

NOW ALL PLAY BALL.

The St. Paul Aggregation Is Nearly All Ready for the Fray.

Three of the Men Absent, but Will Arrive Some Time Today.

Brief Sketches of the Men Who Are to Wear St. Paul Uniforms.

A Team Which Ought to Play a Stiff Game of Base Ball.

MANAGER Thompson was around like a colt in May yesterday afternoon, wearing a smile only a little less than a yard wide. His ball players had been conning in in singles, pairs and triples all day, and at 5 o'clock he announced that they were all in town except Sutcliffe, Dugdale and "Pop" Smith. They are all on route, and the trio will be seen on the streets here before night if the weather be fair. "Billy" Alvord insists that Sutcliffe is walking in. He says the elongated catcher was seen on the railroad track a little west of north in the vicinity of La Crosse Friday and ought to arrive here at 11:15 today. Mr. Thompson is very much pleased with the aggregation that he drew out of the hat at Chicago, and asserts with great confidence that he has one of the very best aggregations in the league. All of the men who have arrived are in the finest kind of condition, and are eager for the fray. They express special desire to get at the young men who have been signed to wear Minneapolis uniforms. Among the men to arrive yesterday was Catcher Collins. This player will be retained, although with him Mr. Thompson will have too many catchers. The present intention is to play him in the field when Sutcliffe is behind the bat and vice versa. This will keep Sutcliffe, a very heavy hitter, in the game all of the time. As Pettit, one of the fielders, has resigned, this will leave the team with twelve men, the number allowed under Western league rules. There was talk that Elmer Foster would be signed to play center field, but it is understood that this deal is off. Little later, if the club should develop weakness in the outfield, Dalrymple or Viner may be signed. The St. Paul-Minneapolis series has not yet been arranged owing to the eruptive disposition of the weather. With a few fair days, however, both the St. Paul and Minneapolis grounds will be in shape, and probably the opening game will be played at Minneapolis next Saturday afternoon, in which event there will be a contest on the St. Paul grounds the following day. Unusual interest is being manifested in these games, both on account of the rivalry between the Twins and the fact that there is so much new blood in the two teams.

A. M. Thompson, the manager of the St. Paul team, is a familiar figure in the Capitol City. He came here from Rock-

BROWNING, KING & CO., CLOTHIERS, HATTERS AND FURNISHERS, Seventh and Robert Sts., St. Paul, Minn.

ford, Ill., his birthplace, and has been identified with baseball much of the time since 1854. The latter part of that season he took the management of the local team and piloted it until the breaking up of the Northwestern league in August of that year. In 1887 Mr. Thompson thought of John S. Barnes a half interest in the St. Paul team and continued to have an interest in the team until the summer of 1890. Although having no money in the club since that year, Mr. Thompson has always taken an interest in the game, and saw last year's fiasco in this city with probably more regret than any other man in St. Paul. Mr. Thompson has had sufficient experience to make him a careful and successful manager.

Frank H. Motz, the young man who will hold down first base this spring, summer and fall, comes heralded as one of the best first basemen in the country. He is a thorough member of the American national game, and he is at home equally in his position, at bat or on base running. He first played professionally in 1889, when as guard in the bag No. 1 at Fort Worth he led the Texas league with an average of .292. In 1890 in the Interstate league he got a batting average of .330. Last year he was with the champion Portland Pacific coast team. Again he led the first basemen with an average in the field of .364, and had a batting average of .303.

Catcher E. E. Sutcliffe is something of a base ballist himself. He has several times been a member of championship teams, and always it was his sturdy backstop work that aided materially in sending them to the front. Sutcliffe is rather a deliberate player, but he is very accurate and so finely that he seldom plays a game through without being roundly applauded. His last work in the field was with the Washington American association team. His batting with that team was terrific, and he ended the season at the head of the list with an average of .385, beating out Dan McElroy by thirteen points. Sutcliffe's work behind the bat was also good, his average being .305.

Capt. "Billy" Alvord has been playing ball for several years, and he is writing a book on what he knows about the tricks of the game. Alvord is a member of the St. Paul's shortstop, and he is very accurate. On the bases he is fairly rapid, and is up to the average.

termed "forions." His pace is very rapid both in picking up a ball and in throwing it, and no grass grows around bag No. 3 while he is in that section of the field. At the bat he is a terror. He has a particular aptitude for the Minneapolis fence, and is chafing his bit uneasily for an opportunity to land one of Reach's best over it.

Pitcher John Wadsworth is young in the base ball business, being only twenty-two years old, but he has a great deal of experience. He has a good curve and plenty of enthusiasm in. Last year he was with the Portland Pacific Coast league. He pitched in fifty games for his club, with a fielding average of .902. Of the forty-two games that he pitched through, he won thirty-three and lost seven. He has been seen in the action he throws his adversaries into a paroxysm of fright, and has pitched wide open.

