GAMES TO-DAY.
Boston at New York.

Cleveland at Indianapolis. Pittsburg at Chicago. St. Louis at Baltimore.

TOOK THE LAST GAME.

St. Paul Beats Omaha Without Any Difficulty.
The last game of the St. Paul-Omaha series, witnessed by 1,000 people, gave promise in the first three innings of being a very close one, but St. Paul being a very close one, but St. Paul began to pull away in the fourth inning, and won with ridiculous ease. The game was a peculiar mixture of bad and brilliant playing. The Nebraska team hit Tuckerman very hard, but when men got on bases the St. Paul players settled down to hard work, and, by some of the most remarkable stops and throws ever seen at Athlete park, retired the runners before they reached the plate, except in the third, seventh and eighth innings, in each of which one man crossed the rubber. In spite of the fact that the Apostles made half a dozen errors they were not costly, two of the three Omaha runs being made on clean, hard hitting. Among the pretty catches were those of Walsh, Canavan, Daly and Murphy. The last occurred in the eighth inning, when Nichols pounded the ball almost into the center-field corner. The steady Hibernian ran with the sphere and, turning quickly, caught it just before it reached the ground. The greatest throw was that of Carroll in the fifth from right to third, retiring Strauss. Wagenhurst, the new short stop, made his initial appearance. In the field he seemed nervous, and evidently did not do himself justice. At bat he made a double and a single, and on the bases he was a prince. Both his runs were made on the most daring sprinting ever seen in the Saintly City. After making his double in the second inning, he stole third and scored on Tuckerman's fly to short right on a ball returned to the plate as straight as a string. The slide was a miraculous one. His run in the fifth was also scored on an extraordinary slide on Daly's bunt toward third. Daly put up the best game he has yet played in St. Paul. He retired two men on great catches, assisted neatly once, made three hits and crossed the plate twice. Werrick's work was of its usual steady character. He accepted ten chances without a skip. Both Nagle and Nichols did excellent work, but the visitors' fielding was at times ragged. Crobks had a peculiar sort of a day. In the score sheet he is began to pull away in the fourth inning, and won with ridiculous ease. The work, but the visitors' fielding was at times ragged. Crooks had a peculiar sort of a day. In the score sheet he is simply credited with going to bat four times. He did not get a safe hit, and did not have a chance to do any kind of

THREE STRAIGHT.

Morrison Shuts Out Denver in the

Last Game. The first shut-out on the Minneapol grounds was that by the Millers in th last game of the Denver series yester day afternoon. Morrison was in the box for Morton's aggregation, and the Denver people, who have gained a reutation for hard-hitting qualities, wer unable to hit him safely, getting on shase hit, which was made by Shores in the eighth inning. Morriso pitched a game that was wild almost t weirdness, giving nine bases on balls hitting Rowe three times, and Silc once. Several times he filled the bases once. Several times he filled the bases, but then his pretzel curves would prove too deceiving for the batsmen, and a strike-out or a three-for-five hit to some place in the in-field would settle it again. The Millers gave their twirler good support all through the game, West making the only palpable error, muffing Smith's pop-up fly in the fifth. In the eighth Silch got a base on being hit by the pitcher, and started to steal second. Morrison three wild to Hengle, and Silch thought he saw a chance second. Morrison threw wild to Hengle, and Silch thought he saw a chance to break the ice and cross the plate, but he made a sad miscalculation, for Foster was playing "in" and got the ball to "Old Side Hoss" in time to catch the Colorado man eight feet off the base. That was the nearest that Denver came to making the run. Denver played a good game, and Shores pitched well, but the home men had on their batting clothes and pounded out eight hits, including a home run and Tom Turner's two-bagger, which brought Foster home in the eighth. The features of the game were Dave Rowe's persistent and

BOSTON AGAIN BEATEN.

The Bean Eaters Go Down Before the Champions.

NEW YORK, June 11 .- Alas, for the aspirants for the League championship. Twice "done up" by the real champions. The Bean Eaters could only get in two safe hits off Mickey Welch's pitching. One of these, however, was a home run—a clean one by big Dan Brouthers, the ball going out of the lot. Connor also hit for what should have been a home run, but unfortunately the ball struck a building and bounded back, and the New York heavy slugger only got two bases on the hit.

Pittsburg's First Baseman Misses a Game.

CHICAGO, June 11.-As hard a fought game of base ball as has been seen for many a day was that between the Chicagos and Pittsburg to-day. Not that the game was a perfect one, for it was far from it. Occasionally, however, it fairly sparkled with brilliant fielding on both sides. Errors gave each team the runs in the initial inning, and the same can be said of the tailies on the side of the home club in the third inning. Chicaune nome club in the third inning. Chicago made no more errors, but they could not hit the ball at the right time, Beckley won the game in the tenth inning by hiting a terrific fly to left field. Score:

Resulted in a Draw.

The foot ball game played last night between the St. Pauls and the Thistle Strollers of Minneapolis, was one of the Strollers of Minneapolis, was one of the most exciting of the season, and was witnessed by a large crowd of spectators, part of which were representatives of the gentle sex. From the very start the St. Pauls carried the ball into the strollers' field and kept it there until the end of the game. But the strollers offered such a vigorous resistance that not a single goal was scored and the game resulted in a draw. According to the rules of the Foot Ball association the game will have to be played over on the same grounds, and will probably take place Friday night, when a most interesting game is expected.

This decision, if sustained by the supreme court, will unsettle the titles of 15,000,000 acres of land, and cause endless litigation. Real estate men here are astonished at the decision and appalled at the future outlook should it be sustained. The case to-day was a test case. D., June 11.—John Sutherland, president of the Pierre board of trade, is in receipt of a communication from Marvin Hughitt, president of the Chicago & Northwestern railway, assuring him that the position of the company will be neutral regarding the capital location contest. In regard to certain false statements made concerning the plans of the railroad company that a bridge would not be built at Pierre or the road extended from this point to the Black Hills, Mr. Hughitt writes as follows: "I cannot undertake the task of answering or denying every unauthorized and idle story regarding the intentions of the company as to the future construction of railways in Dakota." He further says: "Some years ago the company expended a large sum of money in the survey and location of the railway west of Pierre. The route was found to be practicable. Land for terminal facilities on the west side of the river was acquired and reservations made from the town plat of Pierre for bridge approaches and other purposes. I know of no good reason for changing the route already selected when the company shall decide to re-engage in railway construction.

Pimples to Scrofula

Every humor from pimples to scrofula, except ichthyosis, is speedily, permanently and economically cured by the CUTICURA REMEDIES. This is strong language, but true. It will encourage thousands of hopeless sufferers who have tried and found wanting both physicians and medicines, to make one more effort to rid themselves of these terrible afflictions. CUTICURA is the only positive cure.

Cured by Cuticura

For three years I was almost crippled with an awful sore leg from my knee down to my ankle; the skin was entirely gone, and the flesh was one mass of disease. Some physicians pronounced it incurable. It had diminished about one-third the size of the other, and I was in a hopeless condition. After trying all kinds of remedies and spending hundreds of dollars, from which I got no relief whatever, I was persuaded to try your Cuticura Remedies, and the result was as follows: After three days I noticed a decided change for the better, and at the end of two months I was completely cured. My flesh was purified, and the bone (which had been exposed for over a year) got sound. The flesh began to grow, and to-day, and for nearly two years past, my leg is as well as ever, sound in every respect, and not a sign of the disease to be seen.
