GOTHAM IS BEING GOUGED. Railroad Moguls Manipulate the Grain Movement to the Benefit of Baltimore.

New York, Feb. 14.—The direct connection of the railroad with the movement of grain from other ports than New York was brought into strong light to-day by the discovery that the Pennsylvania Railroad company has quietly arranged to purchase the Hamburg American Packet company, through the officers of the latter company in Hamburg, to run a semi-monthly line of direct steamships between Baltimore and Hamburg. The first steamer sails from Baltimore to-day. These steamers load at the docks of the Baltimore Storage & Lighterage company, Bacon & Co., said to be under the control of the Pennsylvania railroad, and the steamship company's officials say that the service is to be confined to freight steamers only. New York shippers charge that the Pennsylvania railroad with being at the bottom of the "deal" by which New York is said to be losing her grain trade, but the railroad men deny that they are in the least afraid to be willing to sacrifice her interests to that of Baltimore. The attempt is made to explain the enormous increase in grain receipts at Baltimore, the theory that the elevator and lighterage companies there are manipulating rates for the benefit of the Baltimore &

Ohio and Pennsylvania roads. In proof of this it is alleged that some Baltimore grain merchants have been buying corn at the West at prices which would net them a loss. If the railroads were to deduct allowed to Baltimore, the trunk line differential system, and that the Baltimore & Ohio railroad and the Pennsylvania railroad would be able to receive at Baltimore in January, 1889, 3,000 were brought in by the Pennsylvania road.

Greenway's Government Goes to a Great Length to Checkmate the Canadian Pacific Railway. Special to the Globe. WINNIPEG, Man., Feb. 14.—Attorney General Martin announced in the legislature to-day that the maximum rate agreed upon between the Manitoba government and the Northern Pacific Railway company was 21 cents per 100 lbs. from Winnipeg to Duluth, and in no case to exceed Canadian Pacific rates from Winnipeg to Port Arthur. Rates from Manitoba points to given points in Eastern Canada to be no higher than Canadian Pacific rates to the same points. Several changes in the Northern Pacific bill were also announced. The guarantee of \$6,400 per mile for a portion and \$5,000 per mile for the remainder of the road for the twenty-five years is abandoned and the company accepts \$1,750 and \$1,500 cash per mile respectively. The total liability of the province for completion of the line is \$300,000,000. President Oakes, of the Northern Pacific, in an interview, said his company intended to spend a quarter of a million dollars in this city next summer.

GLEANED AT STILLWATER.

Sensational Story of Convict Contract Labor BEING CARRIED ON STILL. In Spite of the New Law—Warden Storock Explains the Matter.

A citizen laborer employed by the thrasher company in one of the prison shops hunted up a GLOBE reporter Wednesday night in order that the GLOBE might expose certain alleged notorious deeds being practiced in violation of law and against the dignity of labor. He said that the discharge of citizen laborers last Saturday night was in part explained by the hitherto carefully concealed fact that the recent law relating to convict contract labor, being practically ignored, systematically violated by the thrasher company and those in authority at the prison, that large numbers of convicts were discharged from the prison shops, regularly doing work in which they were more and more to supplant the free laborers employed there; that last Wednesday, on arrival, a thrasher party from St. Paul, the prisoners thus employed in the shops were quietly hustled back to their cells, so that when the visitors were at last within, everything appeared in proper form. This statement was repeated on the streets, and in some quarters believed. ST. PAUL PARK. The growing tendency on the part of business men in large cities is to procure for their homes in the midst of the city a home in the midst of the city. St. Paul Park, located on the east bank of the Mississippi river, and on the "Burlington" Motor Line, (fare, single ride, 10 cents; commutation tickets, 6 cents), is the most desirable suburban residence property around the city, being a high, dry and level tract of land of 3,000 acres, beautifully situated, defying comparison as to natural beauty and scenery. It is platted into one-fourth acre lots, 50x140, on 80-foot streets to 20-foot alleys.

A number of the streets are graded, sidewalks laid, trees planted, etc. St. Paul Park affords all the conveniences and advantages enjoyed by any suburban location in the country.
