DEVoured BY WOLVES

Three Children Meet a Horrible End at New Brighton.

The Surrounding Country Is Overrun by a Pack of Wolves.

Wolf Hunt Organized for Sunday to Clear Out the Animals.

Only Meager Details to Hand of the Fate of the Children.

Three children killed by wolves within ten miles of the city of St. Paul. Such is the story which reached the city last evening from New Brighton.

The information was received by W. H. Shea in a letter from his brother. It reads: "There is going to be a wolf hunt here Sunday next. The wolves have killed three children about four miles from here and twenty-five men went out on a hunt without hounds and saw about 125 wolves. We shot eleven. They nest in a swamp near this place—on rolling hills, New Brighton. We want 200 people out here, if possible, Sunday to surround the nesting grounds and capture the wolves. Come on Saturday night, for we will start for the grounds about 4 o'clock Sunday morning. Fetch hounds. There is \$30 reward for the man who shoots the most wolves. This neighborhood is full of them. Mr. Shea testified to the authenticity of the letter. He visited the district a little over a week ago and heard great complaints respecting the depredations of the wolves. New Brighton is in the northwestern corner of Ramsey county. Four miles from New Brighton, where the three children are reported to have been devoured by wolves, is near the Anoka line. The fires up in the pine country forced the wolves down into this county, and in the district where the wolves are reported so strong there is an immense sheep ranch. A great many thousand sheep have been herded there all summer and fall. Mr. Shea states that his brother recently informed him he shot fifteen wolves in one day. He is going to make up a large party of hunters and with several hounds proceed to the scene on Saturday preparatory for the hunt Sunday morning.

COMMEND HIS WORK. What Is Being Accomplished by the City Bible Agent.

Messrs. H. K. Taylor, C. B. Wilcox and W. L. Wilson have addressed a communication to the public indorsing the work of Rev. H. E. Young. They say: "Rev. H. E. Irmscher, so long and so well known as Bible agent, and city missionary of St. Paul, having resigned to enter the executive committee of the Ramsey County Bible society, elected Rev. H. E. Young of Le Sueur to fill the position made vacant by the removal of Mr. Irmscher. Mr. Young returned to St. Paul and commenced his work in the western part of the city early in October. He has visited 333 families and found among them ninety-six families who did not attend church at all or were very irregular in their attendance. These were entirely unacquainted with the Bible and with no regard to any particular language. The object of his work is to supply with Bibles and Testaments those who are without them, and to urge non-attendance on children somewhere. In visiting these families, Mr. Young inquires whether they have any choice for any particular language, and he refers them to the nearest church to their home.

RELIABLE WINTER OUTFITS. The great Plymouth Clothing House.

AN ISABELLA CLUB. A number of ladies congregated in the parlors of the People's church yesterday afternoon to organize an Isabella club for the study of Spanish-American history, literature and art. The club is a branch of the Isabella association, an organization which includes all departments of woman's work, and has for its object the erection of a statue to Queen Isabella, to be unveiled during the world's fair. Harriet Hooper is the person selected for the work. The association will hold an extensive social and business meeting for the members of the association. Women all over the United States are organized in such clubs, and Minnesota promises well. Miss Virginia Baker, Mrs. L. C. Gould and Mrs. O. B. Flint were appointed committee on the work. The club adjourned to meet again at the same place in a fortnight.

ECONOMICAL WINTER OUTFITS. The great Plymouth Clothing House.

SCORCHED AGAIN. The Clifton Hotel Has a Narrow Escape From Burning.

Though the fire department was pretty well tired out with their work at the big fire on Third street, they were ready as usual to respond to alarms. Yesterday evening about 7 o'clock a fire broke out in the rear of the Clifton hotel, which had a narrow escape from serious damage. The fire had broken out in the cellar beneath the bar-room, and the flames ran up between the wooden partitions reaching to the second floor. When the apparatus arrived the building was filled with smoke and the flames were making a scurrying in all directions to leave the building. The firemen were compelled to chop away a portion of the floor in rear of the bar and tear down partitions which ran up the walls in order to reach the burning timber joists. Shortly after the apparatus had gone home the fire broke out again, and another fire was made in the hotel, a stream from a chemical engine put out the blaze in short order. The damage amounted to \$25.

Catarrh. Is a constitutional and not a local disease, and therefore it cannot be cured by local applications. It requires constitutional remedy like Hood's Sarsaparilla, which, working through the blood, effects a permanent cure of catarrh by eradicating the impurity which causes and promotes the disease. Thousands of people testify to the success of Hood's Sarsaparilla as a remedy for catarrh when other preparations have failed. Hood's Sarsaparilla Did Him Good.

"I have been troubled for the past few years with catarrh, and have never received the least benefit that I can see, from the many so-called catarrh cures. Of late I have been taking Hood's Sarsaparilla and can honestly say that I feel much better. My general health is certainly improved. I know Hood's Sarsaparilla to be a good medicine." H. A.
