MINNEAPOLIS

COUNCIL AND THE CITY OFFICES. The Democratic members of the new council should not think lightly of the responsibility which rests upon them. For the first time for years the people of this great city of Minneapolis have entrusted them with the government, and they must demonstrate by their acts that the trust was not misplaced. Before they commit themselves in the matter of filling the several city offices, the profoundest consideration should be given the men who are to be selected. That they will be Democrats is, of course, certain; but they should be more. They should be men whose hands and records are clear, and whose capabilities are unquestioned. The new council must fill the offices with men who are above the faintest breath of suspicion. The Jeffersonian test: Is he honest? Is he capable? should be applied to every candidate. and if he fails to meet the standard, he should be unhesitatingly dropped. For every office there are several applicants, and there will be no difficulty in making a selection that will reflect credit upon the council. The Democratic aldermen must realize that Democratic control of the council is but an experiment, and only do this by placing in the important city offices at their disposal the very best and cleanest men the party can furnish. The city offices are the party can furnish. they must make it successful. They can The city attorney, city clerk, engineer, bullding inspector, chief engineer of the fire department and health officer must all be men whose ability none can question, and whose records are clean pages. If the council will do but this, the control of the city will remain with the Democracy for almost all time to come; but let it fail in this, its first imperative duty, and the party will be overthrown at the next election.

THE MUNICIPAL COURT CASE. It seems the belief of certain interested parties that the action of the council yesterday, in reference to the vote for municipal portant relation to the results of the claim made by the Democrats. The reverse is It matter nothing whether the council declared Messrs. JORDAN and PENNY elected or not. The function of the council is simply ministerial, and if they be entitled to seats on the bench, their rights would not be in the least affected by the refusal of the council to declare it. The the refusal of the council to declare it. The Republicans have seen fit to make a party matter of the contest, but that fact is entirely without weight. The leading entirely without weight. The leading attorneys of the city, without regard to their political affiliation, unite in the belief that the terms of the present incumbents of the municipal court bench will expire with this month, the only difference of opinion being in the method of filling their | other places. Believing the terms will expire, and knowing the power of securing their successors remained with the people, Messrs. Jordan and Penny have made the race and been elected, and the law will the race and been elected, and the law will doubtless give them that to which they are The general desire to do what is right and abide by it is inherent in every community, and there is no reason in this case to anticipate any difficulty. A DEMOCRATIC council will convince the people the city is safe in their keeping. With the executive and the council pulling together and with harmony in the police commission, everything is lovely.

MILLERS of Minneapolis are unanimous in the opinion that the wheat producer and the flour consumer will be the greatest sufferers from the operation of the interstate commerce law.

THE new Democratic health officer will find his hands full, and will earn the gratitude of the people by at once giving the city a thor-

as well as those holding over, are requested to attend a conference this evening at the Algonquin club room.

RATHER SENSATIONAL.

Mayor Ames on Bethany Home-- He "Calls" Ald. Pratt.

Snyder made his report as follows: Four hundred and seven applications made for relief; 165 visits made by the superintendent, 223 cases of relief by groceries, 234 orders given for groceries and 222 orders given for wood. Number of patients in hospitals, 42; received during March, 33. Hospital expenses: St. Barnabas, \$289.71; Ho-moopathic, \$252.86; Northwestern, \$112.29; Bethany home, \$351; total, \$1,078.04. Num-

A motion made to adopt the report was unanimously carried. Before canvassing the vote Mayor Ames rose and said he wished to enter his personal protest:

He had noticed among the items \$351.43 to be allowed Bethany home for the care of five women and fourteen infants. He had only the day before signed a warrant for \$600 in favor of Bethany home allowed by the city council at its last meeting in accordance with a law, which under the manipulations of politicians and sectarian partisans had been passed by the legislature, giving the council power to vote any sum not exceeding \$600 for the support of Bethany home each month. This made the amount allowed the home for one month \$951.43. The record kept by the superintendent showed that only a limited portion of the inmates of the home had been direct charges of the city. There are judge and the special judge, bears some im- had been direct charges of the city. He was fully con vinced from evidence in his possession that more than one-half of the inmates of Beth-amy home came from outside the city—from other portions of Minnesota, Wisconsin, Iowa, and even Dakota, and he did not regard these as proper charges against the city of Minneapolis. Plenty of evidence could be spring disposed of so as to cause them no inconvenience in the future. The city should not be asked to support this class of people. There were no reasons why the libertines of Fargo, Duluth, Winona. St. Peter, and other

places should inflict upon Minneapolis the care of their illegitimate offspring and the mothers thoreof. Ald. Pratt here interrupted to say that he jure for the ensuing term the people will thought Bethany home a noble charity. have no fault to find, for their honesty is

