WHAT A SNAP THIS WILL BE FOR BUYERS!

E. HOLLOWAY, Auctioneer. ST. PAUL CARPET COMPANY

THIRD AND MINNESOTA STREETS, SOUTHWEST CORNER.

OPEN TO SETTLERS.

Nearly 2,000,000 Acres in Southern Montana Awaiting Occupation.

Only Mineral Lands and Indian Allotments Withheld From Settlers.

Each Homesteader Must Pay \$1.50 Per Acre Beside the Fees.

Persons Already on the Lands Given Time to File Their Claims.

WASHINGTON, Oct. 15.—President Harrison this afternoon issued a proclamation opening to immediate settlement the surplus lands of the Crow Indian reservation in Southern Montana, aggregating about 1,800,000 acres, ceded to the government under the agreement of Dec. 28, 1880, as modified by the agreement of Aug. 27, 1892.

Under the terms of these agreements the ceded lands, except mineral lands, must be disposed of only to actual settlers under the provisions of the homestead laws, except section 2,301 of the revised statutes, which gives to ex-soldiers and sailors the benefit of the time they served in the army or navy of the United States. It is provided, however, that each settler shall, before receiving a patent for his homestead, pay to the United States for the land taken by him, in addition to the fees provided by law, and within five years from the date of the first actual entry, the sum of \$1.50 per acre, one-half of which shall be paid

within two years. It is further provided that any person, otherwise qualified, who has attempted, but for any cause failed, to secure a title in fee to a homestead under existing law, or who made entry under what is known as the commuted provision of the homestead law, shall be qualified to make homestead entry upon any of these ceded lands.

It is further provided that all white persons who located upon the Crow reservation by reason of an erroneous survey of the boundary, and were afterward allowed to file upon their location in the United States land office, shall have three days in which to renew their filings. In all cases where claims were located under the mining laws of the United States prior to Dec. 1, 1890, by a qualified locator who believed he or she was so entitled on lands outside the Crow reservation, such locator is given thirty days within which to relocate his claim within the ceded limits of the reservation. The ceded lands constitute the western part of the reservation, all of which is opened to settlement except mineral lands and about 320 Indian allotments, which are reserved, the eastern portion remaining in reservation.

The Rush Begun.
HELENA, Mont., Oct. 15.—A big rush to the Crow reservation was reported today from Billings, Stillwater and other town on the road. The reservation contains nearly 2,000,000 acres, about one-fourth of which can be made very fertile by irrigation. Many homesteaders have been waiting for weeks to enter the reservation and take up land.

Appointed a Democrat.
WASHINGTON, Oct. 15.—President E. Benjamin Andrews, of Brown university,

A VANISHING CRISIS.

The German Army Bill Will Be Modified and Passed.

Extra Expenditure to Be Borne by the Whole Empire.

Sarcastic Radical Comment on the Submission of the Ministry.

An Exchange of Discourtesies Between Germany and Russia.

BERLIN, Oct. 15.—Public attention here is chiefly directed to the military bill, which not a single journal, except the government organs, supports. The recent pretty general belief that a crisis was impending in the Prussian cabinet, arising from the divergence of views in regard to the bill, has become greatly modified. Even the opposition now admit that there is little ground for any such belief. At a meeting of the Prussian cabinet no active opposition was offered to the measure. The minister accepted the bill on condition that the extra expenditure involved be borne by the empire, and not by Prussia alone.

Satisfactory End to a Diplomatic Strife.
WASHINGTON, Oct. 15.—The case of W. W. Ashby, the United States consul at Panama, who was charged with violating the quarantine laws of the isthmus, has been ended satisfactorily to this government, the government of Columbia and to Consul Ashby. Mr. Ashby has informed the state department that an apology tendered by him to the Columbian government was satisfactory to the authorities, and the state department has decided to accept this settlement of the affair. Mr. Ashby would have been arrested by the prefect of Colon but for his official position.

EXPRESSED HIS SYMPATHY.
The Papal Legate Visits the White House.

WASHINGTON, Oct. 15.—Archbishop Satolli, the papal legate, called upon Secretary Foster at the department of state just before noon today and had a short interview with him. He then proceeded to the executive mansion, where they saw Private Secretary Halford. The latter explained to him a message from the president expressing his regret at his inability to see him personally, on account of the exceedingly precarious condition of Mrs. Harrison. The distinguished visitor explained that he had called simply for the purpose of expressing his deep sympathy with the president.

WHY HE RUN AWAY.
The Consul at Hamburg Explains His Absence From His Post.

WASHINGTON, Oct. 15.—Secretary of State Foster has received the resignation of United States Consul Johnston, located at Hamburg. The resignation was brought about reports printed that he had fled from Hamburg for fear of cholera, while he claims that his departure was on account of an injury received from which he suffered greatly and that he was ordered by his physician to leave Hamburg. This explanation was made by the president.

