KANSAS CITY, Mo., June 7.—The aggregation from St. Paul started out this afternoon as if they would win the game hands down, but their good work did not last long. In the first inning a base on balls, a scratch hit and an error let Murphy get a run in, and then a combination of bad throws and sluggish playing by the Kansas City team passed Hayes and Daly home. Everything looked as if there would be no limit to the runs in this inning, as the Blues were rattled, and were in good condition to allow anything. Burks went to bat and flew out to right. Phillips went the same way to left, and Broughton followed suit to short in one, two, three order. This ended the run getting for the visitors until the ninth inning, when they were so far behind that they had no possible show. Then they went in and got three more runs, through slow playing by the Blues. The fielding of the visitors was sharp and good, and Mains was hard to hit until the sixth inning when he apparently went all to pieces, and the Kansas City boys hit him all over the field for triples, and in one run until they had pounded out five runs. He gave four bases on balls in this inning, which assisted the Blues in getting runs in. Taken as a whole, the playing of the visitors was good, but they were unfortunate in their errors and hits. The field work of all was good, and most of the errors were excusable. The Blues put up a poor game, but they were very lucky. Score:

Special to the Globe.

Des Moines, Ia., June 7.—Billy Hawkins, the light-weight of Toronto, Ont., and Jack Tousey, middle-weight, of St. Paul, met here to-night in what was announced to be a ten-round sparring match for points, with four-ounce gloves, but what proved to be a fight to the finish. Both men were in prime condition, Hawkins tipping the scales 135 strong, while Tousey was about twenty pounds heavier. The first two rounds were tame, Tousey assuming the offensive, while Hawkins was studying his opponent's methods. During these two rounds Tousey landed five times, but failed to land upon the vulnerable points of Hawkins. The third round, however, was quite different. Hawkins took up the battle and pushed it vigorously, and after one or two feet landed upon Tousey's neck a terrific blow and scored a clean knock-down. It was with great difficulty that Tousey regained his feet. The second and third knock-down followed in quick succession, and when the referee called time Tousey was virtually carried to his corner by his seconds. The latter claimed an injured hand, and asked for a doctor, but none responded, and the referee called time for the fourth round. Tousey staggered to the ropes at the front of the stage, and in broken sentences gave up the fight. He admitted his error, and said that he was a better man, but he would face him another round if the spectators insisted, although admitting he was already whipped. He was offered a few dollars to give a sparring exhibition if Hawkins would agree not to punish, and to this the spectators assented, and the fight with Tousey in a harmless fashion. Hawkins received no punishment whatever.

ST. LOUIS, June 7.—A more ideal day for racing could not be conceived than favored the patrons of the St. Louis Jockey club for the opening of the regular summer meeting. The track was packed with fully 2,000 ladies, occupying the private boxes and reserved sections of the stand, and the entire attendance was estimated at 10,000. James B. Ferguson officiated in starting the fields. The judges were President Charles Green, of the St. Louis Jockey club; Gen. J. Robinson, president of the Louisiana and Arkansas racing association, and E. C. Bruce, Ferguson's starting was the best ever connected with the track, and everything connected with the sport went off to perfection. The track was in prime condition and could be classed as fast. The Derby was, of course, the big event of the day, but it was a great disappointment. There was but one horse in it so far as qualities for first-class performance concerned. The first-class, however, was a cinch on the result. In the betting he was a hot favorite at 1 to 12. Quercy had been backed heavily for the place, but was scratched early in the day, leaving only Letcher, the Bishop and Grayson in the race. Ferguson seemed off at the start, and the Bishop and Grayson in the lead, Letcher half a length back, and Grayson a full length behind. At the end of the race Grayson attempted to bolt, and his jockey had all he could do to keep him out of the fence. He was not in the race after that. Passing the stand the winners were the same as at the start. They remained practically unchanged till the mile was reached, when Bill Letcher, who had the greatest pace, passed the Bishop and had the race won. He traveled easily into the stretch. Here the Bishop was given the whip and did not catch a pace in the lead. Letcher finished first under a pull. The Bishop was second, four lengths back and two thirds in front of Grayson. Time, 2:41.5.

The contest for the Western association pennant is the finest in the history of the organization, six of the teams being almost neck and neck for the flag. It is a singular fact that last year at this time the St. Paul and Omaha teams had a comfortable lead over all competitors, and plainly outclassed them. A glance at the table below shows these two teams to be at the foot of the list, and already completely out of the race. St. Paul is losing every game it plays, and the other clubs are using it as a convenience with which to fatten up at the expense of Omaha, although playing at home, is doing mighty little better. Minneapolis retains its lead, though by three points less than last year. Des Moines is again in second place, having pulled its average up from 518 to 566, and with St. Paul in sight will be crowding Minneapolis very close before the week ends. Des Moines is doing well for a traveler, but has lost several points and fallen away to fifth place. Sioux City and Milwaukee each increase their percentages and go up a notch. Kansas City remains in the lead, and is righted time the thick of the fight on the brink of the 500 mark. There was a revival during the week of the rumor that the St. Paul franchise was being sold to the Chicago Brotherhood, but the report was vigorously denied by both Secretary Roche and Manager Thompson. Something is being worked to tie the team over—precisely what is not given out. It is stated in one place that W. F. Bickel is about to purchase the franchise, change the name to the Chicago Brotherhood, and put in some new players. From another source comes the information that Sam Morton is putting in the thousands in making in Minneapolis. Take your choice. The record stands thus:
