

**NOT ALONE IN THE MATTER**

The Burlington's Cut Met by the St. Paul & Kansas City Line.

**LOCOMOTIVES ARE STALLED.**

Annual Election of the Milwaukee—A Receiver Takes Hold of Huntington's Short Line.

The St. Paul & Kansas City road has decided to meet the Burlington & Northern rates between Chicago and St. Paul, ignore the interstate commerce law, and undertake to justify its action under the law, as will be seen by the following communication from Mr. Hanley to the interstate commerce commission:

Chicago, St. Paul & Kansas City Railway company, St. Paul, Minn., June 3, 1888.—To the Honorable Interstate Commerce Commission, Washington, D. C., Gentlemen: Owing to the action of competing lines covering rates between Chicago, St. Paul and Minneapolis, this company has been obliged to promulgate since the 7th day of last February no less than nine different tariffs, and, having regard to the principles of the interstate commerce law, this has required us nine times in 113 days to readjust rates all over our line. No longer ago than May 22 last, at a meeting of all the roads interested in the traffic between Chicago, St. Paul and Minneapolis, a unanimous agreement was arrived at to put into effect June 4 a tariff covering the traffic, schedules printed, and the necessary ten days' notice was given by all the companies.

Before the ten days expired, we were notified by the Chicago, Burlington & Northern company that on the 4th day of June, 1888, instead of the tariff agreed upon, it would put in effect between Chicago and St. Paul and Minneapolis a tariff materially lower schedule of rates. This company is not prepared to surrender its business between these points, and at the same time it does not desire to disturb rates all over Minnesota, Iowa and the states west of the Missouri river for the tenth time in less than three months, which readjusting its rates over the whole line in accordance with the long and short haul clause of the interstate commerce law would necessarily bring about, and have, therefore, determined to assume the responsibility of meeting this competition between Chicago and St. Paul and Minneapolis without readjusting its rates at intermediate points, and if complaint is made will attempt to justify its action under the law. We feel it our duty to at once notify you of our action, and inclose the tariff which we propose to put into effect June 4. Yours truly, J. A. HANLEY, Tariff Manager.

# HUDSON, Clothier!
