trotting horse than is W. L. McGrath, of St. Paul. He declares that the recent meet-ing of the Twin City club at Hamline was in every respect a great success, both as regards finances and trotting, especially as regards trotting. Of all the horses he saw

trotting, especially as regards trotting. Of all the horses he saw there he esteems Pathere he esteems Pathe here last year, winning with ease, seems to me to go very much the same way that Patron did. 1 cannot carry in my mind just exactly how Also moved, as it was a year ago that I saw him trot, but I know that I was very strongly impressed with the easy motion and perfection of gait exhibited on that occasion by the commodore's remarkable fine colt. I have bred to him and amoing to breed some more mares to him. fine colt. I have bred to him and am going to breed some more mares to him, for I regard him as the most remarkable colt, all things considered, that I have ever seen. He has everything in his favor, size, speed and breeding, and it seems to me he cannot fail to make one of the most remarkable horses of our day. I look for him to go very fast.

fail to make one of the most remarkable horses of our day. I look for him to go very fast, providing they let him out for a record. I doubt if they will this year, for he is a very large animal, and I understand that the commodore is opposed to hurrying him, but on the contrary holds to the idea that he should be brought forward very slowly and gradually. In this, I think, Commodore Kittson is right. If he was to be hurried now he might be ruined for fast work, and it would be a great misfortune that such a remarkably fine colt should thus be injured. Pennant, of whom I just spoke, is a handsome bay stallion, a remarkably fine colt should thus be injured. Pennant, of whom I just spoke, is a handsome bay stallion, seven years old, sired by Abe Downing, 2:20¼, son of Joe Downing. His dam was by Harold. He is a great horse, and with proper handling for the next year ought to make a great trotter. As a race horse, though, Patron pleased me the most. I have no idea that animal has been trotted to his full speed, certainly not in public yet. At three years old he trotted in 2:19 1-2, and many times since has trotted in the same or better time. I am satisfied of this, for when he put in a heat at Hamline in 2:19¼ he did it so easily that he showed very clearly that if he had been called upon for more speed it would have been furnished very easily. I want you to mind what I tell you. Before this trotting season closes you will see Patron make a record of 2:13, and thus surpass all stallion records." The record is make a record of 2:13, and thus surpass all stallion records." The record is made and we will wait for the fulfillment of the prediction.

## Death of Alcyone.

Last week the well-known stallion Alcyone died at Highlawn farm of inflammation of the bowels. He was ten flammation of the bowels. He was ten years old and in very high favor. Elizur Smith paid \$20,000 for him. He was bred at Inwood, Ky., and was by George Wilkes, out of Alma Mater, by Mambrino Patchen. His dam is still alive and is a wonderfaul producer of speed. Everything out of her trots. Alcyone had a record of 2:27, and his brother, had a record of 2:27, and his brother, Alcantara, has a four-year-old record of 2:28. Alcyone entered the stud in 1881 and got thirreen foals. One of these was Silverone, with a three-year-old record of 2:244. He was not a large horse, but he was a perfectly made one. He owes Mr. Smith nothing, having earned the \$20,000 paid for him. Alcantara, the full brother of Alcyone, is owned at Highlawn.

The Chicago Horseman on the Twin Cities Races.

The correspondent of the Chicago Horseman who came up to St. Paul to

attend the races of the Twin Cities at Hamline writes as follows to that paper from St. Paul:

The night before the curtain rises upon the great Twin City trotting meeting, I find myself seated in comfortable quarters—the Merchants hotel, under the management of Col. Welz, a most excellent one. I jot down a few notes. Seated around in the easy chairs I notice a large number of horse owners and breeders, and a large number of the prominent drivers, which means that there will be some good driving done, and that the owners of the horses are here to see their favorites go. Among the number of owners, I had the pleasure of meeting Mr. Emory, of Cleveland, owner of the Forest City farm, and part owner of the great Patron. W. H. Wilson, of Cynthiana, owner of Abdallah Park, and such good stallions as Sultan, Simmons, Kaiser and a host of others. Mr. Bowman, of Waverly, Io., a wealthy banker and stock breeder, and owner of the prominent trotting stallion Pennant. J. I. Case, of Racine, of Jay Eye See and Phallas notoriety, and others. Splan, McCarthy, Fuller, Ayers, Spencer and a host of other prominent drivers are domesticated here, and consequently much speculation as regards the coming meeting is made. Crawford, Hickok and others are stopping at the Ryan, owned by that genial millionaire, Dennis Ryan, and a great lover of the turf. This meeting has been generally looked forward to as one which was certain to include some events of unprecedented brilliancy, for the fact that there are speedier trotters and pacers entered for this meeting than ever before, and also that the state fair ground track has a reputation of being a fast one. Whether the events of this meeting will sustain this remains to be seen, and one cannot talk with Maj. W. F. Cross, the genial superintendent of the track and grounds, without seeing that he believes that it is second to none. He but speaks the thoughts of the citizens of the track and grounds, without seeing that he believes that it is second to none. broke and he turned them around and came back for a new trial. As he was to have three trials, the second time he got a good send-off, his team going as level as could be asked; he flew to the quarter pole in :35, to the half in 1:13 and finished the mfle in 2:24½. Everybody was enthusiastic, and it certainly was a great mile, taking into consideration that Mr. B. is not a professional driver and has had his team at his home, supervising their care and handling them personally. Mr. B. was the recipient of a handsome bouquet at the hands of the ladies, which he received with blushing modesty.

### MISCELLANEOUS.

Happy Medium now stands at the head of living stallions, so far as the 2:30 list is concerned, there being now thirty-two of his get within the list, but it is a noticeable fact that not one of the many colts he has sired since being taken to Kentucky eight years ago has entered the list, and this is causing some talk among horsemen and breeders.

Edwin Thorne, 2:16½, is taking his pre-liminary work very kindly, and thus far the lameness that troubled him last year so much as to prevent his appearance on the turf has not shown itself. He will probably join Turner's stable next fall.

The great Ten Broeck that died a few days ago had a record for one mile of 1:394; one mile and five furlongs, 2:49½: two miles, 3:27½; two miles and five furlongs, 4:58½; three miles, 5:26½; four miles, 7:1584.

The well-known Indiana stallion, Hambletonian Tranby, son of Edward Everett, that was kicked by a mare a short time ago, was destroyed, the broken leg refusing to unite.

Jay Eye See is again on deck. A few days ago littler moved him a mile in 2:27½; over destroyed, the broken leg refusing to unite.

# Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the con-stitution than Catarrh. The sense of smell, ing or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind—one or more, and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force and breaks up the most robust constitutions. Ignored, because but little understood, by most physicians, imporently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his Radical Cure has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease toward the lungs, liver and kidneys.
