

MINNEAPOLIS.

NOTE AND COMMENT.

Minneapolis (just returned from Europe) they tell me that the North Minneapolis crossings are really being put in.

"Yes, work has been begun." "Great man that Tom Lowry, ain't he?"

"Why?" "The city has been trying for fifteen years to get the crossings. Now that it has become an object to Lowry to have them put in, so he can run electric lines, the opposition very suddenly tades away. Oh, he's a dandy, he is."

The Hennepin county commissioners have made a reduction of nearly \$25,000 in the tax levy this year. But the city assessor gets in his month work just the same, and will make up the deficiency.

Just think of it! The rich nice old lady, known as the Evening Jay, has descended to vulgarly. Editor McLean actually commences an editorial with the refined and classic expression "The Minneapolis Tribune is a chump."

"Our Ed." as Ald. E. G. Potter is familiarly called, proposes to hang to his scheme for lighting the city until something is accomplished. He recommends 10-candle power lights, and that about 100,000 would be needed. To maintain a plant like this would cost considerable money, but the city would have better service and save \$50,000 annually.

The prospects for the Laurel avenue bridge being built are not as bright as could be desired. That \$15,000 hasn't been raised yet, and some of the property owners have refused to chip in.

The street fakirs, who were threatened with arrest if they do not hang to their tables on the sidewalks, and now the merchants who utilize the sidewalks for displaying their goods find that what was said is issued for their arrest.

The work on the crossings bridges is to be completed before snow falls, according to some of the young men who write for the evening newspapers, but Engineer Cappelen, who is in charge of all the bridge work in Minneapolis, says the plans have not been prepared yet, and he cannot be sure of the success. Surely great bodies move slowly.

W. H. DONAHUE.

W. H. Donahue, the attorney who so nearly lost his life on the motor line a week ago, is able to sit on his front doorstep and talk politics. His recovery is now assured.

J. Hal Reid is now night clerk at a hotel in Iowa and his latest work is playing the part of chambermaid, so he said. The engagement was secured in liquidation of a board bill.

Sergeant Kirkham has returned from St. Clemens springs, where he has been bolted out and purified so as to better represent the holy retirement and reform administration.

Theo. Hays is now practicing with wire fencing at Hotel Lafayette and learning to say "yes" to the ladies in forthcoming match with Lindley, of the Tribune.

Lac Stanford says the delegates to the grand lodge of Elks at Cleveland all had the "rip."

Little Willie Dunn starts for Portland, Ore., to spend his vacation, to-day. Col. William H. Smith is to start for the restaurant business at 107 Washington avenue south.

Corporal Frank E. Woodward, of the St. Louis Dispatch, formerly marine editor of the Evening Star, of Minneapolis, is in the city spending a few days and dollars.

The report comes from Winnipeg that George Bell is singing lush tenor in "Olivette" with the Deshon Opera company.

DISTRICT COURT BRIEFS.

Judge Hooker granted the petition of Thomas Maclellan that he be permitted to bring suit against Sam A. Booth as assignee of Charles E. Cottell, who, he alleges, holds certain property belonging to the Anchor Manufacturing company, against whom he has secured judgment.

Judge Young yesterday morning divorced Paulina B. Byrne from Dennis C. Byrne, the complaint being habitual drunkenness.

The will of Mrs. Chris A. Gallagher was admitted to probate yesterday. A settlement in the probate of the will has been agreed to by the heirs, and litigation is to be dropped. A partition will be made by Judge Bailey next Monday. The personal property of the deceased is valued at \$100,000 and there is besides real estate amounting to several times this value.

MINNEAPOLIS GLOBULES.

The bank clearings yesterday were \$930,428.83. George F. Smith, of 326 Eleventh street, died suddenly at 10 o'clock yesterday of heart disease.

The iron has arrived for the Thirty-sixth street bridge at the motor crossing. The bridge will be completed in a few days.

