CHILDREN'S DAY.

The Youngsters Enjoy Themselves At the Exposition.

Yesterday was children's day at the Exposition, and despite the inclemency of the weather it was a complete success in all respects. The throng of youngsters was something wonderful, and all types and conditions of childhood were represented.

The most enjoyable event of the day was given between 3 and 4 o'clock. The details of this very pleasant feature were managed all day by Will Steele, and everything passed off successfully.

The bear walked and the young ones laughed; the dog twisted his head and shook his tail, and the children screamed; the ballet dancer hopped in the puppet show, and a chorus sang out of little maidens.
