

## THE HUMORS DOWNED

Nushka Bowlers Still Retain Possession of the Globe Trophy.

George O. Nettleton Narrowly Misses Beating Ordway's Great Record.

The Humors Beaten by One Hundred and Fifty-One Pins.

University Players Will Next Tackle the Skillful Nushkas.

But for a little hard luck in the eighth frame G. O. Nettleton would last night have easily exceeded the highest individual score for any game in the regular series for the DAILY GLOBE emblem. As it was, he chased it mightily close. Ordway has the 229 record, but Nettleton came within three pins of him last evening.

It was the first game in the challenge series for the emblem. The Nushka and the Humors

five were the contestants, and the occasion attracted a large crowd of zealous admirers of the sport to Foley's alleys. While the Nushkas were on the mark they had set on two previous occasions, they played a speedy and winning game of ten pins, exceeding the record of the

tal score of any other competing club. The Nushkas displaced 968 pins and the Humors only 817, also much below the high-water mark of the latter aggregation. But it was one of the pleasantest games, from a social standpoint, ever bowled on an alley. Capt. George Benz did the honors with an easy grace.

It doesn't require much space to give the features of the struggle. The Nushka boys took the lead in the very first inning by opening up a wide gap. This they increased in the next, but the Humors made it to the sixth. Then the Nushkas pulled themselves together and encompassed the biggest feat of the entire bowling season by knocking down 103 pins in the sixth. **Challenge Game Postponed.**  
When the game between the University team and the winners of last evening's game in the challenge series for the DAILY GLOBE emblem was announced for this evening Mr. Foley was in Chicago, and it was not known that he had leased the alleys for that evening to a recently organized club. Upon his return yesterday he hastened to inform the GLOBE of this fact, and a postponement of one day for this challenge game is necessary. It will be played tomorrow evening, and the Enterprise club will play the victors the succeeding evening.

## NEW ROADS FOR IOWA.

An Extensive One Projected Outlined Briefly.

SIoux CITY, Ia., March 22.—Articles of incorporation for the Sioux City, Chicago & Baltimore Railroad company were filed here today. The new company propose to build a new road from Sioux City to Chicago, passing through the Iowa River valley, and connecting with the Chicago & North Western at Chicago. The road would be 100 miles long, and would cost \$1,000,000. It would be a great benefit to the state, and would be a great benefit to the people.

## WHEAT IN HIS EYE.

A Grain Sprouted and Grew in a Hoosier's Skull.

GOSHEY, Ind., March 22.—John Souley, living near South Bend, followed threshing in season and quit last September with a badly inflamed eye, which has since been continually sore. Yesterday he decided to consult an oculist, who found that a grain of wheat had lodged in his eye, sprouted, and grown to the size of a pea. The grain was removed, and the eye is now healing.

## Not to Be Prosecuted.

SIoux FALLS, S. D., March 22.—Word has been received from United States District Attorney W. B. Stedwell, at Huron, to the effect that the Louisiana lottery cases will not be tried at the April term of the United States district court. This conclusion was reached because of instructions from Attorney General Miller, who wires that the lottery is going out of business and that it will not be necessary to prosecute.

## Fava May Come Back.

ROME, March 22.—It is stated that Sgt. ## ATHLETES, ATTENTION

St. Paul Gentlemen Interesting Themselves in Muscular Development.

With Proper Encouragement They Will Hold a June Field Day.

Manager Thompson Returns From Chicago Enthusiastic Over His Team.

Hints About Some of the Men --Games With the Flour City.

The great success of the bowling tournament, which has sent four-fifths of the male population of St. Paul to the alleys to develop their muscles, and incidentally their ability to make ten strikes, has set several gentlemen interested in sports in general to considering over the desirability of organizing a Northwestern athletic association, with a view to holding a great field day here late in May or early in June. A number of these gentlemen met yesterday afternoon and canvassed the situation, and later in the week it is expected that another meeting will be held at which officers will be chosen, and the preliminary arrangements made for the proposed big event.

Minnesota already has many clubs, and hundreds of others could be developed if their latent energies could be aroused by preparations for some such event as is outlined. Of course, it is yet too early to state what the scope of the contests will be, but the gentlemen who have interested themselves in the matter have not yet decided just what to include, but the GLOBE is authorized to state that opportunities will be given for tests of prowess in almost every kind of outdoor sports.

Among the contests suggested are tugs of war between teams from wholesale houses, between mail carriers of the Twin Cities, between firemen and policemen, between teams from cities of the state and between Hamline and University of Minnesota students, 100 yard, quarter mile, half mile, one mile and five-mile running races; one hundred and twenty yard hurdle race; putting the shot, throwing the hammer, running high jump, running long jump, pole vaulting, a mile steeplechase, one and one-half mile, three-mile, five-mile, ten-mile, and sixteen-mile races. Besides these, it may be concluded to put in one or more short amateur sparring matches. It is proposed to give valuable medals to the winners of the various contests, and to present Northwestern champions in all contests, and it is hoped sufficient rivalry will be developed to equal or break some of the records made at Eastern centers. Minnesota has been lagging in recent years in the development of athletics, and the GLOBE hopes that this awakening will extend to every corner of the commonwealth; that the field day may be held and be a great success, not only this year, but in many succeeding years, and that our muscular young men may soon be heard of beyond the bounds of the North Star state.