E. A. Seales granted a permit yesterday for building eight two-story houses at Howard and Twenty-sixth streets, northeast, to cost \$2,200 each.

Ground has been broken for the new Congregational church building at Tenth and Hennepin streets. The building is expected to have the temporary chapel completed by Sept. 1.

J. W. Pusey got a severe fall on Hennepin yesterday. His rig was run into and overturned by J. P. Sawtelle, who was driving rapidly along.

In addition to the jobbing houses who will close their places on Monday, the book and art stores will do likewise.

PERSONAL AND SOCIAL.

Dr. A. T. Allen is home from his Eastern trip.

Mrs. M. P. Cady left yesterday evening for a trip through the East. Mr. Cady is accompanied by Mrs. Cady and their daughter, Miss M. Cady.

Miss Viola Elmer, of Chicago, is the guest of the Misses Clara and Florence Cameron.

IT BEGINS TO BUBBLE

The Hennepin Delegation Decides to Lay Low for a While.

And Will Join Forces With the Strongest Anti-Merriam Candidate.

The Cleveland Club Meets--Lucas, Martin & Co. in the Market.

Some of the Colloom Notes Were Settled--The Dog Catcher's Woes.

The Hennepin Republican county delegation to the state convention held a second meeting at the Union league rooms last evening, forty-one of the forty-five delegates being present, including the redoubtable E. R. Perkins. The meeting was executive, although the deepest secrecy was not preserved. It was announced that there were now two candidates for governor against W. R. Merriam, W. W. Braden and Knute Nelson, and that there are liable to be others. In the discussion that followed it was decided that the delegation should not ally itself with the fortunes of either candidate, but shall hold itself ready to join the forces of the candidate who shall present the strongest front to Merriam. It was emphatically announced to the reporters that the delegation is not for any man, the inference being that it is for anything to down Merriam. The executive committee was instructed to get up a sort of an address to the people which will define the position of the Hennepin delegation. It is hoped, in a way that will prevent any one from presuming that it is acting in a high-minded, Christian spirit, and is not influenced by a hard-headed, practical, and local animosity and bloodthirsty devilry to lift the scalps of certain politicians who favor Merriam.

HERE YOU GET IT.

City Grangers Elect Delegates to the Farmers' Alliance.

There was a lively political meeting in the Labor Temple last evening. The meeting was called to select delegates to the Farmers' Alliance, which meets in St. Paul on July 17. The great trouble appeared to be that almost every one present had individual views which he wished the convention to endorse. There was Farmer Martin, of the Single Tax league, and a number of single tax planks in the platform; then Granger T. H. Lucas had ideas of his own, and every body else took a hand. Finally a compromise was made, and the delegates were instructed to insist upon the following planks in the alliance platform: First--The use and occupancy to be the sole title of land. Second--The extension of the Australian ballot to the farmers. Third--Opposition to the national banks. Fourth--Opposition to usury. Fifth--Sole ownership of railroads by the state. The delegates selected were T. H. Lucas, Charles Reller and Granger Feusterback.

THE CLEVELAND CLUB

Elects New Members and Condemns the Federal Election Bill.

The Cleveland Democratic club is booming along at a healthful rate of growth. A well attended meeting was held last evening at the club house, when forty-eight new members were elected, making a total membership of 160. The following executive committee was elected, of which the officers are: President, A. J. O'Connell; Secretary, James Buck; Third ward; Bartlett S. Mayo; Fourth ward; Judge A. Ueland; Fifth ward; James H. Johnson; Sixth ward; J. E. O'Connell; Seventh ward; Russell; Eighth ward; C. E. Andrews; Ninth ward; Henry Meade; Tenth ward; A. J. O'Connell; Eleventh ward; Alex. Stewart; Thirteenth ward; B. H. Tinkler; C. J. Rosing and Ed. H. Johnson were appointed to a committee on organization, and Charles Setzler a committee on the distribution of literature. Congregational churches were invited to send to Patton and Black, the Democratic nominees for governor and lieutenant governor of Pennsylvania, and to Hartlett and Black, the Democratic nominees for congress in Ohio. The federal election bill now before the United States senate was discussed, and the following resolutions were adopted against its passage: Whereas, The bill to regulate the election of representatives to congress, known as "The Lodge Bill," contains certain provisions that would nullify and render void the Australian system of election, and that the same, whereby the secrecy of the ballot is secured, and the integrity of the ballot is rendered impossible; and Whereas, We regard the maintenance of the present system of election as a matter of the highest importance to the people of this state; therefore Resolved, That we oppose the passage of the Lodge bill, and call upon all citizens to take every honorable measure to secure its defeat.

