

MINNEAPOLIS.

NOTE AND COMMENT.

Dr. Kilvington's paper upon "Municipal Sanitation," read last evening before a citizens' meeting, should attract attention, which should bring to his support the help of those who believe in making Minneapolis a clean and healthful city.

C. B. Maben, J. A. Temple and Herman Ash were the only members of the P. P. R. who put in an appearance last night, and as neither could appropriately open the meeting with prayer, they adjourned.

Judging from their recent action, the aldermen would, were they business men and about to do a good deal of advertising, nail up printed signs in the wilds of Beltrami county.

After his recent remarks on the White verdict, Chief Brackett may be expected to send in a report praising Officer Langdon for his efficiency.

Tribune reporters are nothing if not modest. "It takes a pretty bright man to keep track of all the political gossip," is one sentence, the offspring of shining modesty.

AMUSEMENTS.

"Later On," by the Hallen and Hart company, was presented at the Grand for the first time in the city last evening, to an audience that nearly every seat on the first floor. The play itself is of the usual order of farces-comedies, with but a slight attempt at a plot, and was written by H. Gratton Donnelly, the author of "The Natural Gas" and several comedies of this order. The individuals in the company are all exceptionally clever, among whom are Annie Lewis, Willie Fuller, Little Aitch, Carrie Perkins, Joe J. Sullivan, Rufus Broderick, besides the stars, Hallen and Hart are both clever men, both actors, dancers and fu makers. Hallen appeared in the character of Jack Plunger, a better on horses, and Hart as Jolly Todd, a bookmaker. The music in the play is of a charming pleasing, the most of which is probably original and especially written for this play. Hallen and Hart executed a clever double encore in the last act, which received a double encore. Many new things and novelties were introduced. The comedies of this order, the night and to-morrow evening, it being especially stated by the management there will be no redness of face.

"Robert Macaire" as presented by the Baker company last night was well received by an enthusiastic audience at the Grand. The play is a charming comedy, Mr. Deshon is probably the best Jacques Strophe that ever visited Minneapolis. Miss Ward sang the ballad in a charming manner; Kitty Marcellas made a captivating Fanchon, and Mr. Drew's interpolated solo was excellently rendered. Messrs. Tetley, Cox and Miss Marie Scott also did well. Miss Marie Dressler again took the house by storm and her performance as the princess was a distinct feature. Altogether it was an admirable program, and should prove a strong attraction for the coming week. "Robert Macaire" will remain the attraction.

DISPOSITION OF GARBAGE.

The St. Paul Company Will Make a Proposal. A proposition will be made to the city at its next meeting to adopt the Metz system for the disposition of garbage. Several members of the council went to St. Paul last week to inspect its operations, and those who went are quite generally in favor of receiving a proposition from the company. It is probable that a special committee will be appointed to consider a recommendation in regard to the company. Dr. Kilvington has openly expressed himself as opposed to the system, and it is so with other members of the board of health, so that the matter will not go through without a struggle. The main objections advanced are not against the system, but its cost. It is claimed that the adoption of this system would cost \$25,000 a year.

SHE GETS ONE DOLLAR.

A Libel Suit in Which Not a Witness Was Sworn. There was another libel suit on trial yesterday in Judge Lochren's room, in which Julia Ann Voorhees was seeking to prove that she was entitled to \$1,000 from Orin Albee, the father of Charles Albee, who sued the Pioneer Press. It was a peculiar case, in that Albee is an old man, now sick in Iowa, which complicated the matter. The defense entered court with neither client nor witnesses; that the plaintiff is the defendant's mother-in-law, and that the libel appeared in a private letter which Albee had written to a friend setting forth that Mrs. Voorhees had stolen his ring. The defense practically admitted what was charged, and the case was given to the jury without any witnesses having been sworn. A verdict for \$1 was returned in favor of the plaintiff.

We sometimes think that people do not realize how much we owe to "make everything right" or how valuable such a disposition is to persons buying clothing and wearing apparel where possible defects in the quality of cloth or workmanship cannot be detected until after the goods have been worn. Second "Boodle" Case Comes Up for Trial--The Reform Club Missing.

It was a representative audience that gathered in the council chamber last evening to listen to a paper read by Dr. S. Kilvington, the commissioner of health on municipal sanitation.

There were members of the trades and labor assembly, representative single tax men, ladies and gentlemen from the nationalists' club, clergymen, aldermen, physicians and citizens representing all classes of the people.

After J. P. McGaughey had called the meeting to order, Dr. Kilvington was introduced. After the paper had been read the paper was discussed and questions asked by Dr. Finnegan, Rev. William Wilkinson, C. J. Buel, H. B. Martin, Rev. S. W. Sample, O. T. Erickson, Herman Ash, R. L. Stillman, A. H. Hall, Tom Law, E. Bradley, R. D. Russell, Labor Commissioner Lamb and others.

In answer to questions as to how garbage could be disposed of, Dr. Kilvington replied that for \$25,000 he could turn all the garbage, etc., to the soil as fertilizer, but he suggested that the council should appoint a committee of two members of that body especially fitted for the work, the trades and labor assembly to appoint two, and this committee, with the commissioner of health, to select two citizens to act with them.

