STILLWATER SILHOUETTES

Three Prisoners Make a Desperate Attempt to Escape.

CLERK HOLCOMBE'S ALARM.

The Prison Board Invites the Legislature to Visit the State Prison.

John Flood, Ed Devine and Ed Meagher, three prisoners confined in the county jail here for safe-keeping pending their removal to Pine county, where they will be tried on charges of burglary, made an attempt to escape about 12 o'clock Monday night, which might have been successful had it not been for the keen eye of Clerk of the Supreme Court C. P. Holcombe, who occupies apartments in the court house adjoining the jail.

At the meeting of the city council last evening the hospital for the insane was discussed in a lively manner. A bill will be presented to the council for passage asking that the expense of opening the street be paid out of the general funds. The matter was laid over until the second meeting in April.

A musical will be given Friday evening at the residence of Mrs. David Cover Oak Park. An admission fee of 25 cents will be charged, the proceeds to be used for the Presbyterian church organ fund.

A meeting of the board of prison managers was held yesterday in the warden's office at the prison. Most of the time was spent in transacting routine business and auditing the monthly bills. The following resolution was adopted by the board:

Resolved, That the board of prison managers respectfully invite and request the honorable legislature of the state of Minnesota, now in session at St. Paul, to visit the prison in a body and inspect the working of the same at some future day to be appointed by the warden of the prison.

DULL DAY ON 'CHANGE

Neither Bulls Nor Bears in Wheat Make a Great Deal of Headway.

The Latter, However, Are Favored With the Most Favorable News.

The Scalping Fraternity Sell Wheat Freely All Around.

Wall Street Makes a Languid Effort Toward Recuperation.

Chicago, March 3.—It was a dull day on the board. Neither bulls nor bears in wheat were able to make a great deal of headway.

The latter were favored with most of the news; the former had a little of the best of the market. The trade was languid, with bearish points at the outset. Receipts here and northwest were heavy. There was a moderate amount of business done in the wheat and American ports, an increase of 456,000 bu and flour as wheat on ocean passage.

There was a generous snowfall all over the wheat country, St. Louis wired that receipts of wheat and corn from the country were increasing. The Liverpool market was dull and barely steady.

The case of Dr. W. H. Pratt vs. The Stillwater Water Company, which was set for trial in the district court yesterday, was continued until the next term of court.

The ladies of the Universalist church of this case would occupy at least two days, and there being no other cases set for trial, court adjourned until Thursday morning, at which time the petition for a writ of habeas corpus was received from the street railway company promising better service.

At the meeting of the Ancient Order Hibernians Monday evening it was definitely decided to make arrangements for the coming celebration of St. Patrick's day.

A musical will be given Friday evening at the residence of Mrs. David Cover Oak Park. An admission fee of 25 cents will be charged, the proceeds to be used for the Presbyterian church organ fund.

An informal reception was given last evening in the rooms of the new business college, on the second floor of the union station. A large number of visitors were present, and excellent music was furnished for the occasion by Dr. Mrs. Van Waters and George Graham.

A meeting of the Republican club was held last evening at the city hall for the purpose of electing delegates to the Republican convention at Minneapolis, March 12.

George M. Seymour returned yesterday from a visit to the state of Kansas, where he purchased four standard-bred mares, which are expected to arrive in this city to-morrow.

The date for the proposed visit of the legislature has not yet been set, and the