And, Whereas, The expense of conducting legislative elections under the Lodge bill has been estimated at from \$10,000,000 to \$20,000,000 per year, adding so much to the already enormous tax burden upon the people of this state; therefore Resolved, That we regard the removal of this burden as wholly unnecessary and unwarranted, and that the same service can be better rendered by the local boards of election officers.

MUSKIE PLAY POSSUM.

Commissioner Guile Thinks There Is Too Much "Sickness."

Hereafter the police surgeon will make a careful examination of all the officers who report sick, and upon his report the commission will determine whether the men are paid for the time they are off duty. In an application for leave of absence it was discovered that the man had been off duty a good many time months each month, and the commission, after a careful examination, and an examination of the records showed that the "sickness" was a report of the sick man's commission, and he didn't hesitate to say so. "Why," he exclaimed, "I believe he's been playing possum on us to escape duty."

There is no reason why a man should lay off any more on the police force in private business. Of course if he is really sick he should be paid, but in favor of making a man who claims to be sick simply to shirk his duty, the commission don't believe it. A fellow was sick enough to lay off all that time, and I won't believe it unless the doctor says so. Let the doctor be the judge whether a man is sick enough to lay off, and if he isn't, why, let him lose the time."

Mayor Babt and Commissioner Conroy were appointed by the city council to examine the accounts of the police force, and hereafter any attempt to "play possum" with a view of escaping duty will be brought up with a round turn.

Sergeant Wash Pierce was granted a leave of absence, for ten days and Patrolman A. L. Arnold six days. Charges were preferred by Sergeant John Leonard against Patrolman Delno for being off his beat from 3:30 p. m. to 1:15 on July 9. A number of witnesses were examined, but the case was deferred until the next meeting. B. Hoveland and Anthony Conroy were appointed by the city council and ordered to report to Chief Brackett for assignment to station. John Sullivan and Ole Anderson, who have formerly been members of the force, but who resigned some time ago, were reappointed. The matter of changing the contract for the new north station heating apparatus for the new north station was discussed in an informal way. The bids of the contractors are

so close that the question has now resolved itself into a question of the best method. The commissioners resolved to take further time in looking into the matter before coming to a decision.

WOW! THIS IS AWFUL.

The Sidewalk Peddlers Getting Even With the Merchants.

The people who have been doing business for the merchants at whose instance the order recently issued by the police commission, saying that they and their business must go; and when the patrolmen commenced to enforce the order they organized to make things lively for the merchants at whose instance the order was issued. A meeting of these vendors was held on Sunday afternoon at the residence of one of the most prominent merchants who used the sidewalks in front of their stores for protection. At the meeting a committee was appointed, and the vendors were roundly scolded because he had voted for the resolution which deprived them of their business. The street and he was singled out as the first one to be prosecuted under the ordinance. Yesterday J. Schwartz swore out warrants for the arrest of N. H. Gjersten, Mrs. W. S. Waldron and T. R. Yerxa on the charge of obstructing the sidewalks.

Henry Gjersten appeared in court yesterday for the merchants and Assistant City Attorney Dunn for the city. Mr. Dunn requested that the cases be postponed until Monday next, and the request was granted, much to the disgust of the people who had instigated the prosecution. The storekeepers were given a right to use their stores on which to display their goods, and this right is recognized by the ordinance in his order to the patrolmen.

