before the picture, chewing tobacco, a joke made by a companion caused him to laugh so heartily that he swallowed some of the juice, which caused him to sneeze and eject involuntarily. The prisoner was acquitted.

Gen. Weaver is firmly of the opinion that Georgia crackers are just as low down as they are cracked up to be. They wouldn't let him talk, and that hurt him in his tenderest spot.

The Pittsburgh Judges threaten to strike on account of increased work through the Henderson business. Well, militia will doubtless be equal to the occasion.

Dr. Parkhurst is writing a book on how to save one's property from being stolen. He has already written the advance sheets on St. Paul's reform administration.

Mrs. Leas is described as peppery. We all know that other distinguished Kansan whom that adjective fits so perfectly. It must be in the Kansas climate.

The courts have decided that the father has the legal right to name the child, but the father's name will still have something to say about that.

McKinley was in Vermont. Couldn't the federal committee persuade him to come to Minnesota?

A Georgia Judge decides that a mule is a dumb animal. Didn't his honor know it was loaded?

Since Judge Conroy was renominated he has a little clearer idea of where he is at.

IN ONE SENSE PIERCE IS certainly the burning issue. The truth about the wheat robbers must be told to every farmer in Minnesota. The GLOBE's speaker fund will accomplish this.

Will you help? The popular subscriptions to the Democratic Speakers' Fund are still coming in with a general vigor that testifies to the interest taken in every section of the state in the success of Democratic principles and candidates in the approaching election.

COLLIDED WITH THE MOON.

Wonderful Phenomena Observed at Springfield, Ill. PATERSON, N. J., Sept. 27.-A frightful tragedy was enacted tonight in this city. Joseph Meltenbold, an old man, murdered his wife, shot and seriously wounded his stepdaughter and took the life of his infant child. Meltenbold occupied two rooms on Tottawa street. They were in moderate circumstances. Tonight's doing was the outcome of a settlement of judgment against Meltenbold. The bodies of the Meltenbolds are at the morgue. Mrs. Meltenbold is seventy-six years old and her husband seventy-four years.

KILLED ON A CURVE. An Express Dashes into a Hand Car on the Vandalla. SPRINGFIELD, Ill., Sept. 27.-A wonderful phenomenon was observed in the heavens this evening. Those who saw it declare that a bright body resembling the planet Venus, of a goodly size and brilliant color, was moving with astonishing rapidity toward the moon, which it struck with tremendous force, and seemed to burst like a bomb, darkening its light for an instant. The scientifically inclined explain it by saying a large meteor or comet came within the power of the moon's attraction and fell into it.

BETRAYED HIS PAST.

own people, selling himself to the monopolists, thus with one fell stroke destroying his own past and the results of his earlier efforts. We trust, however, that the people of the Fifth district will see through this base scheme, and not allowing their heads to be turned by this now tariff vote against the tool of the monopolists, S. G. Comstock. On the other hand, all who have the welfare of the district and the farmers at heart will vote for our brave countryman, the farmer, Kittel Halvorsen, for him and for nobody else. The live Republican congressmen who all betrayed the interests of the state of Minnesota by voting for the infamous McKinley bill that will allow candidates for re-election. But we do hope that not a

Single One of These Traitors will be returned to congress. Vote by all means for the Farmers' Alliance candidates, or for men in full sympathy with the Alliance and its cause. These men are: First District-Capt. W. H. Harris, Democrat and Alliance man. His opponent is the notorious corruptionist and machine politician, Mark H. Dunell. Second District-Gen. James H. Baker, Alliance man. His opponent is the Democratic candidate, M. S. Wilkinson, having withdrawn in his favor. Third District-O. M. Hall, Democrat. There is no Alliance candidate in this district, and Mr. Hall will thus receive that vote. He is known as our ablest and warmest advocates of low tariff in the state. Fourth District-Hon. J. N. Castle, Democrat. The Farmers' Alliance and the laboring men have made no nominations of their own, but will, to a man, vote for the Alliance candidate, S. G. Comstock, Democrat. The Farmers' Alliance and the laboring men have made no nominations of their own, but will, to a man, vote for the Alliance candidate, S. G. Comstock, Democrat.

Every one of these five men will be elected if the farmers and workmen of the state understand what is to their best advantage, and vote accordingly. The farmers thereby will secure a victory ever won in any state, thus giving the signal of the downfall of monopoly all over the land.

THE TIME IS RIPE. John Diamond Declares the Farmers Are Ripe for Reform. "Send speakers to every part of the state to expose this wheat rind and the people will give their votes to Lawler."

The Republican organs and the state central committee of that party cannot prevent the people reading the exposure of the great combine that has been making the very life of the farmers of the state for so many years, and their frantic denials of everything are reaching no one. The people are able to read and understand the testimony in this case, and no defenders of the wheat robbers will be able to deceive them. The people are now at the head of this article is from one of many similar letters received by the GLOBE. We have no space to publish how the people are receiving the wheat rind exposure.
