

THE COMMERCIAL RECORD.

The Old Wave Forced Up Prices at the Start on the Chicago Board of Trade Yesterday.

But Later on the Market Became Quiet and the Prices Dropped a Little.

Chicago, Dec. 21.—Provisions opened high. May pork started off at \$15.90, March ribs at \$7.92 1/2, and May lard at \$7.77 1/2. The receipts of live hogs were only 22,000 head, which was below estimates and the bulls were delighted. Brokers who usually act for Ream and Armour began selling from the opening, and since then the market has been engaged. Concerted selling broke pork 1c and ribs and lard 2 1/2c during the first hour. Wheat and corn opened firm and steady, and there was little excitement or speculation in the market. The early range on May corn was 54 1/2c to 54 3/4c, and on May wheat 84 1/2c to 84 3/4c. In reports a prominent firm sold about 1,000,000 bushels for May delivery at from 84 1/2c to 84 3/4c down to 84 1/2c, and in corn another big firm took 500,000 or 600,000 bushels at 64 1/2c to 64 3/4c, and a well-known house sold a line of something like 750,000 bushels. This was about the only notable trading that was seen in either pit. The markets reacted since that when the pressure came values yielded only fractionally and recovered the moment it was relaxed. The tone of the grain market may be described as firm, if not strong, and at 1 o'clock the range was a main advance, which making the largest gain. Private cables are stronger than public advice, and the situation everywhere is favorable to the bulls apparently. The general policy of the big provision houses seems to be to hold the market level and check further advance in prices, trusting to the eventual influences of demand to drag the market down from what they look upon as an artificially high range. They have great faith in the rising-out power and the dead weight. The 1 o'clock range records a gain on the day of 1/2c to 3/4c in wheat, 1/4c in corn and 1/2c to 3/4c in pork, lard and ribs, remaining unchanged. At the afternoon session provisions were steady and grains were a trifle lower. 2:30 p. m. prices: Wheat, December, 76 1/2c; January, 77 1/2c; February, 77 3/4c; May, 84 1/2c; Corn, No. 2, December, 48 1/2c; January, 48 3/4c; February, 49 1/4c; May, 55 1/2c to 55 3/4c; Oats, January and February, 30 1/2c; Pork, January, \$14.97 1/2; May, \$15.05; Lard, January, \$7.80; February, \$7.90; May, \$7.97 1/2; Spare ribs, January, \$7.70; February, \$7.80; March, \$7.90; May, \$8.10.