Police Court Notes.

There were twenty-three cases before Judge Mahoney yesterday. Mattie St. Clair paid the regular monthly fee of \$60 for protection in running her bag. Annie Horst was taxed \$65, Jones \$70, and Jennie Irving license cost her \$80. Lew Jewett, Ray Tyre and William Callender, three small boys, were charged by S. Robenstein, St. Paul, with the larceny of five boxes of berries, valued at \$1, from his wagon. A sixteen-year-old sister of the boy was charged with the larceny. She listened attentively to the testimony of the man who made the complaint, and when the court said about it, she said that she had seen the boys do it, and she was satisfied all the factions interested. It had been decided some time ago to hold a trial of the boys, but the court took the matter under advisement. May Arthur was sent to the workhouse for sixty days for drunkenness. The usual number of common drunk and disorderly were disposed of according to the stereotyped rule.

Tennis Tournament.

The Chequamegon and Grasshopper tennis clubs met last evening at the West hotel to make arrangements for a tournament that has been contemplated by the two clubs for some time. The interest was large from both clubs, and it was found that the boys were satisfied all the factions interested. It had been decided some time ago to hold a trial of the boys, but the court took the matter under advisement. May Arthur was sent to the workhouse for sixty days for drunkenness. The usual number of common drunk and disorderly were disposed of according to the stereotyped rule.

Better Sanitation.

A joint meeting of the committees of the council on health and hospitals and public grounds and buildings was held yesterday to consider the advisability of reporting a general ordinance to the city council, which would require that all buildings be kept clean and sanitary. The garbage question was taken up and discussed at length. A committee was appointed to look into the matter and report to the council next Monday.

Mrs. Tobin's Funeral.

The funeral of Mrs. J. T. Tobin occurred yesterday at the family residence, 1815 Eleventh avenue south, and was largely attended. The remains were conveyed to Holy Rosary church, where requiem mass was celebrated by Father McGeehan, and thence to the Catholic cemetery in Northeast Minneapolis for interment. The pall-bearers were W. W. Nash, John Kelly, Edward Kennedy, Roger Vail, McAllister, John Kennedy, Arthur Murphy and John Fisher.

Robbed a Church.

Burglars blew open the safe of the Holy Rosary church at Twenty-fourth avenue south and Eleventh street, Sunday night, and stole a large amount of money. The safe was found to be empty, and the thieves made an entrance through an open window and left the same way. No clue has been discovered.

The Service Returned.

The communion service which was stolen Sunday from the Holy Rosary church has been returned. Sandy morning the entire service was found bundled up in a bag lying on the church steps. There is no clue to the thieves, but it is believed that the service was returned because it was plated ware and of such a design that it could not be sold readily.

To Equalize Taxes.

The board of equalization, composed of Aldermen Lester, Sterling, Adams, Meloy and Smith, met in the city hall yesterday and will be in session for three or four weeks to consider applications for reductions of the assessments as returned by city assessors. The most complaints are expected from those who failed to fill out the blanks and in whose cases arbitrary assessments were made. The board will meet at 9 o'clock this morning.

SNUBBED BY THE CZAR.

Enloe, of Tennessee, Gets Small Solace From Reed.

WASHINGTON, July 14.--In the house this morning Mr. Enloe of Tennessee, who had introduced a resolution to amend the Record, stated that on Saturday he had called the attention of the speaker to the fact that Mr. Dingley, who was speaking on the silver bill, was exceeding his time. He called attention to the fact that the Record did not record whether it was the fault of the reporters or the editor of the Record. He did not wish to be put in the attitude of being ignored by the speaker. After some colloquy on the matter between Mr. Enloe and the speaker, the speaker stated that he had no recollection of the circumstances. He presumed the matter had been left out of the report, as such things frequently occur. The speaker was by no means a perfect transcript of the proceedings, and never had been. The house then went into session on the bill under consideration.

AMUSEMENTS.

