

MINNEAPOLIS.

JUST A "LITTLE OFF"

A Newspaper Reference to F. G. McMillan's Candidacy is Criticized.

The East Side Register, in speaking of F. G. McMillan as a candidate for alderman, says that "politics here is a little off," otherwise he would make a desirable candidate. If Mr. McMillan can be induced to make the run with Prof. Stanton and another good man, they would make things decidedly interesting for those who run against them. Such men as these command the respect of the voters of the entire ward, regardless of party, and unless the Republicans are as fortunate in their choice of candidates, the old Second ward may be considered as doubtful. The Register's reference to Mr. McMillan is as follows: "Frank G. McMillan, the contractor, is spoken of as a candidate for alderman from the Second ward. Mr. McMillan's politics are a little 'off' in this ward, if the citizens' movement falls through and partisan tickets are made up. Aside from this he would make a desirable candidate, as he is a most estimable citizen and active business man. We presume in the event of partisan tickets the Republicans will claim the Second ward as solidly theirs."

Political Meetings.

The new wigwag of the Second Republican Club of the Ninth ward was formally opened last evening.

Col. A. A. Jones, of Indiana, addressed the Seventh Ward Blaine club last evening.

Democrats of the Sixth precinct of the Third ward met in the hall at the corner of Plymouth and Dupont avenues last evening and organized a club. The Second Ward Democratic Club held a rousing ratification meeting at Spear's hall, corner Fourteenth avenue southeast and Fourteenth street, last evening. Speeches were made by A. T. Ankeny, W. H. Tripp and Judge Lars M. Iland.

Eight ward Democrats held a meeting at the meeting at Avery's hall last evening.

It is said that A. J. Blithen will make a run for mayor on the Republican ticket if he can get the nomination.

A Zulu's Politics.

One of the Zulus with the circus yesterday was approached after the afternoon by a well known man about town who was exceedingly skeptical about the Zulu being a Zulu. He expressed himself as very doubtful, whereat the freak became quite wrathful. At last he broke out: "Why not?" asked the man who doubted the Zulu's authenticity. "Why not?" they all time and say they do not believe him. The only people I like are the English. They good people, and me like them. This country all made up of foreign men—such as Irish, Scotch, Swedes, Democrats, Germans and such."

A Narrow Escape, Sonny.

At least one small boy of this city will never forget circus day, for he had a very narrow escape from a most horrible death. At the procession of chariots and the like was coming down Washington avenue Matt Gross, superintendent of the work house, fell into the line with the Black Maria. The small boy was perched on the steps behind. Following the Black Maria was a heavy wagon. Suddenly the procession came to a stop, and smash came the pole of the number wagon against the rear end of the Black Maria, not two inches away from the boy's head. To say that he was frightened, with a howl of dismay he fled, and will probably never care to ride on the rear steps of the Black Maria again.

ALL FELL IN A HEAP.

Four Bricklayers Seriously Injured by the Collapse of a Scaffold.

James D. Harrison's Suit for Damages Decided Adversely to Him.

The West Side Street Railway Is on Its Feet Again.

Notes of the Exposition--Day's Doings in the Mill City.

A scaffold upon which a number of bricklayers were working on Science hall, at the university grounds, fell yesterday afternoon at 5 o'clock. John Knutson, living at 309 Fourth avenue south, was severely bruised about the right hip and head. Emil Gordon, of 1310 Sixth street south, had his right leg crushed. John Rogers, of 2827 Twenty-eighth avenue south, had his foot and arm severely wrenched, and A. Orr, 1127 Fremont avenue, had several ribs broken.

INJURED HIS CREDIT.

A Clothier's Complaint Against a Bank--A Protested Draft.

Some time ago James T. Harrison, of Harrison the tailor, as he is known in business circles, began a suit against the Nicollet National bank for \$20,000 damages. He alleged in his complaint that the 27th of last March he drew a bill of exchange in favor of E. Harrison, of Brockton, N. Y., for \$100,000, and that in the course of time this bill of exchange was delivered to J. Stien & Co., of Rochester, N. Y., who deposited it with a Rochester bank for collection. In due time it came into the hands of the defendants, who without allowing the usual three days of grace, protested it and sent it back to Rochester bank. Harrison claimed that the act of the defendants had greatly damaged his credit, and sued for damages. Yesterday a decision was filed in the case in favor of the defendants. The ruling holding that a bill of exchange is due when presented, and that it can be protested without allowing the usual three days' grace.

OUR CITY FATHERS.

All of Them Did Not Take the Children to the Circus.

Owing to their being a circus parade yesterday morning, but few aldermen were present when the time arrived for calling the meeting to order. After the parade was over the aldermen began to struggle in, and at 10:30 there were enough members present to transact business. The West Side Street Railway company matter came up on a report of the committee on railroads, reporting back the ordinance as originally drafted, with the exception of the preamble, which spoke only of the improvements made by the company. The clause characterizing the ordinance as a contract was also stricken out, and the ordinance passed as amended. This act on the part of the council impresses the company on its feet again. A resolution granting permission to the managers of the Pence opera house to erect a theater sign on the sidewalk in front of the theater, was passed, as were a number of minor ordinances relating to the laying of sidewalks, curbing and gutter work.