## BASE BALL IN ST. PAUL.

Manager Thompson Happy Over the Outlook.

Manager Thompson, of the St. Paul Western league team, has returned from Chicago enthusiastic over the outlook for both the league and his team. He says the aggregation which he is to pilot through the season is the third which was made up by the playing committee, and he regards it as one of the very best he has ever seen. He has eight cities. Speaking of the players individually, he said: "In Sutcliffe I have a catcher I would not exchange for any other catcher in the league. He has a great head, plays ball all the time, hits the ball hard and throws well a bases. Collins is a younger man, but is a corner. He is quick on his feet, very accurate and a good striker. I have seen it stated that my pitcher was my weak spot. Their pitcher, Cunningham is one of the strong pitchers of the league. He has won his spurs in many a well-contested battle, and he is in excellent condition for the season which will open three weeks hence. Keefe is a young pitcher who has done himself proud on the diamond in Baltimore and elsewhere in the East. He is not the man who has been seen in a Denver uniform the past year. Wadsworth played in one of the minor leagues last year, and made a record to be proud of. In Motz I have the very best first baseman in the league. In fact, nearly every player in the other seven cities offered to exchange with me. He is a terrific batter and covers his position in splendid shape. Of course, every attendant of games in St. Paul knows Alvord. His work about third base is far above the average, and the way he hits the ball at times strikes terror to the hearts of opposing pitchers. Holland is a very clever short stop. His fielding is of a high order, and he is hitting timely. Or Smith, the second baseman allotted to me, I know but little. I am watching the list of men signed by President Williams, and if any of them suits me better shows up I may sign him. In the outfield I feel sure I have a trio of winners. They can field, they can hit, they can run bases, and they are all full of the snap of youth."

"I have written all of my team to report here for April 1, and I expect to have most of them by that time. I have negotiated for a series of four or six games with the Minneapolis team, and the regular season of the league is now in progress, and I do not doubt the contests will occur. Possibly the old grounds on the West side may have to be used for a short time early in the season, as the ground is remaining frozen so late that it will be hard work to do the grading, since and grand stands building out on the hill in time for the opening game, April 22."

Some misapprehension has occurred about the matter of the public sale of the matter of the division of receipts. On holidays all receipts are pooled and each club gets one-eighth. After regular games receipts are divided 45 per cent each to the home and visiting clubs and 10 per cent to the secretary of the league. This last amount to be used in paying umpires and other general expenses. If 45 per cent of the receipts does not, however, amount to \$100, the home club must anyhow pay the visiting club \$100.

## HIT HARD AND OFTEN.

Billy Smith Knocks Out Billy Armstrong.

SAN FRANCISCO, March 22.—Billy Smith, a Boston lightweight, defeated Billy Armstrong, of San Francisco, in fourteen rounds at the Occidental club last night. Smith dropped Armstrong in the second round with a left in the face, and the latter remained on his knees until ten seconds had been counted. The claim he was counted out was not allowed. In the thirteenth Smith caught Armstrong with a pivot blow on the jaw, staggering him, and finally knocking him out with a right upper-cut.

## SCROFULOUS SORES

Lady Badly Afflicted Three Years, Tried Many Doctors Here and in England Without Benefit. Cured by CUTICURA.

My wife having suffered from Scrofula sores on the back for three years, and as she could not lie down at night, and she tried the doctors I could get, and also went to England to try and be cured there, and all of them failed, and told her she could do nothing for her; and having tried all kinds of remedies, I at last tried one box of your CUTICURA, and to-day she is as well as she ever was in her life, and her back is as clear as any person's I know of. For one can tell the difference between the only one I could find to effect a cure. W. J. WOODFORD, 25 S. W. 25th Street, Cleveland, Ohio.

## Swellings in the Neck

Or Gout, Permanently Cured.

One of the most stubborn forms of Scrofula is that of gout, which is not only a very distressing disfigurement of the face and neck, but causes great anxiety, because it is liable to develop into the painful and sickening running sore. Hood's Sarsaparilla has been

## Wonderfully Successful

In cases of this kind. Acting promptly upon the blood, it eliminates all impurity, and the swelling, thus deprived of its cause and support, soon disappears. Read this: "C. H. Hood & Co., Lowell, Mass.

"I suffered terribly with swellings in my neck, or gout, and spent an enormous amount of money for medicines, but to no purpose. I became completely discouraged. I read about Mrs. Anna Sutcliffe, of Kansas, breaking out on my right leg. The humor spread all over my legs, neck and arms, and I was unable to lie down in bed, had to sit up all the time, and was unable to walk without crutches. I had to hold my arms away from my body, and had to have my arms, back and legs bandaged by my faithful wife twice a day.

I had to hold my arms away from my body, and had to have my arms, back and legs bandaged by my faithful wife twice a day.

## Stomach Was All Out of Order

But the medicine soon corrected this, and in six weeks I could see a change in the condition of the humor which nearly covered my body. It was driven to the surface by the Sarsaparilla, the sores soon healed, and the scales fell off. I was soon able to give up bandages and crutches, and a happy man I was. I had been taking Hood's Sarsaparilla for seven months; and since that time I have worn no bandages whatever and my legs and arms are sound and well.
