BUT A BRACE OF HITS

St. Faul Wins a Game at Kansas City on a Couple of Hits.

Des Moines Plays Twice With Chicago, Each Taking a Game.

Sioux City and Omaha the Other Western Association Winners.

National and American Victors---Rain in Several Places East.

The St. Paul and Des Moines teams re still struggling for supremacy in the Vestern association, and, though the atter has something the best of it, the Minnesota representative has a fair chance to win. The Hawkeye nine has thirty-one games to play and St. Paul thirty. Of these Des Moines has eleven to play at home and St. Paul eight. The advantage seems to lie with the Iowa team, but Des Moines must play seven-teen of its games with Kansas City, Omaha and St. Paul, while St. Paul Omaha and St. Paul, while St. Paul has seventeen of its games with Sioux City, Davenport and Chicago, and only eight with Omaha, Des Moines and Kansas City. It is pretty certain that neither of the leaders will be molested by Omaha and Kansas City, which will doubtless have an interesting fight for third place. Milwaukee is rooted in fifth place, and can neither rise or fall except in percentage. The Badger nine has but twenty-two more games to play, seventeen of them at home. The record of the season's play to date is given below:

APOSTLES ALL RIGHT, But Base Hits Were a Scarce Commodity.

Special to the Globe.

KANSAS CITY, Sept. 8 .- The game between the Blues and the St. Pauls at Exposition park to-day was full of excitement from the first inning until the last man was out. McCarthy, too, was and in the field. The visitors also d very effective. Only two hits were made by the Apostles, but they came at Clarke when they needed a hit most a time when they were needed. Sowders, too, pitched a great game, the seven hits of the Blues being scattered through six innings The Kansas City players had no trouble in stealing bases. Carroll reached sec ond in the first inning, while Murph was playing with the fielders between third and the plate, and cam in on Long's error. In the third inning Murphy was hit by the pitcher, This, with Carroll's corking two-base hit and Corbett's sincorking two-base hit and Corbett's single netted two runs. In the remaining five innings only fifteen of 'the visitors faced McCarthy. Johnston's single and steals of second and third and a passed ball in the second gave the Blues their first run, and in the sixth Long got around on Corbett's multiple of a fly, a sacrifice and a hit. In the ninth inning, with two men out, Hassamaer got a base on balls, and Earle muffed McCarthy's easy fly, but Gunson ended the agony with an infield pop up. The clubs play two games for one admission to-morrow and an enormous mission to-morrow and an enormou crowd is epected. The score:

They Pound Out a Victory in Te Innings.

Special to the Globe SIOUX CITY, Sept. 8 .- Heavy hittin and good work in the field characterized the playing of both teams to-day, and it took ten innings for the home team to pound out a victory over the baby club. Time was called when one run had been made in the last half of the tenth inning, the score being a tie up to that time. Dugan was disabled in the fifth inning and Snyder took his place. Veach's two errors were very rank and were enough in themselves to lose the game, but for brilliant work at other points. Two games will be played

NEW YORK'S LEAD Unlikely to Grow Very Much

Smaller. Nothing but the worst kind of ballplaying can now defeat the New Yorl team for the National league pennant It has a lead of nearly 100 points ove Chicago, and the breach is more likely to grow wider than narrower. In fact, it may be stated that the Windy City nine will have to play pretty steady ball to keep second place, on which Detroit and Boston both have their eyes. Philadelphia and Pittsburg are having a fine tursle for fifth place, the Quakers being the second place the Quakers being tussle for fifth place, the Quakers bein ahead, but the prospects of the Smoky City are excellent, as they have many games to play at home in the next two weeks. NOT SO ONE-SIDED. The American Association Race Becoming Interesting. In the American association the situation is becoming a trifle clouded, though the St. Louis Browns still have the lead. The Athletics have won almost constantly for several weeks, and most constantly for several weeks, and the Browns losing heavily the while, and the difference between the two teams is now but thirty points. The struggle has lost its one-sidedness, at least, and the games of the next week or two will be watched with interest. Cincinnati has settled away to fourth place, and seems to be losing its power to bat out victorious. Cleveland has won about a dozen games in succession

fifth place. The record is given below:

