERSONVILLE, Ind., Feb. 19.—Warden Howard's defalcation and the deplorable state in which the Indiana prison south has been found, continue to be the subject of a dramatic investigation of which the legislative investigating committee left for Indianapolis this afternoon. The result of the investigation has shown that the convicts have been swindled out of their meager allowances; the library fund misappropriated for ten years; and that the law practice has been a great cap. Howard has not been arrested. He refuses to make any statement. To-day he returned to one of the convicts \$2,300 of his money which had been borrowed from him. The assistant auditor of state, Mr. Coons, at the low estimate says that the deficiency will amount to about \$70,000.

Attempted Murder and Suicide. BETHSAY, Ill., Feb. 19.—Morris Hatfield, a well-to-do citizen, shot his wife and himself this afternoon. He died this evening. She will recover. They had quarrelled and separated three weeks ago. To-day Hatfield wished to effect a reconciliation. His wife was too frightened to do so. The man mistook her fright for obstinacy, and not stopping to look in her face sent a bullet into the woman's back and another into his own breast.

Killed His Mother. PHOENIX, Ill., Feb. 19.—A woman of un-savory reputation, named Mrs. Ogden, was found dead in the gutter in front of her house this morning. Inside the house her son Peter was lying on the floor in a drunken stupor. The house inside was a complete wreck, and furniture and fixtures being all broken. It is supposed that the mother and son had been intoxicated and that during a quarrel the latter murdered his mother and threw the body out of doors. An inquest is now being held.

Wanted to Sell. Arkansas Traveler. A Chinaman, Ah Wing Bo, having scalded himself and joined the society for the Prevention of Heathendom in America, desired to sell his dogs. He employed a hack lawyer to write an advertisement which he inserted in a daily newspaper. The advertisement ran as follows: "I have on hand a choice collection of good, pure-bred fighting dogs for cash, having gone into other business. My dogs were manufactured regardless of expense and are made of the most durable material. No. 1 is an eight-toed god of short but rugged build, and is a real fighting dog, but is warranted to last a man a lifetime. He was presented to me by my father, who bought him at shoemaker's bankrupt sale. In winter, when used as a back-log and well heated up, he will keep any man's feet warm for hours, and when the goes out, he never goes on a strike or complains of hardships. He is frank and confiding in disposition, and possesses a nature warmly sympathetic. No. 2 is a dog of good build, and is a real fighting dog, but is warranted to last a man a lifetime. Even the most inexperienced hand can drive a nail with him, taking hold of his ankles, which are admirably adapted for a handle. I will sell these gods at a price that will bring them within the reach of people in ordinary circumstances." The carrying out of this project and the
