

MINNEAPOLIS.

NOTE AND COMMENT.

Dispatches say that Mrs. Chaska will sue for a divorce from her Sioux brave. It is suspected by Minneapolis that Fred Pride is at the bottom of it in the interest of a scheme to advertise.

The right kind of a Republican never places the word if, and, or perhaps the word protection. Even the Tribune.

The members of the committee on ways and means of the city council are preparing to compromise on the money-spending question.

White W. H. Adamson was new to the pleasure of Stillwater. He wrote flippantly of "kid reporters."

More church members have been quarreling and pulling off their coats for a fight. If this thing continues much longer Col. Tanner will have to call on his meetings over 308, while Pat Sullivan will fill in with vociferous "Amen's" and "Glory hallelujah's."

Yesterday was St. John the Baptist's day, and no one was found to dispute his title, at least during the early morning hours.

The latest subject of controversy is as to which is the greater exponent of country journalism. The claim of each in precedence in the many "emot" features, they never will settle it save by shaking dice.

"When I find that dog," said George P. Hill yesterday, "I will be ready to open negotiations with the 17 1/2 persons who have, by mail, submitted proposals for his purchase."

It is suspected that the fellows who stole those 125 cutting implements from Lawrence & Smith's store were railroad passenger agents.

AMUSEMENTS.

The Shaw Opera company gave the third performance of the "Blasphemy" to a large audience at the Lyceum last night. "Standing Room Only" being hung out early in the afternoon.

"The Corner Grocery" is amusing large audiences at the Grand. The piece contains many novel features, among which might be mentioned Phil McFarland's Daddy Nolan, Mr. Cohen's German comedy work, and the antics of the mischievous small boy.

Jeffrey Lewis, the distinguished emotional actress, will make her initial bow before a Minneapolis audience, as a member of Jacob Litt's stock company, to-night. The play to be produced is "Forget Me Not."

"The Corner Grocery" will run the entire week, with a matinee Saturday. Jeffrey Lewis, the distinguished emotional actress, will make her initial bow before a Minneapolis audience, as a member of Jacob Litt's stock company, to-night.

Miller Bros. celebrated Parisian spectacle "Kajanka" to the grand and successful Sunday night for a week's engagement. It is represented by a large company, and staged in a sumptuous manner.

EXPOSITION FEATURES.

Flax Scutching and Dairying Will Be Prominent--Flimsy Attractions.

The exposition board met yesterday morning. General Manager Brackett announced a new exhibit. Flax-scutching machinery will be shown. It will combine all of the tools used in the conversion of flax into linen.

The national encampment of the Sons of Veterans will begin in Minneapolis Aug. 24. Manager Brackett suggested that they be asked to join in the exposition parade. That and the matter of the meeting of the United States commissioners during the exposition were referred to the committee on entertainment.

Building Inspector Hazen notified the board that he had examined the interior of the structure that has put up by the Christian Endeavor people, and that he found it in many parts unsafe. This was a surprise to the building committee, and the members of that body yesterday afternoon visited the exhibition building on an inspection tour.

BUILDERS SAY THEIR SAY.

They Want a New Central Market and Public Corner Stone Laying.

The builders exchange met yesterday long enough to pass some resolutions. They first voiced their sentiments on the central market question thus:

Resolved, That we respectfully urge upon the city council the acceptance of the proposal of Messrs. T. B. Walker and S. C. Gale to erect the present season a new central city market for the following reasons:

First--The universally acknowledged necessity for such a central market.

Second--Involving a brick structure three stories high 50 to 75 feet wide on three sides of a full square or block of ground.

Third--Its value to the community in its large disbursements for labor in a somewhat close season.

A committee was named to present the resolutions to the city council. The following was adopted:

Resolved, That it is the opinion of the builders exchange that the laying of the corner stone of the new court house is of sufficient importance to require a public demonstration.

Done by Lightning. During the electric storm of Tuesday night considerable damage was done in a small way in various parts of the city.

The residence of G. S. Knapp, 2710 Pillsbury avenue, was struck by lightning and somewhat burned about the roof. A large tree in the front yard of H. B. Frey, on the East side, was also struck, and the pieces were strewn all about the yard.