Jerry on His Way Home.
WASHINGTON, Oct. 15.—Secretary Rusk left here for Wisconsin tonight. He will stop over in Chicago for a day or so and may deliver a political speech there.

DISPOSITION OF BONDS.

An Important Question to Come Before the N. P. Meeting.

NEW YORK, Oct. 14.—The Northern Pacific company is sending out proxies for its annual election Oct. 20, and lays stress upon the disposition of the \$3,477,000 consolidated bonds held in trust for the preferred stockholders. It also sends a letter signed by some of the most prominent houses in Wall street and by the attorneys for several important foreign houses in which the opinion is expressed that these bonds should not be sold at anything below 90 and accrued interest. If the bonds are sold, the net proceeds are to be divided as once as special dividends.

JAHNE IS FREE.
Sing Sing's Doors Open for New York's Boodle Alderman.

SING SING, N. Y., Oct. 15.—Henry W. Jahne, the so-called New York ex-boodle alderman, walked out of Sing Sing prison this morning a free man. He served six years four months and twenty-seven days of his sentence of nine years and ten months at hard labor. The prison is opened at 6:30, and fifteen minutes after that time Jahne was at the office receiving his possessions that he had left there when he entered the Sing Sing. He looked better than he did when walking the streets of New York. In fact, he has gained twenty pounds during his confinement in prison.

CHARGED WITH COMMON SWINDLING.
SPRINGFIELD, Mass., Oct. 15.—Christian K. Jagdt, a member of the Danish royal family in this city, is missing. His partner, Henry C. Denkin, charges him with swindling to the extent of \$800. His father belongs to the king's court, being secretary of the treasury of Denmark. Secretary Jagdt has been in congress forty-two years, and his family is said to be one of the highest of the royal house of Denmark.

Helped the Cause.
Special to the Globe.
RUSH CRY, Minn., Oct. 15.—Hon. John W. Willis, of St. Paul, delivered a magnificent address here this evening to the largest assembly of the season on the principles of Democracy. He was heartily applauded and made numerous friends for the cause. A torchlight procession preceded by the Rush City Cornet band, with the Democratic clubs, escorted Mr. Willis to the hall.

Shot in the Neck.
Special to the Globe.
ST. CLOUD, Minn., Oct. 15.—While out driving between Avon and St. Joseph, in this county, today, N. Marx, some way shot a young man named Gundrager. The two were friends, and just arrived from Fargo. The young man is wounded in the neck, and refuses to say how it occurred. He was taken to a St. Paul hospital.

Brained Democrats Nominate.
Special to the Globe.
BATHURST, Minn., Oct. 15.—A Democratic city convention was held in this city today, and a full city ticket was placed in nomination, as follows: Mayor, W. Henstead; treasurer, C. D. Johnston; assessor, E. M. Reilly. It is probable that the Populists will endorse the ticket at their convention on Tuesday next.

SETTLES SEVEN BOODLERS.
One of Toledo's Crooked Aldermen Found Guilty.

TOLEDO, O., Oct. 15.—In the case of John Daly, the member of the city council charged with bribery, the jury was out only about one hour, and returned a verdict of guilty. This is the first of the seven cases, and means a conviction in all of them. Daly's attorney immediately filed notice of appeal. The verdict gives universal satisfaction.

A Consul Charged With Forgery.
NEW YORK, Oct. 15.—Dominico L. Rinz, the consul in this city from Ecuador, is a prisoner at police headquarters, charged with forgery. He is seventy-two years old. The complaint in the affair is Hustave Preston, a merchant in Boston, representing Ecuador in that city as vice consul and engaged in the South American trade. Mr. Preston charges Rinz with forging his name to three notes for \$5,000.

Something to look out for.
The fraudulent imitations, dilutions, and substitutes that are sold as Dr. Pierce's genuine medicines, at less than the regular prices.

To protect the public from fraud and deception, these genuine guaranteed medicines are now sold only through druggists regularly authorized as agents, and always at these long-established prices.

Dr. Pierce's Golden Medical Discovery (for the liver, blood and lungs), \$1.00. Dr. Pierce's Favorite Prescription (for women's weaknesses, irregularities and ailments), \$1.00. Doctor Pierce's Pleasant Pellets (for the liver, stomach and bowels), 25 cents a vial.

But they cost you nothing, if they don't help you. They're guaranteed to benefit or cure, or the money is returned. They're the cheapest medicine you can buy for your family, for the good you get—but they're the best, too, and couldn't be sold on such terms.

OVERDUE STEAMER.

She Is Supposed to Have Been Caught in a Typhoon.