THE COMEDY COMPANY A BIG HIT. Frederick, Rock, and Peck's Bad Boy.

Peck's Bad Boy. ALL THIS WEEK. Edwin Barber, Peck's Bad Boy.

DIED.

MULLER--Funeral of John B. Muller will take place Thursday, July 15, at 2 o'clock, from the residence of Mrs. Muller, 1000 Hennepin, to the St. Paul cemetery. Interment at Oakland cemetery, St. Paul.

STATE OF MINNESOTA, COUNTY OF Hennepin--District Court, Fourth Judicial District. In re: Estate of Edward H. Clapp, plaintiff, vs. The W. B. Clark Investment Company, Special Trustee, and Frank E. H. Bruen, defendants.

At Minneapolis, on the fourth day of July, A. D. 1890, the undersigned, hereby gives notice of his appointment as receiver of the W. B. Clark Investment Company, of the county of Hennepin and state of Minnesota, which has been assigned to him by the court in and out of Chapter 148 of the General Laws of the state of Minnesota for the year 1889.

All creditors claiming to obtain the benefit of said act are required to file their claims with the undersigned within twenty (20) days after the publication of this notice.

LEGISLATION IS LAGGING.

Many of the Most Important Bills Still in Hoc.

WASHINGTON, July 14.--In the senate this morning Mr. Hoar offered a resolution, which was agreed to, calling on the secretary of the treasury for such reports of the commission on the valuation of sugar as the New York customs house has have already been transmitted. The senate then proceeded to the consideration of the sundry civil appropriation bill. Mr. Allison made a statement in connection with the sundry civil appropriation bills. The agricultural, legislative, executive and judicial, military academy and the army bills had become

laws; the consular and diplomatic bill was the first bill reported by the president; the District of Columbia bill and the fortifications bill were pending in conference. The Indian bill would be reported to-day or to-morrow; the naval, the pension, river and harbor and the sundry civil were still unacted on by the senate. The general deficiency bill was still behind. Having disposed of fifty of the 114 pages of the sundry civil bill, it was laid aside till to-morrow. The senate bill to extend for one year the time for commencing the construction of bridges by the iron and steel and Arkansas and Northern railroad companies, in Louisiana, was passed. The senate bill to further suspend for ten years the statute in relation to the land grant (with amendments); also the senate bill to provide for the disposal of the Bagosa Springs military reservation in Colorado was passed. The senate then, at 5:50 p. m., adjourned.

DEBATE TO BE SHUT OFF.

Senators Decide Upon a Form of Gag Law.

WASHINGTON, D. C., July 14.--The republican senators to the number of thirty-one met in caucus to-night to receive the report of the committee appointed at the caucus held last Thursday to consider a change in the rules of the senate by which debate can be limited for the purpose of passing the federal election bill. The committee, through Senator Aditch, presented a proposed modification of the rules under which, when a measure had been under discussion for three legislative days, a majority of the senate could order debate to be closed; after that, thirty minutes to be given to each side for debate, no senator to speak more than once. Objection was made to this rule on the grounds that it would look to the country as if the republicans were proposing to shut off the entire election bill through the senate in three days. After some debate it was determined to change the proposed rule so that it should be in effect for a reasonable time instead of three days. In this form the rule was referred back to the caucus committee to be revised and reported to a future caucus. The vote taken on this proposition was a decisive majority of 17 to 14 in favor of a change in the rules and the passage of the federal election bill. The next caucus may not be held for several days. In the meantime it is understood that the sundry civil appropriation bill will be disposed of and the tariff bill taken up, but it is also understood that the tariff bill will be laid aside temporarily to take up the river and harbor bill in the near future.

The Trade of the Congo. Brackets. About twelve years have elapsed since the geographical and commercial possibilities of the Congo were first brought prominently to the attention of the outside world by Henry M. Stanley. It is now a well known fact that the Congo is one of the most important rivers of the world. It is now a well known fact that the Congo is one of the most important rivers of the world.