THEY'VE GOT "SUGAR"

Aldermen Will Compromise on the Money Spending Questions.

Some Hard Tussles Occurred in the Council Committee Meetings.

Park Commissioners Take Action on a New Boulevard.

Arraignments of Criminals and Other District Court Matters.

Ever since Ald. Lovell, chairman of the council committee on ways and means, and in fact the entire committee, sat down so hard upon the appropriations for the fire and police departments, and the mayor placed his veto upon the \$30,000 appropriation for the fire department which Ald. Woodward succeeded in getting through at the last council meeting, there has been considerable kicking on the part of the park great committee.

Some of the members have taken the matter so much to heart that they have threatened vengeance, and declared that they would oppose appropriations for other purposes particularly the city hospital. Ald. Woodward has been particularly bitter and particularly outspoken in his manner, and has expressed himself very forcibly with regard to the city hospital plan.

Now it appears that a few of the wise ones have come together and have devised a plan whereby oil can be poured upon the troubled waters without great expense to the city, and these disappointed committees can be rounded up and brought into line.

The ways and means committee had already decided to recommend the negotiation of \$75,000 bonds, and it is now stated that they will recommend that \$10,000 of this amount be appropriated to the creation of the new South side police station, and an equal sum for a new engine house in the First ward.

Committees for the present, and it is believed that Mayor Winston will also agree to the plan.

A HEAVY DAY.

Council Committees Transact a Large Amount of Business.

The council chamber presented a very lively appearance yesterday afternoon. Several important committees were in session, and beside their members there were present a number of other individuals drawn thither by their own personal interests.

There were several animated discussions, and at the close of the day the members had been somewhat disordered by one unaccustomed to the informal manner of some of the Minneapolis aldermen and their constituents.

The most important business of the day was that before the market committee. Although it looked for a time as if nothing could be accomplished, the members finally got down to work and finished up in about five minutes.

The matter which came before the committee were the application of Lambert Hays and others for a franchise to build a public market in North Minneapolis, and the application of T. B. Walker and S. C. Gale for a renewal, in their names, of the franchise for a central market which was formerly granted to Howard Gale, which will expire on July 1 through his failure to fulfill his contract.

T. B. Walker was present and explained that he and Mr. Gale were earnest in this matter and really proposed that they should be satisfied with the deal secured the ground lying between Sixth and Seventh streets and Second and Third avenues north, and would not object to erecting a building at an expense of \$175,000. He stated that they must ask that the time be extended to open their market for business before that date.

Ald. Ingenuhult stood sponsor for the Northern Minneapolis market scheme, and strongly urged that the franchise be granted, but the balance of the members of the committee wanted to lay it over until certain changes had been made in its provisions.

Their principal objections to it were, first, that it proposed to take the ground lying between Sixth and Seventh streets and Second and Third avenues north, and would not object to erecting a building at an expense of \$175,000. He stated that they must ask that the time be extended to open their market for business before that date.

It was also proposed that the franchise be granted, but the balance of the members of the committee wanted to lay it over until certain changes had been made in its provisions.

PARK BOARD MATTERS.

Several Committees Met and Transacted Important Business.

A joint meeting of the park board committees on improvements and designation was held yesterday afternoon to consider the proposition of the Dean heirs to sell the city another strip in addition to the property already donated by that estate for a boulevard between Lake Calhoun and Lake of the Isles.

The price named in this proposition is \$10,000, one-half of which is to be assessed against the other property of the Dean estate. The committee decided to recommend that they should be allowed until July 1, 1892, to complete the boulevard, and that they can obtain the right of way across the city tracks.

The improvement committee then went into session, and considered the proposition of the Dean heirs to sell the city another strip in addition to the property already donated by that estate for a boulevard between Lake Calhoun and Lake of the Isles.

BURGLARS AGAIN.

The Store of Lawrence & Smith Entered During Monday Night.

The gun and sporting goods establishment of Lawrence & Smith, No. 233 First street, was entered during Tuesday night by burglars, who carried off over \$300 worth of goods. The thieves entered through the rear of the store, cutting a pane of glass from one of the windows with a diamond. The work was done by a man in a dark suit, who entered through the rear of the store, cutting a pane of glass from one of the windows with a diamond.
