#### WORTHLESS NOTES.

Many of Them in the Inventory of Mr. Somerby's Iron Hall Depository.

The Bank's Securities in Several Instances Are Alleged to Be Utterly Worthless.

PHILADELPHIA, Aug. 27.—The inventory and appraisement of the estate of the Mutual Banking, Surety and Trust company, which recently failed, haveing on deposit \$720,000 of the Order of the Iron Hall, was filed today in court. Forty-wo notes which are past due, and many of them for small amounts, with no names given and no total of face value men tioned, are appraised at being worth nothing. Some of the notes range as high as \$1,800 and \$3,000 each, and the

balance are for smaller amounts. The appraisement concludes the following summary: Cash in bank, \$102,-121.32; securities owned, \$79,350; furniture, \$5000; commercial paper, \$94,861.89; demand call loans, \$50,000; time call loans, \$107,796. Total, \$434,629.31.

The securities under the items of \$50,000 demand collateral loans and \$107,076.

The securities under the items of \$50,-000 demand collateral loans, and \$107,076 for time collateral loans show some curious instances of the utter worthlessness of the bank's securities. Among the items under the head of demand call loans are certificates for 780 shares of the capital stock of the Kopikkek Soap company, of Pottsville, on which \$33,000 had been loaned. Face value on the same stock, the appraiser's report says, is without value.

Among the time call loans are 1.000 shares of the Dog Greek Placer & Mining company, Helena, Mont., face amount, \$1,000, appraised as worthless; 100 shares of the Mutual Underwriters company, of Rochester, N. Y., face amount, \$10,000, appraised as worthless; 40 shares of the same stock, \$1,500, appraised value worthless. There are also 66,000 first mortgage bonds of the Jamesville Street Railway company and \$38,000 of the capital stock of the same, the face amount of which is \$34,same, the face amount of which is \$34,-000, and which is supposed as being worthless.

& The appraisers also report that nothing can be realized on twenty-eight bonds of the Williams Valley Railroad company, face value \$11,000, and 200 shares of the Hillside Cemetery company, face value \$20,000. Sundry other of the securities are appraised at a figure far below their face amount. These include 469 shares of the Wyoming Villa Land company, face amount \$30,000, appraised value \$10,000. mortgage bond appraised value \$10,000; mortgage bond and warrant for \$30,000 on lot of ground and dwellings, Camden, face amount \$30,000, appraised value \$20,000; mortgage bond and warrant for \$30,000 on lot of ground in Kansas City, Mo., containing thirty-nine acres, face amount \$30,000, appraised value \$10,000; mortgage bond and warrant for \$19,000 on lot of ground and dwellings, Camden, N. Strange Miscarriage of the Law in California.

SAN FRANCISCO, Aug. 27 .- John Mc-Nulty, the murderer who has been in jail here for over four years u nder sen-Judge Murphy, who sentenced him, judicially dead, and yet he may never have the rope placed around his neck. McNulty was to be hanged yesterday, but the sheriff's counsel advised that official not to proceed, as the governor's reprieve did not specify the time of execution and that the pristime of execution and that the prisoner must be brought before Judge Murphy for resentence. The district attorney will now bring McNulty before Judge Murphy on Monday, but the jugde, speaking unofficially, says: "The time of execution having passed, McNulty, incontemptation of the law, is judicially dead. My court is done with him." If Judge Murphy adheres to this opinion when the matter comes before him judicially, then there is no power in the state to punish the murderer, even by imprisonment, and he will be set free.

#### WOULD REORGANIZE.

Inauguration of a Move to Revive Iron Hall.

INDIANAPOLIS, Aug. 27 .- Another im portant chapter was added to Iron Hall history today. Since the appointment of a receiver almost every train has brought to this city representatives of the Iron Hall in other cities sent here to see what was best to be done. Among the arrivals was E. J. Deckert, of New Orleans, who still believes in the principles of the order. He at once called several conferences of members, and tonight a statement was formulated calling a meeting in this city Sept. 12 of delegates of every Iron Hall branch in the country.

The object is to reorganize the Iron Hall by electing a new set of supreme officers and then appealing to the court to set aside the receivership on the ground that there is sufficient money to pay off matured obligations, and that a receiver was appointed because the order was being mismanaged, not because it was to this city representatives of the Iron

Suspicion Against Lizzie Growing Stronger as the Testimony Is Developed.

FALL RIVER, Mass., Aug. 27 .- The testimony in the Borden murder trial was continued today before an increasing crowd. The only new fact developed beyond the time of Bridget Sullivan's going and coming was that Miss Lizzie Borden was in the upper part of the house, near her mother's room, when Mr. Borden returned home and entered. It has been proved beyond question that the Borden home life was not all that would be expected in a family whose debts were paid, and whose wealth was

more than half a million. Warmed over mutton frequently served; fruit now and then; a daughter who did not dine with her father and mother, and who thus far has not been shown to have talked about her mother's health after a dangerous sickness; girls who for the most part lived in their rooms and said nothing of their going and coming. All these things are being discussed and are being commented on as giving strength to the government's
