Weakness in Corn and Oats---Hog Products Also Going by the Board.

Financial Matters in the Monetary Centers---The General Quotations.

Special to the Globe.
Chicago, Jan. 3.—There was plenty of bearish feeling in wheat to-day in this market, but the bears were slow to sell. They have not forgotten the break of 6c last week, and the rally which followed, pulling May up to \$1.08 again. In addition to this feeling of eaution, the crowd thought they discovered pretty systematic buying this forenoon, and traced it to Fairbanks, Kent and Hutchinson. The houses which did the most buying open-The houses which did the most buying open-ly were Counseiman, Poole, Sherman and Boyd & Co. The decline in prices at North-western markets and the New York feeling would usually have added to the weakness here, but the market here was not weak after 11 o'clock. January was quoted mostly at 9912c. February was steady at \$1. May sold at \$1.03%, to \$1.04, to \$1.03%, to \$1.04. to \$1.03%, to \$1.04%, to \$1.04%, to \$1.04%, the closing price last night at 1 p. m. July, 95c to 95% c. to 85c, to 95% c. to 9 same hour. At New York it was wired that exporters did a little selling and that the trade was bearish in the extreme, and insisted that May wheat with them must go back to \$1. May wheat at noon was off 1c at New York at \$1.05; 1c at St. Louis, at 99%c. Receipts were 60 cars, with 2 cars of winter and 1 car of spring. The contract grade exports were practically nothing, and primary receipts aggregated about 190,000 bu. After 1 o'clock May wheat weakened from \$1.04% to \$1.04% and then on a spurt of buying on buil dispatches to Baker and others from the Northwest the price work \$1.05% and closed at west, the price went to \$1.05%, and closed at \$1.05%, or %c over last night. There was depression in corn to-day. Prices went off several points with a very slight improve-ment at the close. The cause of the weak-ness was traceable to the efforts to place the cash corn. Receipts were 287 cars, with 31 cars of No. 2, and 32 cars of No. 4, and the stimate for Friday at 131 cars. New York leared 85,000 bu. There was a fair activity and a further break in the price of provisions this morning. The prices of hogs at the yards were fairly steady with receipts esti mated at 18,000. There was a great deal of liquidation early by sellers of moderate lots of pork and other products. The raiding was led by Baldwin. It was claimed that Armour & Co. were buying and selling to blind the trade, but were credited with tak-

ings, and closed 4c lower. Receipts 97 cars.
