Weather—Fair and warmer. Republican convention to meet May 5. Marie Nevins Blaine answers J. G. B. Capt. Castle becomes postmaster. Man killed by North St. Paul motor. Dannie Needham whips Jack Burke. British Tories lack discipline. Painters and bosses at outs. Wilnot bats Thayer at billiard. Seven persons killed in Wisconsin. Tacoma has a social sensation. Jobbers hunting for farm hands. Auditorium gets another black eye. Capri beaten in reinhardt. Fight for bread at Vienna. The Grecian missionary dismissed.

Price changes were small and dealers quite dull on change at Chicago yesterday. A conflict of interest. March wheat closed at 85c. May at 90c. March corn was quoted last at 41c. May 42c. June 41c. May cotton at 12c. Pork closed at \$11.20. The New York stock market lacked life or animation, and showed no strength compared with Monday's trading. Nearly every stock showed fractional losses on the day.

ing the vote of Otter Tail county in that year, compared it with the vote given President McKinley. He then went on to say that were it not considered good policy in politics sometimes to return good for evil he would be in favor of calling the convention on the basis of the actual Republican vote as last year. He thought that it was not a good time to either increase or decrease the representation accorded the counties.

A. D. Stephens, of Polk, and Secretary Blaine also opposed the action, and finally a vote was taken on the question, those favoring a larger convention voting yes and those opposed no. The vote counted as follows: Yes—Tasew, Goodnow, Taylor, Rich, Thompson, Koerner, Winchester, How—8. Yes—Howe, Clough, Buckman, Greer, Stephens, Franzy, Edwards, Knudson, Adams, Sulphur, Bixby, Bixby—12. The vote counted as follows: Yes—Tasew, Goodnow, Taylor, Rich, Thompson, Koerner, Winchester, How—8. Yes—Howe, Clough, Buckman, Greer, Stephens, Franzy, Edwards, Knudson, Adams, Sulphur, Bixby, Bixby—12.

The Hennepin man advocated that the convention be made double the size of the state convention of 1890, which contained 450 delegates. That convention was held according to the following resolution: Resolved, That each county polling 90 or more votes for the Republican party shall be entitled to two delegates at large; those polling less than 90 votes one delegate at large, and one delegate for each fraction over 45. Mr. Goodnow's proposition was that each county polling over 500 votes in 1888 be entitled to two delegates at large, and in addition one delegate for each fraction over 100. This motion of Mr. Goodnow was passed by a vote of 100 yeas to 50 nays.

Mr. Goodnow—Hennepin 89; Ramsey 54. The total, 143. Chairman Heatwole—Would not Hennepin have about 94? Mr. Goodnow—Under my resolution there is no difference in the proportion in Hennepin and Ramsey counties than in the case of two years ago. The number of delegates is exactly doubled, and the only argument that he made against it was that it was a violation of the constitution. He thought to have been under the influence of liquor.

Now the Independents. HENNEPIN, S. D., March 1.—The Independent state central committee meets tomorrow afternoon to name the place and date for a state convention to name delegates to the national convention at Omaha in July. The general belief is the committee will decide to issue a call for a delegates convention. Also to choose candidates for state offices.
