

ROYAL HYPOCRISY.

Although Russia's Ruler Hates Kaiser Wilhelm, He Will Visit Him.

Under No Circumstances Will He Talk Politics With His

German Officers Cause a Rumpus by Returning Russia's Decorations.

Lavish Distribution of Titles of Nobility Among Hanoverian Patriots.

Berlin, Sept. 21.—Emperor William will return to Potsdam tomorrow.

Princess Bismarck will come to Berlin on Wednesday.

Count Herbert Bismarck, all the cabinet ministers and Gen. Von Schweinitz, the German ambassador to Russia, are summoned to a meeting on Thursday.

The assembling of political potentates is due to the czars coming visit, for which definite arrangements to be made.

The Keller Zeitung announces that the Russian yachts Derzava and Careveva and the Ironclad General Admiral, conveying the czar, are timed to reach Kiel on the morning of the 27th inst.

Although the czar has his reception by as quiet as possible and that no international subject be pressed upon his intention during his stay, Prince Bismarck appears to be desirous of possible importance.

If his plans are affected, instead of a short and unceremonious visit, the czar will be treated to a number of court banquets and a diplomatic dinner.

The absence of M. de Giers, the Russian foreign minister, indicates that the czar is determined to refuse Prince Bismarck a political conference.

In order to emphasize his desire to avoid the discussion of the czars' affairs, the czar has ordered that Giers is to leave St. Petersburg on Tuesday for a fortnight's holiday in the provinces.

Throughout his sojourn here the czar will ostensibly refrain from the transaction of all foreign official business.

The czarina, Alexandra, and the Russian princesses and all the Russian party agree that the exceptionally friendly treatment which they are to receive during their visit in Germany, and the courtesies offered to the czar do not affect the relations between the two countries.

The czar's personal feelings towards the emperor have recently been excited by an incident arising from his visit to Bulgaria.

Prince Alexander, who was with the czar at a military dinner in the course of conversation expressed wonder that the decorations should have been given to a traitorous soldier.

Three Russian officers who were the decoration of the order of St. Stanislas were present at the dinner and heard the czar's words.

They returned the insignia to St. Petersburg with a collectively signed protest stating that they would not accept a decoration that had been given to a traitor.

The czar's exasperation was so intense that he demanded, through Count Schouvaloff, the Russian ambassador here, the punishment of the officers.

The emperor placed them under arrest for unauthorized correspondence with a foreign government, but after two days he ordered their release.

The latest of the foreign correspondence is that the czar designs to stay only a few hours at Potsdam and not to come to Berlin, proceeding straight to Moscow after an interchange of formalities with Emperor William.

The maneuvers at Hanover terminated on Sunday. The emperor, commanding the Tenth corps, assumed a defensive position behind Elze, on the Alfeld railway.

His corps used smokeless powder. Eight Schumann ironclad towers armed with machine guns figured in the fight, the plan of which involved the retreat of the Seventh corps, firing with the powder.

The Post publishes a military report on the maneuvers, which is conclusive as to the necessity of smokeless powder for both artillery and infantry.

The corps using the smokeless powder got within 200 yards of the enemy without the latter being able to determine the distance.

The latter were often taken to the flank and were unable to return fire.

It had been a real battle they would have been annihilated. The reports dilate upon the demoralizing and bewildering effect of the smokeless powder on the infantry upon their opponents, and also refer to the increased certainty of aim arising from the absence of smoke, especially in the case of artillery.

The war office is preparing to supply smokeless powder to all the troops, including the second-class Landwehr.

The latest perfected smokeless powder leaves no sign after firing by infantry, and only a slight gray mist after firing by artillery.

It was supposed to be under the displeasure of Emperor William, was present at the maneuvers today, and was cordially received by the emperor.

The popular demonstration so gratified the emperor that he told the burgomaster of Hanover that he hoped to pass several days yearly among the Hanoverians.

committees during the May strikes, has been sentenced to seven months' imprisonment for inciting class hatred and urging the miners to riot.

The trial showed that Weber was not connected with the socialists.

KNIGHTS ON THEIR UPPERS. Powderly and His Assistants Not Getting Their Salaries.

PITTSBURGH, Sept. 21.—The Leader will publish a story tomorrow, on reliable authority, to the effect that the entire executive board of the Knights of Labor have been suspended because of their being no money in the general treasury to pay their salaries.

Also that all the general lecturers, with the possible exception of Mr. Wright, have been called in for the same reason.

Mr. Powderly is said to be preparing his resignation, which he will present to the general assembly in Atlanta in November, for the reason that he is not getting his salary. He will then begin the practice of law.

