

SANITARY CITY DOINGS

The Carnival Clubs Will Turn Out When President Cleveland Arrives.

Program for the Reception of His Eminence, Cardinal Gibbons.

An Important Decision by the Railway Commission--A Needed Improvement.

Commissioners and the Court House Contract--Monday's Local Layout.

THE CLUBS WILL COME OUT. Carnival Suits Will Line the Streets When President Cleveland Comes.

"It will take about 1,800 men stretched in line on both sides of Third street, from Sibley to Washburn," said President Lewis H. Maxfield to the representatives of the carnival clubs at the Ryan last evening.

As an evidence of the enthusiasm at present prevailing among the carnival clubs on this subject, the headquarters last evening was occupied by the representatives of the various organizations prepared to give data to the commission.

LADIES ARE WELCOME. One of the captains inquired if it was proposed to have ladies take part.

To this D. A. Montfort replied that they wanted everybody that had a uniform.

They will be ready to start on the 10th of October, and if the ladies wished to do so they would be cordially welcomed.

They will be ready to start on the 10th of October, and if the ladies wished to do so they would be cordially welcomed.

of their cassocks and berets. The reception committee consists of C. D. O'Brien, J. J. Beaumont, John W. Willis, John S. Prince, George Reis, Alf Dupresne, J. B. Oliver, F. H. Kelly, and Dr. Brennan. It is expected that besides Bishops Grace and Ireland, of St. Paul, there will be present four bishops from other parts of the country. Bishop Ireland, who is expected to arrive by special telegram from Milwaukee which appeared in yesterday's Pioneer Press and which states that Cardinal Gibbons will arrive in Milwaukee on Monday morning and be the guest of Archbishop Healy during the day is entirely wrong. The cardinal, the bishop says, will be in Chicago on Tuesday, and will be the guest of Archbishop Feehan. He will remain in Milwaukee only long enough to pay his respects to Archbishop Healy at that place and will then depart for St. Paul.

On next Sunday pontifical high mass will be celebrated at the cathedral at 10 o'clock. The subject will be the feast of St. Doka. Doka will be the celebrant and the sermon will be preached by His Eminence Cardinal Gibbons, Archbishop of Baltimore. The regular psalter, as an act of courtesy on this occasion have been advised by the parish priest to share their seats with those outside the cathedral, many of whom are expected to be present.

WHAT WILL IT DO?

The Grand Jury Will Begin Its Executive Session To-day.

The September term of the district court will open to-day at 10 o'clock. The grand jury will be sworn in at once and will probably be charged by Judge Simons. The following are the names of the grand jurors:

Thomas Brennan, Alvaren Allen, William Banzhoer, Samuel Dearing, William E. Burton, George Baker, William E. Burton, Carroll S. Bartram, Alexander Pusley, Charles F. Bernard, Sylvester M. Carey, John F. Carey, E. A. Brown, Frank Hayward, Joseph K. Bacon, John B. Hoxie, Henry M. Hart, John Zaudke, William J. Homan, Hiram C. Jones, James C. Boyden, William F. Field and F. B. Doran.

Just what this body will act upon aside from the criminal cases on the calendar, and the periodical visits to the county buildings, is hard to tell, but it is rumored that they will take up the social question and also to ascertain whether or not there is any gambling going on in St. Paul. The deliberations of the grand jury will probably occupy all the time of the court.

Brill will hear the court cases and Judges Simons and Kelly will try the jury cases. Judge Wilkin will attend to the special term. The calendar is one of the largest ever held in Ramsey county, containing 1,000 cases, including a large number continued from last term. Oscar C. Voorries, convicted of falsifying impersonating another, will be the first case on the calendar.

John S. Prince has begun suit against Daniel Miller. The complainant alleges that in 1882 himself and the defendant entered into a contract for grading that part of the Chippewa Falls & Northern railroad between Rice Lake and Shell Lake, Wis., as that partners they agreed to furnish equal amounts of money necessary in the construction. The plaintiff asks for a dissolution of the partnership and an accounting of the profits or losses.

Moshofsky Bros. have sued Harry Bruce, et al., to recover \$36.40 for goods furnished to the defendant. The complaint is filed in Ramsey county.

John Morgan has brought suit against William Manley et al. to quiet the title to lot three, of Hoy's subdivision.

THEY MADE NEW RATES.

Railway Commissioners Give Out An Important Decision.

The railroad commissioners yesterday handed down a decision on the complaint of the Boards of Trade union of Cambridge, Danvers, Northfield and Farmington, against the Milwaukee road. The complaint was that the rates charged on the Iowa & Minnesota division of the Milwaukee are unequal and unreasonable; that they are charged per ton per mile than is charged for like distances and classes of freight on the river division of the same road.

The union says that said rates are from one to two cents per ton per mile as against freight over railroads from St. Paul to Duluth, and, finally, that the rates on the Milwaukee are charged times as much per ton per mile for carrying wheat to St. Paul as is charged for carrying the same to Chicago.

John Miller, the general manager of the road, in his answer, claims that water competition forces the road to make lower rates for the river division. "The law," he says, "requires that this road by implication demand that the rates adopted on one division of a railroad shall be the maximum charges on another division of the same railroad."

The commission is of the opinion and finds that the tariff of rates and charges as specified in the schedule attached to the complaint, is not in accordance with the law, and as applicable to the transportation of property over the Iowa & Minnesota division of the company's road, and that the rates and charges on the Milwaukee are unequal and unreasonable, and ought to be reduced. Therefore the commission recommends that the schedule be changed to conform with a schedule of rates and charges which the commission makes out. It is given below, the new rate being the maximum between the points named and the Twin Cities and the transfer. For the classes not given in the table there is a proportionate reduction.