HONG KONG, Oct. 15.—Much alarm is felt in shipping and insurance circles regarding the steamer Bokhara, belonging to the P. & O. Steamship Navigation company, which sailed from Shanghai Oct. 8 with mails and passengers for Hong Kong. The officials said they supposed the machinery of the Bokhara had broken down during a typhoon in the China sea, and she was proceeding under sail. The steamer Bombay and the British cruiser Porpoise have been dispatched from Hong Kong to search for the Bokhara.

STIRRED BY ANARCHISTS.
Violence May Soon Occur at Carmaux.

LONDON, Oct. 15.—All eyes of France are upon the Carmaux strikers at present. The men have been out two months and are desperate, and the management, despite the popular outcry against it, refuses to yield. Anarchist agitators have all gone to the town district to stir the men to violence, and there is little doubt that dynamite has been smuggled into the houses of the Carmaux miners. Twenty dynamites are on the ground to hunt down dynamite plots, but so far have had no success. Everybody fears that the beginning of the beginning of a series of dynamite outrages such as kept all France in a tremble last April.

AN IMPARTIAL TEST.

Knights of Labor to Demand an Investigation of Carnegie's Armer Plate.

Pittsburg, New York and Chicago Assemblies the Leaders in the Movement.

PITTSBURGH, Oct. 15.—The Knights of Labor have determined to insist upon what they hold must be an impartial test of the armor plate now being made for the United States government by the Carnegie Steel company at Homestead. The local assemblies of Pittsburg, Chicago and New York have taken up the fight, and propose to demand, if necessary, the removal, on the ground of alleged incompetency, of the two government inspectors who have passed upon the plates turned out since the introduction of non-union workmen in the great steel plant. It is asserted that the armor plate which the government has accepted to arm the new Monterey is inferior grade of steel, and that it does not meet the requirements of the naval department's contracts with the Carnegie company.

Two of the most learned barristers at the New York bar have been retained to prosecute the investigation, and, if opposition is offered, a bill will be presented to congress at its next session asking that a congressional committee be appointed to make a thorough test of the non-union product, with a view to having it condemned and the Carnegie contract annulled.

The above information was obtained today from Hugh Dempsey, district master workman of D. A. No. 3, K. of L. Mr. Dempsey returned from New York last evening, where he has been sitting early in the week. He says the attorneys are now at work on the case, and will soon be in Pittsburg. He also said: "There will be no cash, no compromise about the affair. The New York assembly of the Knights of Labor and that of Chicago, too, are just as enthusiastic in the cause as we are."

ARMY REORGANIZATION.

The Two Emperors Have Several Interviews on This Subject.

BERLIN, Oct. 15.—Although Emperor William spent the greater part of his visit to Vienna in shooting and sight-seeing, he found time to have several lengthy private conversations with Emperor Francis Joseph. It is understood that these interviews were chiefly devoted to the discussion of army reorganization. Emperor William, it is said, obtained Emperor Francis Joseph's assurance that the lessons taught by the German experiment would not be ignored by Austria. The latter is really as much interested in the question as Germany, seeing that a two years' servitude necessary on political grounds, and which increased the yearly conscription without proportionately augmenting the peace equipment.

STRICKEN IN A THEATER.

Panic Caused by a Cholera Victim During a Performance.

BUDA PESTH, Oct. 15.—A highly exciting scene occurred tonight in a place of entertainment in this city. While the performance was in progress in the opera house, a woman, who occupied a seat in the gallery, suddenly became very ill, and every one in the house was attracted by her moans and struggles. In a short time it was discovered that she had been attacked with cholera. In a very short time the place was an uproar. The people rose from their seats in mass and a panic ensued. A rush was made for the doors, and in the mad scramble to escape many persons received deadly bruises. In the meantime the sick woman was left lying entirely unattended, and it was quite a

STOPPED THE TUG.

A British Craft Mistaken for a Smuggler.

SEATTLE, Wash., Oct. 15.—The steam tug Discovery was fired upon yesterday by the United States steamer Wolcott while both vessels were off Fort Angeles. The Wolcott had been on the lookout for four hours for a British opium-smuggling steamer. The tug Discovery, which had just dropped the barkentine George Perkins, outbound for San Francisco, was mistaken for a smuggler and chased by the Wolcott. The tug kept her course, not knowing that she was being pursued, until a shot from a cannon was fired across her bows. She then halted and was boarded by officers of the Wolcott. After a thorough search of the tug she was allowed to continue on her course to Port Townsend.

To Get Their Instructions.
WASHINGTON, Oct. 15.—The American delegates to the international monetary congress to be held at Brussels, secretary of state and the secretary of the treasury with regard to their duties and powers before the congress. The delegates have arranged to sail from New York on the 12th prox.
