all over the world as S.S. S. Mrs. Bailey, of West Somerville, Mass., near Boston, was attacked several years ago with this hideous black erup-tion, and was treated by the best medical talents who could only say that the disease was a species of

and consequently incurable. It is impossible to describe her sufferings. Her body from the crown of her head to the soles of her feet was a mass of decay, masses of fiesh rotting off and leaving great cavities. Her fingers festered and three or four nalls dropped off at one time. Her limbs contracted by the fearful ulceration, and for several years she did not leave her bed. Her weight was reduced from 125 to 60 lbs. Perhaps some faint idea of her condition can be gleaned from the fact that three pounds of Cosmoline or ointment were used per week in dressing her sores. Finally the physicians acknowledged their defeat by this Black Wolf, and commended the sufferer to her all-wise Greator.

Her husband hearing wonderful reports of the pse of Swiff's Specific (S. S. S.), prevailed on her by try it as a last resort. She began its use under private the soon found that her system was being and healthy color as the sores assumed a fad and healthy color as the sores assumed a coming pure and active. Mrs. Bailey continued the S. S. until last February; every sore was healed; she discarded chair and crutches, and was for the first time in twelve years a well woman. Her husband, Mr. C. A. Bailey, is in business at 174 Blackstone Street, Boston, and will take pleasure in giving the details of this wonderful cure. Send tous for Treatise on Blood and Skin Diseases, mailed free.
