The House Will Make a Hustle to Overtake Its Business.

A Hot Fight to Be Made in the Senate to Exclude Lobbyists.

Both Oil Bills Go Back to the Committee for Consideration.

A Light Day for Startling Events in Both the Socratic Bodies.

The senate commenced business yesterday morning with a bare quorum present. The opening exercises had hardly been gone through with when Senator Sanborn and Leavitt tackled the lobbyist question.

The afternoon session commenced with the report of the special committee appointed some time ago to investigate the management and condition of the Stillwater prison.

MINNEAPOLIS.

THE COUNTY COMMISSIONERS.

They Send a Set of Resolutions to the Legislature.

The county commissioners held their regular monthly meeting yesterday and transacted a large amount of business.

George Lay was present with a complaint in regard to the charges for the care of the poor of Minnetonka.

The board promised to look the matter up. The blind pig keeper will be taken up, and the board resolved to offer a reward of \$50 to any person who would give information that would lead to the conviction of the keeper.

The board also read and accepted an invitation to receive from Denver, asking the board to send a delegation to the Trans-Mississippi congress to be held there on May 18.

A petition asking for an appropriation of \$1,000 for roads and bridges in Minnetonka was referred to that committee. A petition of the same kind from Independence, Kansas and Corcoran shared the same fate.

A report appeared for the West Minneapolis Turnverein to make a formal demand for the return of taxes on the property of the society for 1889 and 1890.

The matter will be tried in the district court during the April term by stipulation. The board passed the following resolution:

Resolved, That we earnestly urge upon the members of the legislature the best interests of the city of Minneapolis, that they use their best endeavors to pass a bill, the one referred to is one in relation to the expenditures of moneys for roads and bridges in Hennepin county.

The commissioners are in Hennepin county. It is a great detriment to the city, if it is not passed out of the hands of the four commissioners living in the city, so that they cannot expend money for roads and bridges, and would prevent the replacing of a bridge if it was destroyed.

MAY SUE FOR \$25,000. PITTSBURG, Pa., April 6.—President O'Neill states to-day that as soon as Pitcher Mark Baldwin gets through with the suits Von Der Ahe, of St. Louis, has pledged him with the Pittsburgh club officials will take hand in the matter.

They will do by getting Baldwin to institute a cross-suit for damages. It is thought the amount Baldwin will ask will reach \$15,000 or \$25,000. Von Der Ahe will be sued in the courts of Missouri and given as much trouble in the case as he has given Baldwin.

Clear the Way Here. NEW YORK, April 6.—The celebrated Irish race horse Clear the Way arrived to-day from Liverpool. He was brought over by E. D. Morgan. Clear the Way stands sixteen hands high and is of a dark chestnut color. He has run five races, winning three. In 1888 he won the Irish Grand National, beating the celebrated Maroon.

Nine Men Killed. SIMLA, April 6.—Sharp fighting with the rebellious natives continues. The Miranzais rising is extending. Yesterday the Twenty-ninth regiment lost nine men killed and four wounded.

Good Yachting Prospects. The Minnetonka Yacht club meets this evening at the West hotel to elect a commodore and vice commodore. This year at least a dozen new boats will be added to the fleet, and the rule is being changed this season so that the boats can be classified and a time allowance given according to length of sail.

Ten new sixteen-foot boats are being built, and two twenty-three foot boats. T. A. Sammis is having one built that is 23 feet long, with 10-foot beam, and will carry 840 feet of sail, or 20 feet less than the Varuna. Her racing length by the new rules will be 29 feet.

The boat is being built by J. B. Brooks, at Minnetonka. W. H. Wood's yacht was designed by H. C. McLeod, who designed the Varuna, and is also being built by Brooks. It will be 29 feet long, beam 8 feet 8 inches, and will carry 640 feet of sail, making its racing length 25 feet 4 inches. This will give Mr. Dunbar a three-minute time allowance over Mr. Sammis's boat.

Wants to Leave the R. S. Victor Schwanberg, fourteen years old, was sent to the reform school about a year ago, at the instance of his father, Alex Schwanberg, of 424 South Fifth street. His father has committed no crime, but was a little wild. Now his father wants to get him out. The boy's older brother, Victor, says that about two months ago a petition was presented to the governing board of the reform school asking for the boy's release. The petition had twenty-one signers, among whom were Mayor Winston, Supt. Henderson and W. J. Emery. But the petition was not released. Victor, who is called on Supt. Henderson yesterday, is about getting the boy out temporarily to attend his aunt's funeral. He will probably never go back.

Public Grounds and Buildings. The council committee on public grounds and buildings had little to do yesterday. Wire screens were ordered for the windows of the health office and a roll-top desk was ordered for Commissioner Kelly. The matters of insurance and contentment of the city scales and ventilation of the elevator shaft were laid over. The chairman will investigate the scale matter. There is no question but that the elevator shaft is a dangerous draught in case of fire.

Winston Will Return Soon. Secretary F. G. Holbrook received a telegram from Mayor Winston yesterday. The mayor expects to reach Minneapolis either Thursday night or Friday morning. He will be here in time to attend the next curb and gutter resolution and relieve both Potter and Gray. The mayor said nothing in the message regarding the veto of the charter.

PERSONAL AND SOCIAL. Harry F. Legz has gone to Cincinnati on a short trip.

Mayor E. C. Babb has returned from a sojourn in Florida.

Marcus P. Hayne leaves to-night for New York, having called by the serious illness of his father.

The Phantasmagorion club gives a grand ball at the Eighth Ward Relief hall to-morrow night.

C. C. Cook, the attorney, has returned from a tour of the West. He was called by the death of his father.

David McConnell, representing Farquhar Brothers of Glasgow, Scotland, large importers of flour, is at the West.