Following is the program for Friday evening, Aug. 31, when the pay rolls for August will be passed.

Barnum's Show.

All conditions of society realize the fact that to not see the "greatest show on earth" is to put one's self down as eccentric. Forty thousand persons visited the entertainments yesterday.

Five thousand persons wanted to, but were turned away.

Experience and large capital are both represented in Barnum and Bailey; therefore, there is no reason why they should not provide all the novelties that

AMUSEMENT NOTES.

The People's theater was packed again last night with the largest Monday night audience in the history of the "Storm-Beaten."

One of those phenomenal "dark horse" attractions, the original creation of scenic artist Hurt, in the third act, a beautiful representation of "aurora borealis" by hundreds of lighted colored electric lights, is the finest feature of the performance. The first matinee will be given to-day.

A Serious Runaway.

Mrs. J. J. Murphy, wife of Capt. Murphy, of Engine No. 13, met with a serious accident while out driving with her husband yesterday. While she was waiting in front of the Bank of Minneapolis for her husband to transact some business, she accidentally dropped the reins, and in a second the horse started and ran. Mrs. Murphy was thrown out and cut about the face. The buggy was completely demolished.

The Funeral of Thomas Fewer.

The funeral of the late Thomas Fewer took place yesterday morning from the family residence, 215 Second street south. Requiem mass was celebrated at the Church of the Immaculate Conception, after which the interment took place at the West Side Catholic cemetery. The members of the old Minneapolis Volunteer Hose company No. 1, of which Mr. Fewer was a member, attended in a body.

EURUS TAKES A TURN.

An East Wind Akin to a Cyclone Does Great Havoc in the South.

NEW ORLEANS, Aug. 20.—An easterly gale has prevailed since 6 p. m. Saturday, with light gusts of the velocity of forty-three to sixty miles per hour. Great damage has been done in the city and along the river front. Several buildings were unroofed, fences blown down, trees were uprooted and the coal fleet of the Pittsburg and Southern combination suffered severely. Fifty boats are known to have been lost. They were valued at \$3,000 each. The Louisville and Nashville and Illinois Central trains were delayed by the storm. Great damage has been done to the rice and sugar cane crops. Telegraph wires are prostrated in every direction. There has been no communication with outside points since 8 p. m. Sunday. The city was in darkness last night. The electric light plant was shut down on account of the contact of the electric light wires with telephone and telegraph wires.

What is Scrofula.

It is that impurity in the blood, which produces unsightly lumps or swellings on the glands of the neck; causes running sores on the arms, legs or feet; develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; is the origin of cancerous growths, boils, pimples, or "humors." It is a more formidable enemy than consumption or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections.

How can it be cured? By taking Hood's Sarsaparilla, which, by the cure it has accomplished, has proven itself a potent and peculiar medicine for this disease. Some of these cures are really wonderful.

If you suffer from scrofula in any of its various forms, be sure to give Hood's Sarsaparilla a trial. Send for book of cures.

SUCCESSORS TO Barnes, Hengeler, Diamond & Co.

A stroll through our Upholstery Department is likely to prove both pleasant and profitable. It can't be otherwise if you are in need of Lace Curtains or Heavy Draperies. We are in the habit of going through the different departments and putting prices on broken assortments, to clean them out and make them give place to goods coming in. Our policy is to do this while goods are fresh and desirable. We think it better to take half or two-thirds their value now to one-fourth by and by. This is why we call attention to the following: A few Madras Curtains, the price of which early in the season was \$12.50 a pair, Five Dollars will buy them now. No other reason than that the assortment is broken. The same reason has brought the prices on a little lot of Swiss Curtains from \$20 and \$25 to \$15 a pair. They were cheap at the old price. Do you want them at this now? There are some special attractions in the Silk Department as long as they last. We mention only a few among many. A complete assortment of colors in Mohair Silks at \$1.35, reduced from \$1.65; and a line of Colored Gros Grains to match at \$1.25, former price \$1.50.

The purchasing power of \$1.35 for our Colored Failles, Gros Grains and other fancy weaves is equivalent to \$2, that being the former price in this store, and the general price everywhere. These reduced prices were made by Messrs. B. H. D. & Co. to close out business. We simply retain the price they made for their closing sales. When these are gone they can't be duplicated for the price. Our Black Faille Francaise at \$1, \$1.25 and \$1.50 cannot be equalled, we believe, taking weight, width and finish into consideration. But see them and judge for yourself.

We have marked all our Plain, Striped and Figured Pongees away down. Novelties in Pongees just half-price.

Twenty-five cents may mean something or nothing, when speaking of Tourist's Ruching. What we are now offering for 25 cents, 6 yards to a box, is not 25-cent Ruching, however, although we are selling it at 25 cents a box. Compare it with anything you ever saw for the money and you will say so.