Pitcher Ellsworth Cunningham has already won his spurs in many a well-fought battle. At the time he was signed he expressed a great anxiety to be assigned to St. Paul, and was nearly tickled to death when he found he had been sent to the Minneapolis capital. He has been at work steadily in a gymnasium in the city of St. Paul, for the past month. He first appeared as a professional ball player with the Peoria club in 1887. In 1888 he played with the Brooklyn team and in 1889 went to Baltimore. In 1890 he opened with the Philadelphia brotherhood club and closed with the Buffalo International league team. Last year he played in Baltimore again. His batting average was .235, and he was one of the first men in the association in fielding. His weight is 120 pounds, and he is as quick as a cat on his feet.

Pitcher George Washington Keefe is a hardy youngster who comes to St. Paul from Altoona, Pa. He is not to be confused with the renowned Timothy Keefe of the younger Keefe, who pitched for Denver a portion of the International league team. Last year, however, G. W. Keefe, however, has had a lot of experience in the box with various Eastern clubs, and it is stated that he can pitch a lot of balls that the best of them have the hardest kind of work to solve.

age in batting. The GLOBE has it from inside sources that Holland is the spunkiest man on the team. Of Dugdale it is unnecessary to speak at length. He is a steady fielder and a fair hitter, and has been seen in St. Paul often in a Minneapolis uniform. Rogier has also been seen in St. Paul often. Collins is reported a good man, though little is known of him here. Donohue did excellent work last year in the Eastern league. "Pop" Smith, the second baseman, is well known here by reputation, though very few St. Paul people have ever seen him play. His fielding is pretty and strong, and his batting fair.

Scrap of Sport. Jack Newell, the captain and third baseman of the Toledos, was the victim of a peculiar accident in the eighth inning yesterday. Mullins was on second, and started to steal third. He made it by a head-first slide, but the boys were a close one. Catcher Time got the ball down to Newell just about the time Tony started to slide. Newell stooped down to pick the ball on him. Mullins, who had made a head-long jump, threw his feet up in the air. The heel of his left foot struck Newell full in the face. Strange to relate, it did not knock him down. He picked the ball up and threw it to the pitcher. Catcher Zimmer, who was on the coaching line, examined Newell, and found that his chin had been bruised.

A movement is on foot to induce Pfeffer to return to the Chicago club, now that Pipp, Lawrence and Latham have failed to cover second base properly. Toledo played its first game at Cincinnati Thursday last by a score of 8 to 3. Cincinnati papers, however, speak of the team very highly. Motz, of the St. Paul club, was known as "King" Motz in the Pacific league. Pitcher Rhines, of the Cincinnati, is laid up with a broken collar bone. Catcher Zimmer has signed with Cleveland for another season. Pitcher Dolan and Gastright have signed with Washington. Brodie has signed with St. Louis. His salary is \$2,000. Laidley will manage the Buffalo club.

MINNESOTA ATHLETES

They Will Be Given an Opportunity to Compete for State Championships. The North Star Athletic Association Duly Organized and Officered.

A Great Field Day to Be Given in St. Paul Early in June. W. W. Erwin Is Chosen President of the Young Organization.

ENTLEMEN interested in athletics in the Northwest should meet at the office of J. J. Ahern at 5 o'clock yesterday afternoon and organized the North Star Athletic Association. The central idea of the new organization is to assist as far as possible in the development of the athletic talent of Minnesota, and it has reached the conclusion that the best way to awaken interest is to give a great field day in St. Paul early in June, at which beautiful and valuable medals representing state championships will be given to many sporting events. Several St. Paul business men expressed their willingness to help out by giving, in addition to the regular club emblems, splendid trophies, the nature of which will be settled later on. After a half hour's enthusiastic discussion of the outlook for the big field day, in which the GLOBE was highly commended for its success in carrying through the bowling tourney, the election of officers was proceeded with, resulting as follows: President, W. W. Erwin; first vice president, Thomas Foley; second vice president, Alex McCulloch; secretary, J. J. Ahern. Mr. Ahern was authorized to go ahead with the preparation of a programme for the occasion, which promises to be the event of the season in Minnesota sports. Mr. Ahern will give the progress of his work through the newspapers from time to time, but he would be glad to receive letters or visits from Minnesota athletes at once. For the present he would be pleased to receive suggestions in regard to events which would be most likely to interest the public and best test the prowess of the contestants. The annual contests of some of the Eastern athletic clubs attracted crowds reaching from 20,000 to 30,000. Minnesota has lots of athletes, and, given this opportunity to train for a purpose, they will be sure to come to the front in large numbers. Mr. Erwin struck the keynote of the whole situation yesterday afternoon when he said: "One of the best signs of this age is the tendency of the young men to athletics. I am heartily in favor of any movement which will send our boys into the gymnasium and away from the highways and byways of evil."

Von der Ahe's Great Nerve. COLUMBUS, O., April 2.—President Von der Ahe, of the St. Louis Browns, second telegraphed President Williams of the Western league, offering to give Nicholson to the league, providing the Western would pay him the \$2,500 he gave Nicholson as advance money. The offer will not be accepted, as the president has no right to accept such terms. Nicholson probably will go to the Western anyhow.