Myers has for some time had an open challenge to meet any one, McAuliffe preferred, for \$2,500 to \$5,000. If McAuliffe defeats Dacey he can hardly afford to ignore the challenge that will be made to him. Meyer is expected to arrive Tuesday with Alf. Kennedy, his backer. Needham yesterday weighed 152½ pounds, so he will be in condition to meet the requirements of the articles of agreement that the men must weigh in on the morning of the fight at 133 pounds, give or take three pounds. He has reduced his weight about twelve pounds by the careful system of training he has been following for several weeks. The demand for tickets indicates that there will be a large attendance from other cities. In addition to the delegation, Kennedy will bring with him from Streator, Ill., Meyers' home, Parson Davis and a party of board of trade men and one from Chicago. J. D. Hayes. of Ashland, has secured seats for a party from that place, and James Murnane, of Duluth, yesterday telegraphed that he would come with a delegation from the Zenith City. Prof. John Clark will go behind Needham. How Killen Pays Off His Men. Pat Killen, in some respects. is one of the most unique men in St. Paul. He always gives his employes checks for their wages, but he doesn't know the their wages, but he doesn't know the last name of a man who works for him. He has a colored man about his place nicknamed "Doc," and one of his bartender's name is Mike. In drawing up the checks Killen always designates the former as "Doc the Coon," and the latter as "Little Mickey," the body of the check reading "pay to the order of Doc the Coon," etc. These checks are honored at the bank, however, and duly charged to Killen's account.

Capt. Chantler Champion. The third contest for the Callendar diamond badge, presented to Company C. of St. Paul, took place at the Minne C, of St. Paul, took place at the Minneapolis Rifle club range yesterday afternoon. A strong "fishtail" wind prevented very good scores, the 500-yard
range being especially difficult. Capt.

ment prevailed at Washington park to-day. It was the opening day of the autumn running meeting. The weather was simply delightful, a vast crowd of turf enthusiasts was present, the track was in perfect condition and the bet-ting was spirited, while the racing was far above the ordinary. The pro-gramme consisted of five events, one of which was a stake. In only two of the races were the favorites successful. There was one unfortunate incident. It was in the fourth race. A start had just been made. Rhody Pringle, one of the competing horses, stumbled and fell to his knees. Moving like the wind in the rear of Pringle was Glendelia. A collision was inevitable, and both horses were thrown to the ground. Mona-han, the boy who had the mount on Glendelia, was badly injured, his collar bone being broken, and, beside, he was hurt internally. Matthews, the colored lad who was astride Rhody Pringle, was stunned, but quickly recovered. Monahan was taken in a carriage to the Montana stables, and a doctor was soon at his bedside. He will not be able to don the colors again this season.

SHEEPSHEAD BAY, Sept. 8.—Just a sprinkle of rain, not enough to more than moisten the track, scared a lot of owners into scratching the fields down to raceable sizes. Starter Caldwell reinto raceable sizes. Starter Caldwell reinstated Jockey Taylor before the first race. The favorite, Swift, got the first race handily. The Haggin pair, Salvator and Fresno, were most fancied for the first of the stake races, the Flatbush stakes. Salvator waited until well into the home stretch when he came away and won handily by a length, but failed to give Fresno the place, Madstone being a head too good for the colt. Prose was the most fancied in the Reaper's stakes, but Mr. Walden's My Own, a 10 to 1 shot, who was let in at ninety-nine pounds at the last moment, made a runaway race of it and won by four lengths, Santalene getting the place, the same distance in front of Prose. It began to rain just after this race. Eurus, who likes heavy going, was well backed, though Exile was the favorite for the New York handicap. Exile gave Eurus a good fight at the finish, but Eurus won by a neck. Web-footed nags were needed for the fifth race, when the rain descended in torrents, and it grew almost too dark to see the race. Garrison dressed and weighed-in to ride Fresno in the Flatbush handicap, but he was three-fourths of a pound overweight. in the Flatbush handicap, but he was three-fourths of a pound overweight.

J. B. Haggin, however, would not permit him to ride "if he is an ounce overweight." The troubles between the Haggins and the "Snapper" daily increase, and the probabilities are that neither will be sorry when their business connections terminate.