Table with 5 columns: Mds. in cts., Spec. car 1d per 100 lbs., 1, 2, 3, 4, 5. Rows include Fairmount, Present rate, and various other locations.

ALMOST PERSUADED.

One of the County Board Ready to Confirm the Steam Heating Contract.

A joint meeting of the court house commission and the board of county commissioners was to have been held yesterday afternoon, but owing to the absence of Commissioner Bigelow there was not a quorum, and the question of the steam heating contract was simply informally discussed by those present. Dr. Day and Mr. Dawson explained to the commissioners their reasons for letting the contract to Nayson, and said that although apparently the highest bidder, in reality he was the lowest. After this explanation Commissioner Bigelow said that when he voted in the negative in the joint session he did not understand the question. He said he had no personal interest in the matter, but that he understood the situation in the fact that he was perfectly willing to vote in favor of confirming the contract. Commissioners

Daly and Ledman, seemed less opposed to the contract. The commission, however, could not be convinced. He said: "I can't understand why you did not employ an expert architect and get their opinion before accepting any of the bids. Talk about patronizing home industry, I think you are doing it."

Dr. Day answered that it would be impossible to give specifications before advertising, because every contractor has his own specifications in his mind.

SOME OF THE PATENTS would be infringed upon, and then the county would have several suits on its hands. It is expected that the contract is delayed, the responsibility will be upon the commissioners. Mr. Boyd stated that he was just the man to stand that responsibility. Mr. Dawson remarked that he rather admired the twelfth juror, who said he never saw evidence quite so stubborn men. Boyd felt himself aggrieved and he expressed himself quite forcibly. Mr. Dawson then said that he and Dr. Day had been connected with public buildings in Chicago, and that the general impression was that they were men of some intelligence, some common sense, and owing to their age and long experience better fitted for the position than young men.

Yes," said Mr. Boyd, "but there are men several years older than the bars in Chicago. Mr. Dawson is probably the best of the mark, and rising he said: "Mr. Boyd I would never advise your mind to be a robber of Chicago, but you can do as you like about it."

Mr. Boyd assured Mr. Dawson that he intended no insinuation concerning his honesty, and when the meeting broke up the best of feeling prevailed and Mr. Boyd seemed almost persuaded.

CONGREGATIONAL CLUB.

New Officers Elected at the Ninth Annual Meeting.

The ninth annual meeting of the Minnesota Congregational club was held at the Hotel Ryan last evening. Support was served to the members and their ladies. The regular business of the club was held from 7 o'clock to 9 o'clock, and took up the regular business. Prof. Northrup occupied the chair, and George H. Watson was secretary. Four new members were admitted, and receiving a unanimous vote, were admitted to the club. Some talk was then indulged in relative to making the "Pileus," which is the official organ of the club, a weekly instead of a monthly publication. A resolution to this effect was introduced and passed. The treasurer reported the total receipts for the year to be \$491.95; expenditures, \$288.50; amount on hand, \$203.45.

The report of the secretary showed the total enrollment of 320 members, of which thirteen were deducted for deaths, removals, etc., leaving 307 names on the roll. The report of the committee pointed to nominate new officers was then read by Mr. Burr, its chairman, and after the reading the secretary was elected to the office of secretary.

President - C. B. Gilbert, St. Paul. First Vice President - W. W. Merrill, Minneapolis. Second Vice President - Ed. M. Williams, Northfield. Secretary - Charles P. Roberts, Minneapolis. Treasurer - Harlan P. Clark, St. Paul. Executive Committee - Dr. Albert Shaw, Minneapolis; H. P. Goodnow, St. Paul; Rev. George A. Dickinson, St. Paul; W. G. De Alie, St. Paul; Rev. J. H. Mandel, St. Paul; G. A. Wheaton, Minneapolis; James T. Edwell, St. Paul.

After the installation of the new officers the club had the pleasure of listening to a very able and instructive address by Thomas Kane, Esq., of Chicago, upon the topic, "The Christian Use of Wealth." The speaker said that about one-third of our income should be devoted to benevolent purposes, and showed in a very logical manner that no one ever became poor through his generosity. He said that he respects to those ministers who advise their brethren to give until they feel it, and those others who say, "empty your pockets and the Lord will fill them." These teachings, he said, were not only nonsensical, but radically wrong.

A BIG APARTMENT HOUSE.

Work on an Eight-Story Structure to Be Began Next Month.

In a little over two weeks work will be commenced on an improvement that has been, according to public comment, long needed in St. Paul. The Globe has reliable information that a gigantic eight-story apartment house, to cost about \$250,000, will then be begun. It will be a first class ladies' cafe, while in the rear will be an arcade bazaar with twenty or more shops or booths, something like the arcade in Cincinnati. The construction of this building will be commenced at once--indeed it is provided in the articles of incorporation that the building must begin not later than Oct. 15, 1887--and is to be completed for occupancy by the first of Nov. 1, 1888. It will be situated on the corner of Grand and Broadway, and will be a fine example of the European and American systems, and will be a first class ladies' cafe, while in the rear will be an arcade bazaar with twenty or more shops or booths, something like the arcade in Cincinnati. The construction of this building will be commenced at once--indeed it is provided in the articles of incorporation that the building must begin not later than Oct. 15, 1887--and is to be completed for occupancy by the first of Nov. 1, 1888.
