Six permits, total, \$14,400.

NORMAL SCHOOL NEEDS.

Preparatory and General Work to Be Excluded. ESTABLISHED IN ST. PAUL 1870.

MORE ROOM AND MONEY. An Increase of the Board of Directors to Nine Members—Only 5 Per Cent of Graduates Have Not Taught.

The State Normal school board met yesterday, and submitted their biennial report to Gov. McGill. The board is constituted as follows: W. S. Patten, president; D. L. Kiehle, secretary; C. A. Morey, Winona; George H. Clark, Mankato; W. B. Mitchell, St. Cloud; and F. C. Kurtz, Moorhead.

President Patten speaks enthusiastically of the efficient work done in these schools, and the large number of well-disciplined youth which are now being trained for the service of the state.

MADE A PERMANENT LICENSE for those holding them to teach in any of the common schools of our state at least for the judgment of the board of normal directors that its number should be increased to nine at least.

President Erwin Shepherd, in his report of the Winona Normal school, gives the enrollment of that school for the past year as 1,200. It is also the opinion of the board that the diploma of the normal school should be made a permanent license.

Since the last biennial report a thorough canvass has been made through the class of graduates of the normal schools, and the results are as follows: 1,200 graduates of the normal schools, and 1,200 graduates of the common schools.

There is need at this school of a ladies' dormitory, and for this \$10,000 appropriation is requested, while \$2,000 is necessary to complete the ornamentation of the school grounds.

Edward Seering, president of the Mankato Normal school, reports 365 pupils for 1888. This report consists mainly of an essay in support of lower grade work in the schools, and concludes: "For the past five years our building has been largely inadequate for the needs of the school. We are constantly felt the want of a larger assembly room, more conveniently located, and more suitable rooms for the laboratory, library, natural history museum, for a kindergarten and for physical training.

President Thomas J. Gray, of the St. Cloud Normal school, reports 365 pupils for 1888. This report consists mainly of an essay in support of lower grade work in the schools, and concludes: "For the past five years our building has been largely inadequate for the needs of the school. We are constantly felt the want of a larger assembly room, more conveniently located, and more suitable rooms for the laboratory, library, natural history museum, for a kindergarten and for physical training.