Dr. Kilvington also suggested that to suggest such changes as are necessary to make Minneapolis one of the cleanest cities in the country, a platform should be adopted as the sense of the meeting. Dr. Kilvington's paper was a striking "Robert Macaire" as presented by the Baker company last night was well received by an enthusiastic audience at the Grand.

Dr. Kilvington's response to the request of several citizens—a request which, as a public official, bound to give information to the public regarding the sanitary conditions of his care, I have felt called upon to respond. I have consented to discuss briefly this evening the sanitary conditions of the city of Minneapolis.

He was immediately taken up, Frank Davis speaking for an hour and arguing that the notice was justified. James Shearer followed in a simple, concise presentation of the case, and at 2 o'clock Judge Smith charged the jury, holding there must be actual malice shown, and that, if the reputations of the gentlemen as professional actors had been attacked, they were entitled to receive damages. The jury retired and word from the jury room last night came that there was little prospect for agreement.

THE SECOND BOODLE CASE. It Will Begin Wednesday--Arrangement of Jail Prisoners.

The case of the state of Minnesota vs. Fred Brushaber, one of the First ward aldermen, was set for trial at the district court yesterday, but Judge Smith was busy on the Davenport case, so it was put over until Wednesday. This suited Attorney Penny and Benton, and the second boodle trial will begin on the day named.

Both of the indictments handed out at the last session of the grand jury were likewise before Judge Smith yesterday to be read to the indictments. Both of them set fire to an East side wood yard in order to get to Stillwater and have enough to eat, was the first arraignment. Henry Collier, and will be tried this afternoon.

Henry Collier and Fayette Bartlett likewise pleaded guilty, and their trial was set for today. They are charged with stealing \$240 worth of meat from Ezra Northfield.

Mr. Mowry informed the court house which is vacant, and found that some one had torn down the lead water pipes in the kitchen. While he was outside they had a wagon in which there was about 250 pounds of lead pipe and a hatchet. The boys ran away, but were captured by a long chase. Both of them denied stealing the pipe or knowing anything about it, but both of the boys had records, and one was charged with stealing \$100 worth of boots and shoes from Robert Meow, and he will be tried this afternoon.

THE COUNCIL CONTRACT. The Council Committee Will Not Change the Recommendation.

The committee on printing of the council, at its meeting yesterday, resolved not to readvertise for bids for the city printing. This action of the committee was brought about by the fact that the council had ordered from City Attorney R. K. Russell.

To the committee on printing of the Council--Gentlemen: In response to your request for an opinion as to the advisability of re-issuing a call for bids for the printing of the council, your committee has the honor to advise you that it is not recommended that the council should re-advise for bids for the printing of the council.

YOUNG CRIMINALS. Four Bad Boys Are Sent to the Reform School.

Guy Enstrom and Andrew Smith, the two young burglars who were captured by Officer John Galvin in a Bridge street commission house, Sunday night, had a lot of traps packed up ready for removal, admitted their guilt in the municipal court yesterday, and Judge Mahoney sent them both to the Reform school.

Martinson and William Hermonson, two tough pawsboys, were charged with the willful destruction of property. The complaint was made by Mrs. Mowry, who lives at 620 South Fifth street. Mr. Mowry informed the court house which is vacant, and found that some one had torn down the lead water pipes in the kitchen.

While he was outside they had a wagon in which there was about 250 pounds of lead pipe and a hatchet. The boys ran away, but were captured by a long chase. STRONG OPPOSITION. Both Sides Working on the Hennepin Car Line Scheme.

The proposition to establish a car line on Hennepin avenue is meeting with a good deal of lively opposition. Those who favor the scheme are not idle either, and both factions are working tooth and nail to carry their point. Those who favor the line on the boulevard have two petitions in circulation, one addressed to the council, asking that body to make the order, and another to the board asking that seven feet from each side of the driveway be given for the line. J. B. Tabour is at the head of the opposition. He argues that the boulevard is a public street, and would furnish no advantages that could be obtained by the car line. Kenwood to Humboldt, and on that avenue to the lakes. Mr. Tabour has a long list of petitioners who oppose the scheme, and he is confident that he will be able to win the day.

ALL IN THE FAMILY. A Divorced Couple Quarreling Over Money Deposited by Son.

Judge Rea and a jury are listening to the tale of the woe which befell John Nusser and his family, although John and his wife are now the divorced. In 1884 Mrs. Nusser secured a divorce from her husband on the ground of cruel and inhuman treatment. After that time Mrs. Nusser, as she alleges, gave her money to her son, who is now deceased, and he deposited it in the First National bank for her. The young man, it seems, deposited the money in his own name, and his father's name as administrator of his estate, and now the father and mother are left to fight over a matter which was found in a court case. Mrs. Nusser says she has a list of the money which was deposited in the bank, and she is confident that she will be able to win the day.

MINNEAPOLIS GLOBULES. The bank clearings yesterday were \$1,073,896.60.