Dakota Odd Fellows to Divide. COLLETSVILLE, O., Sept. 21.—The Sovereign Grand Lodge of Odd Fellows today authorized the grand lodge of Dakota to divide jurisdiction at the next annual meeting, and authorized the grand lodge to grant a charter to the grand encampment of North Dakota.

The constitution was amended to provide for the election of officers of the Sovereign Grand Lodge instead of biennially, permitting state and territorial grand bodies to make laws disqualifying persons engaged in the sale of intoxicating beverages for membership in the order.

Run on a Jersey Bank. TRENTON, N. J., Sept. 21.—A run was started on the Trenton Savings Fund Society's bank today by a rumor to the effect that it had been robbed.

The depositors for the most part are Hungarians employed in the Union mills here. When the reports reached them they became panic-stricken, quit work, and in a short time a large crowd had congregated around the bank building.

So many quit work that the mills had to shut down. At the bank every demand was met. Some \$15,000 was paid out. There is no truth in the reported robbery.

Another Break in the Banks. CHICAGO, Sept. 21.—It now seems to be a question of time when all the roads in the territory of the Central Traffic association will issue through tariffs to St. Paul on the low basis authorized by the Burlington and Northern.

There was a further break in the banks today, and four additional roads, making nine altogether, joined in the scramble for through business.

The four are the Chicago & Grand Trunk, the Ohio & Mississippi, the Louisville, New Albany & Chicago, and the Louisville & St. Louis.

IN FLANK'S CLUTCHES. The Hatch Lithographic Company in the Hands of the Sheriff.

NEW YORK, Sept. 21.—The Hatch Lithographic company at Nos. 49, 51 and 53 Lafayette Place, has been placed in the hands of the sheriff on a judgment for \$30,000.

The business was established many years ago, and in 1872 the company succeeded the firm of Hatch & Co. in its early days.

Christopher Meyer, now dead, was the president, and he was succeeded in that position by George H. Stuyver, the companion of Mrs. Stryker.

The buildings and grounds are all that can be desired. Mr. Stryker is an indefatigable worker, and is at home in this kind of work, and has a corps of able assistants, who are in thorough sympathy with his methods and manner of teaching.

Friday evening of this week the St. Matthew's church choir, assisted by the St. Anthony Hill orchestra and the Park's most popular educationist, Miss Kavanagh, will give an entertainment at the Congregational church.

The programme is an exceedingly attractive one. Miss Alice Martin and Elmer E. Foss, once well known in the Park, were quietly married in Ogdensburg, N. Y., on the 14th.

They are expected here this week, and will reside on Manly street, near the residence of Mrs. Pickard, on Nourse street.

Dr. Stryker will preach in the Congregational church to-day both morning and evening. He will probably occupy the pulpit during Rev. Chandler's absence in the East.

The circle will hold its first regular meeting at the residence of Mrs. A. A. Clark the first Monday evening in October. A cordial invitation is given to those desiring to become members of the circle to be present at that time.

Fully 200 students registered on Tuesday, the 17th, the opening day of the fall term, and others are still coming so that, without doubt, before the first of the month the attendance will number quite 225.

This increase in numbers is due largely to Hamilton's office president, Dr. G. H. Bridgman, who in spite of ill-health has been indefatigable in his zeal for Hamilton university. The result is most gratifying to the friends of the institution, and a successful year is assured.

Mrs. E. B. Higgins has issued cards, announcing the approaching marriage of her daughter Etta to Willis E. Spaulding, of Heron Lake, to occur on the 30th of October, at 4 p. m.

Miss Higgins is a graduate of the 1888 class of Hamilton university, and is well known at Hamilton. Mr. Spaulding was also a student of the university, Mr. and Mrs. Spaulding will reside at Heron Lake, where Mr. Spaulding is engaged in the mercantile business.

The reception given by the Midway Lodge, A. F. and M., to the people of Hamilton last night was a most enjoyable affair.

Every lady was there, and the evening passed very pleasantly in listening to music, applauding speeches and discussing refreshments.

Prof. W. E. Thompson, of Genesee Wesleyan seminary, New York, is the new professor of Latin, vice Dr. G. S. Lines, resigned.

SUBURBAN SOCIAL. ST. ANTHONY PARK.

The seminary opened Wednesday, the 18th, with over twenty pupils, over half of whom are boarders, the balance being day pupils.

This week many more will enter, thus making a most flattering and favorable showing for this new institution. Everything is in complete order, and all rooms are very tastefully and completely furnished.

The buildings and grounds are all that can be desired. Mr. Stryker is an indefatigable worker, and is at home in this kind of work, and has a corps of able assistants, who are in thorough sympathy with his methods and manner of teaching.