Ald. Downs dissented from the statement that Bethany home is a sectarian institution, but the mayor met him with the question, "How much has been given to the Sisters of Charity by the city? How

THE RESULT CONFIRMED By the Council -- A Parliamentary Question -- General Notes of the

More Democrats ascended by the elevator to the council chamber, yesterday, than are usually seen about the city hall. But the Democracy feels that it owns the city now and that it has come to stay. They wer all partisan Democrats and it seems there are now few of the party who call themselves anything else. They surged into the council chamber and fully occupied the lobby. And nearly all of those Democrats are candidates. The council was settling up the election figures and the interest cen-tered in the judge and special judge of the municipal court, as the Republicans claim to believe there was no occasion for the election of such officers. The official vote showed the election of aldermen as already given, making the incoming council stand: At yesterday's monthly meeting of the bemcerats, 19; Republicans, 17. Messrs, J. supervisors of the poor, Superintendent G. Moore, B. F. Nelson and W. D. Hale were declared elected to the school board. In the First ward, Sixth precinct, 105 votes were returned for John D. Moore, but it was clearly a clerical error and was allowed to go to Prof. Moore. Messrs. S. A. March, Jacob Ingenhutt, A. H. Mitchell and C. M. Loring were declared elected park commis sioners. In the First precinct of the Sixth, 143 were counted for. A S. Mitchell: Fourth precinct of the Third, 256 for A. M. Mitchell, and First of the Seventh, 194 for H. Mitchell. All being palpable clerical errors, it was decided not to go to the trouble of getting a new return. F. J. Geist, for the north justice district, A. P.

Abell, for the south, and O. Tesner for the east, were declared elected.

In a separate report the committee submitted the vote returned for Arthur N. Jordan for municipal judge, and Albert L. Penny for special judge of the municipal court. Capt. Mills moved they be declared elected to these respective offices in accordance with returns on file with the city clerk. Without discussion the yeas and nays were called, the vote standing 10 to 10. Capt. Mills changed his vote to no for the purpose of moving a reconsideration hereafter, but Ald. Barrows moved to reconsider, and the motion was lost. The Republicans all voted against it and the Democrats for it. This ended the work and the council adjourned until next Tuesday afternoon, when the old will be rung out and the new rung

Notes of the Scramble.

There was no occasion for the ill-natured thrust of an evening paper at the candidacy of A. D. Smith for city attorney; no more was there for the sour-tempered fling of its morning duplicate at J. W. Lawrence for the same office. It is an honorable race and they are honorable men, and whether successful or not will have the respect of all who know

It is astonishing how many Democrats have been developed by the last election. Men who had no previous politics now expatiate to Democratic aldermen on their long standing Democracy. Something more than party loyalty should be necessary. John J. Henry, of the Seventh ward, is be-

ing pushed for janitor of the city hall, and it is understood that he has Ald. Noercuberg at his back. Henry is one of the prominent Democrats of the ward, where he has long been a power. It was an affecting sight to see F. C. Barrows and C. W. Clark during a recess of the council approach each other, clasp hands and gaze fondly at each other, as much as if to say: "Well, we got there, but it was a close out!"

Pratt, Fleetham, Sly, Phelps and Babb will be missed from the next council. The city might have much worse servants than they have been, especially Pratt and Babb.

Matt Gross is being strongly urged as a candidate for superintendent of the poor, and M. R. Curtiss, of the Seventh ward, is also mentioned for the office.

Ald. Ed Johnson sprung the game to re-consider the vote on the municipal judge matter and coached Ald. Burrows into making the motion. W. H. Finnegan, a well-known and popular

Democrat, announces that he is a candidate for the appointment as sealer of weights and Any one of the aldermen named would make a satisfactory president. In selecting any one of the four the Democratic caucus cannot

The Hodsdon Fymily Amenities --Hauson Priest Again.

The Hodsdon family's bickerings were aired in the municipal court again yesterday. Ebenezer, the father, was up for calling his son Conway a "perjurer." The alleged offense was committed March 31 during a family quarrel which grew out of the law suits which they have instituted against each other. Mrs. Hodsdon, the son and the daughter Julia were the witnesses against the elderly and doughty defendant, and each swore that he had used the ex-

About 10:30 yesterday morning a young man named William Peterson was standing on a Manitoba track, near Washington avenue north, watching an approaching train on the St. Louis road. While thus engaged a switching freight train bore down on him from behind. He was knocked down and both legs were amputated by the cruel wheels, the right leg being cut off between the hip and knee and the left below the knee. Dr. Ames dressed his wounds and sent him to St. Barnaba's hospital, where at 11 o'clock last night he was re-ported doing well. It is thought he will Asked to Pay Up.

A number of interesting tests of strength of various materials were made with the machine for that purpose: a thorough inspection of the building and its appliances resulted in nothing but hearty approval from the practical critics.
