# FLOUR CITY SOCIAL.

Weddings Continue to Be Chronicled With Remarkable Frequency.

Afternoon Receptions About the Only Society Diversions at Present.

Next Week the Flower Show Will Claim the Attention of Ladies.

Resume of the Whirl and an Outline of Everything of a Social Nature.

Last week was quiet in society. There were a few weddings and some afternoon receptions, but little more. The Mattowah club formally opened the season with a ball in its hall and the Berkeley, the new hotel on First avenue south, was thrown open to a reception. The Berkeley reception came Fr day night and fittingly closed a week that had not been very fast. Next week the society leaders will spend a good deal of time at the crysanthemum show. That exhibition promises to be one of the most interesting exhibitions ever seen in the Northwest. Flower shows have never been common up in this country. The first pretentious show was held last year, and it was a success. This one is expected to be far superior to that of last season. The ladies of the top wave have taken up the idea and it is thought that they will make it a swell affair in more ways than one. The benefit to be given C. A. Parker at the Grand to-morrow night will undoubtedly be a full dress affair. The boxes have all been sold to the best people in the city, and none of those who consider then selves in society will be unrepresented. Many of St. Paul's ballroom leaders have made arrangements to come too.

ter, is an easier food than butter. Scott's Emulsion of cod-liver oil is an easier food than cod-liver oil. It is rest for digestion. It stimulates, helps, restores, digestion; and, at the same time, supplies the body a kind of nourishment it can get in no other way.
