ROW OVER A POSTMASTER.

A Little War for a Cent at Elbow Lake. WASHINGTON, Oct. 13.—It leaked out at the postoffice department this afternoon that there is a nice little row on over the attempt of Alliance for Progress H. Hendricks, the postmaster at Elbow Lake, Minn., and appoint H. N. Sanford, who is said not to have voted the Republican ticket for the past six years. It seems that this row has been on since July, and that both Sanford and Hendricks have been asked to take sides in it.

NEW YORK DIRECTORS HAVE FAITH IN THE MEN. NEW YORK, Oct. 13.—The directors of the New York Base Ball club have reached a decision upon the charges of crookedness in the management of the club in the closing games at Boston. It is agreed that the New Yorks were undisciplined prior to and during the game by the poor condition of Buckley, Ewing and Richardson. It was unwise to have arranged the two extra games in Boston because of the disabilities and the absence of Russe and Connor.

FOOT BALL MEETING. The meeting held at the Windsor hotel last night for the purpose of organizing a foot ball team was very successful. A great many were present and the following team was chosen: Sam Bredt, Tom Turnbull, Cy Jefferson, John F. McCarthy, Eugene Melady, Joe King, Charles McCarthy, Lester Mahon, Jerry Prendergast, Percy Hottel, Appily and Bronson. All the above have played the game before and will go into active training at once. Games will be arranged with the Minneapolis team and university, and most likely with Ann Arbor.

OVERCOAT STOCK AT ITS MAXIMUM. Neat, jaunty, cheap at the "Plymouth."

LACEY'S SUGGESTION. HE WOULD TRAIN BANK EXAMINERS AND RECEIVERS.

WASHINGTON, Oct. 13.—Comptroller Lacey has expressed himself in favor of establishing a training school for bank examiners and bank receivers, and he may make such a recommendation in his annual report. The difficulty in finding proper men, thoroughly equipped, without personal or political influences, and of sufficient standing in the community to inspire confidence in the public, is the chief reason for the appointment of receivers for banks and is an argument that strongly appeals for a change in the method of appointment of receivers. In a lesser degree it applies also to bank examiners.

SCHUNEMANS AND EVANS IMPORTANT FACTS!

87 and 89 E. Third Street. The Dispatch says that owners of real estate, on account of the good crop prospects, are stiffening in their prices. But that is not the case with us. We are selling cheaper than ever before, and we intend to keep it up. We have a large amount of the best property, and we are going to give somebody else a chance to make money on it. Property that is for sale at all is really 50 PER CENT cheaper than it was a year ago, and there is no use denying it. The hoarding up of money all over the world, as a consequence of the London panic of last December, was the cause of this fall in prices, and the continued scarcity of money since then has kept them from rising. This is really a good thing for us all, for it gives people a chance to buy cheap and make money, and will bring an activity very soon. Hence, when the money comes in from the crops towards the end of the winter, there will be an active market, and prices will soon rise; so buy now, while you can.
